NOTIFICATION

No. 3716M.P./2M-87/58.—28th August 1959.—Whereas by an Indenture, dated the 12th March 1946, a mining lease for winning and raising coal had been granted by the Government of Bengal to Manmatha Nath Roy of Jaiuti, district Jalpaiguri, on the terms and conditions mentioned in the said Identure in respect of an area of 800 acres, more or less, of coal lands in the Chel Range in Kalimpong Forest Division in the district of Darjeeling;

And whereas the said Manmatha Nath Roy, with the permission of the Lessor the Governor of West Bengal, assigned his interests under the said Indenture of Mining Lease, dated the 12th March 1946, in favour of M. K. Roy (Private) Ltd., subject to the terms and conditions contained in the said Indenture;

And whereas Shri S. L. Chakraborty, the Mining Adviser to the Government of West Bengal, was authorised by the State Government to make a local inspection on the 3rd and 4th March 1959 of the said coal mines and to examine all records, figures, returns, statements, etc., in connection with the working of the said coal mines and Shri P. K. Roy, Managing, Director of the said M. K. Roy (Private), Ltd., was duly informed of same and he was requested to be present personally at the colliery at the time of such inspection and to show to the said Mining Adviser all relevant records and figures, etc., as may be required by the said Mining Adviser;

And whereas the said Mining Adviser visited the mines and the office of the said colliery on the appointed dates but the said M. K. Roy (Private) Ltd., failed and neglected to produce the books of accounts or any other connected records, required to be maintained in the office of the mines, in terms of Clause 9 of Part VII of the said Indenture of Mining Lease for inspection of the said Mining Adviser;

And whereas it also appeared to the said Mining Adviser that there had been a voluntary intermission of work in the said mines during the period between October 1958 and February 1959, in contravention of the provisions contained in Clause 3 of Part VII of the terms of the said Indenture;

And whereas in the circumstances aforesaid the said M. K. Roy (Private) Ltd., was required to show cause why the said Indenture of Mining Lease should not be determined and the Government of West Bengal should not re-enter into possession of the said coal lands so demised in accordance with the provisions in Clause 2 of Part IX of the said Indenture of Mining Lease;

And whereas the said M. K. Roy (Private) Ltd., submitted an explanation which was duly considered and found to be wholly unsatisfactory and unacceptable by the Government of West Bengal;

Now, therefore, in accordance with the provisions of the said Indenture of Mining Lease and in particular the provisions of Clause 2 of Part IX thereof, the Governor of the State of West Bengal is pleased to determine the said Indenture of Mining Lease, dated the 12th March 1946 and the Deputy Commissioner, Darjeeling, is hereby authorised to re-enter into possession of the area of the coal lands so demised under the said Indenture of Mining Lease by the 7th September 1959 and thereupon all liberties, powers and privileges granted by the said Indenture of Mining Lease shall absolutely cease and determine, but without prejudice to any rights and remedy which have accrued in the meantime to the Governor of the State of West Bengal for breaches of the terms, conditions and covenants of the said Indenture of Mining Lease.

In the matted of an industrial dispute between Messrs. Krishna Silicate and Glass Works Ltd., Jadavpur, 24-Parganas (head office, 17 Radhabazar Street, Calcutta), and their workmen represented by the Krishna Silicate and Glass Workers Mazdoor Union, 48 Dharamtalla Street (1st floor), Calcutta-13. (Case No. VIII-C-140/58.)

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

Present:

Shri N. C. CHATTERJEE, Judge, First Labour Court.

Appearances:

For the Union: Shri Subodh Banerjee, M.L.A., Secretary, United Trade Union Congress.

For the Company: Shri P. K. Sen Gupta, Advocate, Shri H. L. Roy, Advocate, with Shri Ram Kumar Ghosh, Manager of the Company.

The Government of West Bengal, in the Department of Labour, by order No. 1328-I.R./IR/11L-89/57, dated 29th March 1958, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Krishna Silicate and Glass Works, Ltd., Jadavpur, 24-Parganas (head office, 17 Radhabazar Street, Calcutta), and their workmen represented by the Krishna Silicate and Glass Workers Mazdoor Union, 48 Dharamtalla Street (1st floor), Calcutta-13, regarding matters specified in the second schedule of the Act, to this Court for adjudication:—

Schedule

Whether the dismissal of Sarbashree (i) Subal Sarkar, (ii) Anil Roy, (iii) Suresh Dutta (iv) Ram Chandra Saha was justified? To what relief are they entitled?

AWARD

This is a case arising out of alleged illegal and unjustified dismissal of Sarbashree (i) Subal Sarkar, (ii) Anil Roy, (iii) Suresh Dutta and (iv) Ram Chandra Saha previously employed in Messrs. Krishna Silicate and Glass Works, Ltd., Jadavpur, 24-Parganas (head office, 17 Radhabazar Street, Calcutta), hereinafter referred to as the Company for the sake of brevity.

Decision

The representative of the Union at the commencement of the trial did not press the case of Anil Roy, workman No. (ii) and Ram Chandra Saha, workman No. (iv) since the dispute, so far as they are concerned, is said to have been settled out of Court. The instant dispute, therefore, concerns only two workmen—Shri Subal Sarkar, workman No. (i) and Suresh Dutta, workman No. (iii). The Court, therefore, confines itself to their cases. The Company's case is that a charge-sheet on the same lines was framed against these two workmen, and that there was a proper enquiry held with due notice to the workmen concerned, and the Company found them guilty at the domestic enquiry of the charge framed against them, and ultimately dismissed them as per letter, dated 24th December 1957 (Ext. J series). It is, therefore, urged on behalf of the Company that the Court should not interfere with the orders of dismissal passed in this case.

As against this, the Union urges that the allegations contained in the charge-sheet are absolutely false and that no notice of enquiry was served on these two workmen concerned, and in the result they were denied facilities to defend themselves at the enquiry resulting in violation of the principles of natural justice, and accordingly the charges are false and mala fide and the Company was actuated by unfair labour practice and ultimately reached a perverse finding and arbitrarily dismissed them.

Now let us look into the evidence. First, I refer to the charge-sheet (Ext. A) which recites that on 19th December 1957 at 5 p.m., the workmen concerned incited other workers to take part in an illegal strike, conducted in a way endangering the lives and safety of other employees of the factory. Their riotous and disorderly behaviour within the factory premises caused serious dislocation of the work. They per force and with threat of physical assaults to other workers of the factory allowed them not to work, as such there was a stoppage of work for a few hours in the Production Department. It may be stated that the charge against these two workmen is on the same lines. This was followed by a reply to the charge-sheet (Ext. B) in which the charge is wholly denied. Thereupon, it is urged for the Company that a notice (Ext. E), dated 21st December 1957 was served on the two workmen concerned on 21st December 1957. It is the case of the Company that these two workmen refused to accept the notice as evidenced by the report of Purnendu Sekhar Dutt (Ext. F), dated 21st December 1957. The gist of this report is that this witness Shri Purnendu Sekhar Dutt gave 4 notices to these two workmen along with two others, but they refused to accept the same. Beyond this report (Ext. F) on the side of the Company, there is nothing else to prove the service of notice on these two workmen. The Company then proceeded to form an Enquiry Board consisting of Shri B. Das Gupta, Technical Officer, and Shri B. Chowdhury, Chemist, as per Exts. G and G-1, dated 21st December 1957, authorising them to hold an enquiry and submit the report with their recommendations. Ext. H is the proceedings of the enquiry which consists of a series of written statements from 17 employees wherein there is the uniform statement that a about 4-30 p.m. these 4 workmen asked other workmen to close the work and there was a great hue and cry. In short, all these statements are exparte statements of the employees of the Company aiming at substantiating incitement caused by these two workmen to resort to an illegal strike. There is nothing in these written statements to indicate that these two workmen participated in the enquiry. Furthermore, these written statements do not inspire confidence, because they come from the employees who are members of the Karmi Sangha, a Union sponsored by the Company itself and because there is no love lost between the Karmi Sangha and the Mazdoor Union which is representing the workmen in this case. The Company has further produced a written statement (Ext. D) purporting to have been signed by about 61 employees in its attempt to prove the allegation of incitement caused by these workmen, to other employees to resort to an illegal strike. The enquiry held in this case was, as already said, exparte and the written statements of the witnesses (Ext. H series) are all statements coming from interested parties who are members of the hostile Union. Furthermore, there is no convincing evidence besides the report (Ext. F) which seems to be a got up one, to show that the notice of enquiry was properly served on these two workmen concerned. There was nothing to prevent the Company from sending notices under registered post to these workmen, and if in spite of that, the workmen had not participated in the enquiry, no blame would have attached to the Company. But the position here is different, because the Company did not at all serve any notice on the workmen, nor did it make any sincere effort to effect the service of notice on them. I am unable to hold on the evidence adduced that there was a proper and fair enquiry in this case. In fact, no enquiry was held, but there was a mere paper-report, and the result arrived at therein cannot bind the workmen, as there was violation of the principles of natural justice and the workmen got no facility or opportunity to defend themselves.

Next, I come to the charge itself. It is the case of the Company that this strike was confined only to the Production Department, but the evidence is discrepant on this score. O.P.W. 2, Shri Ananta Ram, says that there was strike in the entire factory in all the departments. In the Production Department, there were about 80/85 workmen, and the evidence of the Manager Shri Ram Kumar Ghosh (O.P.W. 1) and Shri Ananta Ram (O.P.W. 2) is that excepting these 4 workmen, all others remained silent. It is absurd to suggest that these 4 workmen by themselves out of 80/85 would dare create a disturbance where all others were not with them in the strike. It may be stated here that both the workmen—Shri Subal Sarkar and Shri Suresh Dutta were previously rewarded by the Company with a watch each for their good works, and there is no convincing reason to hold that these two workmen suddenly resorted to a strike and incited others to join the same as alleged. From the demeanour of the witnesses examined in this case on behalf of the Company, I am thoroughly convinced that the allegation of strike is absolutely false and that the Company was actuated by mala fide motives in drawing up these false charges against these 2 workmen along with 2 others who were active trade unionists, and the Company thus resorted to unfair labour practice in getting rid of these 2 workmen who brought into existence the hostile Union, whose activities the Company did not take in good graces. The decision of the Company in this case at the domestic enquiry is, therefore, interfered with, because the charge is false and the Company's action is tainted with mala fides from start to finish, and the alleged enquiry was nothing but a faked one in flagrant violation of the principles of natural justice and these workmen got no opportunity to defend themselves at the enquiry. I would, therefore, hold that the dismissal of these 2 workmen is unjustified.

As regards relief, the normal relief is reinstatement, because the Company victimised them out of mala fide motives on the plea of false charges sought to be established by false evidence, and the Company must be directed to reinstate them within a month of the publication of this award. As they were temporarily employed here and there, the Company is directed to pay them as compensation their wages for 4 (four) months at the rate last drawn by them for their unemployment, within the same period and treat their continuity of service as unbroken.

This is my award.

Present:

Shri G. KUMAR, Judge, Fifth Industrial Tribunal.

For the Workman: Shri Narayan Das Gupta.

AWARD

A dispute between Messrs. I.G.N. & Rly. Co., Ltd., and their employees was referred to this

Tribunal by Government order No. 5441-I.R./D/10L-116/56, dated 20th December 1956, read with order No. 1922-I.R./IR/10L-4/57, dated 7th June 1957.

During the pendency of the dispute before this Tribunal, the petitioner, who had been a workman of the Company, was dismissed from service for reasons not connected with the dispute with effect from 30th October 1957. The Company did not file any application under section 33(2) of the Industrial Disputes Act for approval of the worker's dismissal. On 4th December 1958, the workman filed the instant application under section 33A of the Industrial Disputes Act for his reinstatement and other reliefs.

A preliminary objection has been raised on behalf of the Company that the application is not, prima facie, maintainable, because he was not dismissed for a misconduct as contemplated by clause (b) of sub-section (2) of section 33 of the Industrial Disputes Act.

It is a fact that the workman was granted leave by the Company from 30th September 1957 to 10th October 1957, but on and from 11th October 1957, he started overstaying his leave without any intimation, and that on 29th/30th October 1957, the Company drew up a charge-sheet against him and put up a copy of the same on the Notice Board as he had been absent without leave or permission, and then he was discharged on 13th November 1957. That a charge-sheet was drawn up against him as alleged, and he was dismissed on 13th November 1957 on the ground of his absence without intimation since 11th October 1957, will appear from the documents marked Exbts. A and B. In the charge-sheet (Exbt. B), it was stated that he was dismissed for a major misdameanour as described in clause 7 of item No. 2 of Appendix D of the Company's Standing Orders. It was also stated in the charge-sheet (Exbt. B) that if he failed to comply with the direction given in the charg-sheet, viz., "to report himself to the D.L.W.O. within 48 hours of the receipt of the charge-sheet", he would be discharged as having left the service of the Company in accordance with sub-clause (b) of clause 5 of section 6 of the Standing Orders, and in fact, he was discharged under this provision (vide Exbt. A). In view of the mention of clause 7 of item No. 2 of Appendix D of the Standing Orders in the charge-sheet, Exbt. B, it has been contended on behalf of the worker that his dismissal was for a misconduct. The relevant portion of clause 7 of item No. 2 of Appendix D of the Standing Orders is that, overstaying the sanctioned leave for a period not exceeding eight consecutive days without sufficient grounds and proper and satisfactory explanation is a major misdemeanour. On a proper interpretation of this clause, it appears that a worker, who has gone on leave but has overstayed for a period not exceeding eight consecutive days, is entitled to join his duties, and if the Company wants to take any action against him for his overstying without leave, it can be done under the said clause 7, but the Company cannot forthwith dismiss him or refuse him permission to join his duties; while, an interpretation of sub-clause (b) of clause 5 of section C of the Standing Orders shows that a worker, who has overstayed his period of leave for a consecutive period of more than eight days, is not entitled to rejoin his post, and the Company has a right in such a case to terminate his services and he would be regarded to have left the service of his own accord. Thus, it seems that if the case of a worker comes under clause 7 of item No. 2 of Appendix D, he will have a lien of his service, subject to the Company's right of any action that can be taken against him as provided in the said Appendix D, while a workman, whose case comes under sub-clause (b) of clause 5 of section C of the Standing Orders, will have no lien on his service and the Company has a right to terminate his services as provided in the said sub-clause (b) of clause 5 of section C of the Standing Orders of the Company.

As a result, it is held that in the instant case, the Company had a right to discharge the workman under sub-clause (b) of clause 5 of section C of the Standing Orders and it actually terminated his services according to that provision and so, he having not been discharged or dismissed for any misconduct, has no locus standi to apply against his order of dismissal under section 33A of the Industrial Disputes Act. It is to be observed that the Company did not filed any application before this Tribunal under section 33(2)(b) of the Act for approval of his dismissal, as that was not necessary as he had not been dismissed for any misconduct.

The workman contends that he could not rejoin his duties after the expiry of the period of his leave sanctioned to him as he had been arrested by the Police. The truth or otherwise of this fact, and the relevancy thereof regarding his dismissal, need not be considered by this Tribunal in this case, in view of the fact that he is not entitled to challenge his dismissal by way of the instant application under section 33A of the Industrial Disputes Act.

As a result, the application under section 33A of the Industiral Disputes Act is rejected as non-maintainable.

This is the award of this Tribunal.

The Government of West Bengal, in the Department of Labour, by order No. 3605-I.R./IR/11L-481/57, dated 17th September 1957, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Hardeodas Ganeshnarayan, 193/2 Harrison Road, Calcutta, and one of their workmen, Shri Baijnath Sukla, represented by Barabazar Jamadar Sangh, 90 Lower Chitpore Road, Calcutta-7, regarding matters specified in the second schedule of the Act, to this Court for adjudication.

Schedule

Is the dismissal of Shri Baijnath Sukla justified? To what relief is he entitled?

AWARD

This dispute is over the dismissal of a durwan named Shri Baijnath Sukla by Messrs. Hardeodas Ganeshnarayan of 193/2 Harrison Road, Calcutta, hereinafter referred to as the Company for the sake of brevity.

The Union contends that he was a permanent durwan from 1952 up to 29th August 1956 when he was abruptly dismissed without any notice, charge-sheet, enquiry or whatsoever.

The Company contends that it is an individual dispute and Barabazar Jamadar Sangh not being a Union for the workmen of the Company, has no locus standi to represent the workman. Secondly, it is contended that the workman was not an employee of the Company, but he was a domestic servant of Shri Kishanlal Todi, a partner of the Company and that Shri Baijnath's demand for higher wages having been refused by his master—Kishanlal, he voluntarily left his job.

Thus the points for determination are:—

(1) Was Shri Baijnath an employee of the Company or a domestic servant of Shri Kishanlal Todi?

(2) Is this an individual or industrial dispute? Has Barabazar Jamadar Sangh any locus standi to represent Shri Baijnath?

(3) Is the dismissal of Shri Baijnath Sukla justified? What relief is he entitled to?

Decision

Point No. 1: The Company disowns Shri Baijnath Sukla as its employee and has proved Account Books (Ext. A-series) from 1952-1955 to show that nowhere the name of Baijnath occurs. Curiously enough, the Company does not maintain attendance register, nor pay register. I am doubtful of the truth of this statement. The presumption is that non-production of these registers speaks against the Company. If the same were produced, the name of Baijnath would have been found therein. I do not believe Company's allegation that Baijnath is a domestic servant of Kishanlal Todi. In order to prove that, the evidence of Kishanlal would have been the best evidence, but that also is not produced. The Company, it is obvious, has not laid all their cards on the table. Having regard to the evidence, I hold that Shri Baijnath Sukla is an employee of the Company as a durwan and is "workman" within the meaning of section 2(s) of the Industrial Disputes Act.

Point No. 2: Next, it is considered whether the Barabazar Jamadar Sangh has got locus standi to represent the workman? The evidence of Shri S. Pandey, Secretary to the Sangh, is that out of 6 employees of the Company, 4 are members of the Jamadar Sangh. The Company's suggestion is that no other employee of the Company is a member of this Sangh, but the Sangh did not produce the register to show if any other employees of the Company are its members. Non-production of the register in the circumstances weakens the Union's statement that 4 employees of the Company are its members. The workman's evidence is that 4 employees including him are members of the Sangh, but there is no documentary corroboration. Thus the fact remains that there is nothing tangible to prove if any other employees of the Company are members of this Sangh. On the other hand, the evidence of Shri Mangilal (C. W. 1) is that there are 8/9 employees, viz., (1) Radha Mohan Saha, (2) Mukul Behari Das, (3) Suresh Das, (4) Mangilal, (5) Upendra Kumar Das, (6) Madhusudan Mahabir, (7) Sankar Das, (8) Ayudh Behari and (9) Radheshyam of whom 4 are Jamadars. There is no proof that any of the employees of the Company are members of this Sangh, nor is there proof that the major number of employees espoused the cause of the aggrieved workman. That being so, the dispute remains an individual one (vide Express Newspapers case reported in 1959 L.L.J. Vol. 1 page 600). Thus this being an individual dispute, the reference is incompetent, and the Court cannot entertain it.

Point No. 3: This does not call for any decision in view of my above findings.

This is my award.

AWARD

Issue No. 1: The Union's case is that the Company is a highly prosperous concern having for its business manufacture and sale of cigarettes, and it employs roughly about 500 salesmen for the selling of its articles, and the salesmen play a very important role in pushing and popularising the products and, as such, their services are indispensibly necessary in the interest of the Company. There is one Trade Union of the Company's employees in the name of B. N. Elias & Co., Ltd., Employees' Union. It is said that the B. N. Elias & Co., Ltd., is the Managing Agent of Messrs. National Tobacco Co. of India Ltd. The Union's further case is that the salesmen of the Company are all members of the Union, and it is a representative organisation of all the workmen of the Company. It is also said that the Company is not in a good terms with the Union, and it is following the policy of disrupting and discrediting the Union. It is added that by an order, dated 30th April 1951, the Company terminated the services of the sixteen salesmen of Calcutta office with effect from 1st May 1951, declaring them to be surplus. The Territorial Manager called the salesmen one by one and handed over some proposed new terms and said that unless they accepted the new terms with effect from 1st May 1951, their services would be dispensed with from the said date. The matter became an industrial dispute and it was decided by the Sixth Industrial Tribunal which held that the discharge of the salesmen for not accepting the new terms was unjustified. The Company's appeal against that decision was also dismissed by the Hon'ble Labour Appellate Tribunal of India on 3rd September 1953.

It is also mentioned that in 1951 the Company discharged all the local salesmen of Calcutta area and advised their stockists to re-employ them directly under them. The result was not satisfactory as it was found that the stockist employed the salesmen for pushing their other articles carrying high percentage of commission, neglecting the articles of the present Company. The

Company afterwards changed the plan, and the salesmen were brought again to their old posts in direct employment under it. Lastly, the Company by its notice, dated 31st July 1957, terminated all the fifteen salesmen, as mentioned above, upon a false and frivolous plea of commercial convenience and economy. It is said that in the year 1951 the Company retrenched eleven workmen in pursuance of its victimising attitude. It also dismissed Shri G. P. Sarathi, the then Joint Secretary of the Union, and by an award of the Tribunal, he was reinstated in his original post. Further, it is said that the Company disturbed the service conditions of all workmen in the matter of payment of bonus. This also became an industrial dispute. The decision of the Tribunal in this respect was against the workmen who were, however, advised to prefer an appeal before the Hon'ble Supreme Court against the award of the Tribunal. When the workmen were making preparations for the filing of an appeal before the Hon'ble Supreme Court, the Company in order to terrorise them terminated the services of the aforesaid salesmen by its notice, dated 31st July 1957. The Union's contention is that the retrenchment of these salesmen was mala fide, unwarranted and unjustified. It is also said that the salesmen previously got an award in their favour entitling them to a grade and annual increment which they did enjoy at any time before January 1957. The Company could not take the same in good light and thought it convenient to terminate their services any how, and had recourse to a false plea of reorganisation of sales through the stockists and thus they discharged the services of the fifteen salesmen. It is, in fact, bearing the expenses necessary for the maintainence of the salesmen under a new name Sales Promotion Allowance, and the same is being paid to the stockist and, as such, the so-called measure of commercial convenience and economy is nothing but a camouflage. The Union also states that the Company by following its anti-labour policy dismissed many of its workmen and it also acted in violation of the principle of "last come, first go".

The Company's case is that the salesmen in question are not workmen within the meaning of the Industrial Disputes Act, 1947, and, as such, the present reference is bad in law. Its further case is that the salesmen concerned were retrenched as they were surplus to the Company's requirement. It is also added that they were all local salesmen of Calcutta and had the function of maintaining contact between the distributors and the retail shops by going every morning to the distributors and obtaining stocks of cigarettes from them and taking such stocks to the retailers and supplying such retailers with such cigarettes or stocks as such retailers desired for cash, and then returning to the Stockists in the evening with the balance of stocks remaining with them and the price realised for the stocks sold. The Company found that this system did not work satisfactorily and from 1951 it has been seeking to replace the system and to evolve a more satisfactory system. The reason was that the local salesmen were the Company's employees, and the distributors or the stockists had no control over them, and they being paid monthly they had no real interest in performing their duties efficiently. Consequently in or about 1952 the Company discharged all its local salesmen and arranged with the distributors or stockists to employ them as their employees. This was also not found to be satisfactory inasmuch as the salesmen being the employees only of the distributors or stockists, the Company could have no control over their activities nor could it ensure that they were employed for the sale of the Company's own products and not for others. The Company accordingly adopted the policy of altogether abolishing the system of having local salesmen at all, thus making the distributors and stockists entirely responsible for promoting sales of the Company's products. It began the abolition of the system of local salesmen in Madras and the territories of South India in or about 1951 or 1952, and found that its sales and profits increased as a result of such abolition. The system of abolition of local salesmen was implemented in Madras, South India, Calcutta and the mofussil areas of North-East India. It would also take place in Bombay and its adajcent area. As a result of such abolition, the Company's monthly sales of cigarettes have greatly increased. They Company also found it difficult to sell the more expensive and profitable varieties of cigarettes, and it was noticed that the demand of the public was for the cheaper and less profitable varieties. To push the sales of the more expensive and varieties cigarettes the Company has decided to make reorganisation of the Sales Department on a more efficient and economic basis. The allegations of the Union that the salesmen have been victimised has been strongly denied by the Company. It has also been denied that the Company has attempted to frustrate and embarrass the Union and to curb all its Trade Union activities. It is also stated that the retrenchment of the salesmen in question has no connection whatsoever with the previous disputes adjudicated upon or with the success of the bonus dispute case. In short, the Company's case is that since 1951 it has been attempting to reorganise its sales establishment on an efficient and economic way and, in fact, the system of having salesmen was abolished in Madras and the whole of South India. Such abolition was found eminently successful. In consideration of that policy, the Company adopted it upon the local salesmen of Calcutta, and as a result of that the salesmen in question were retrenched. The Company states that this retrenchment was done for the sake of commercial convenience and economy, and the sales have been considerably increased since the salesmen in question were discharged. It, however, admitted that the Company previously discharged the salesmen in September 1951, and placed their services under the stockists and the said system not having proved successful, the salesmen were again appointed as employees of the Company. It is denied that the salesmen played an important role in pushing and popularising the products of the Company. As the maintenance of the salesmen was not found convenient, so the Company adopted the policy of altogether abolishing the system of having local salesmen at all, and it has made distributors and stockists entirely responsible for the promotion of sales, and an allowance has been given for the same. It is stated that as all the local salesmen of Calcutta were retrenched, no question of seniority arose. All the suggestions of the Union that the Company has retrenched the salesmen out of motives of victimisation or out of any mala fide or out of any anti-labour policy have been denied. It is also denied that there is any pretence in dispensing with the services of the salesmen or that the distributors are being paid the wages of the salesmen appointed by them in the name of Sales Promotion Allowance.

The question for adjudication is whether the retrenchment of the fifteen salesmen effected by the Management of the National Tobacco Co. of India Ltd. is justified, and to what relief they are entitled.

The aforesaid Company's business consists of manufacture and sale of cigarettes and other products, and in order to distribute its products, the Company has got stockists or distributors in different parts of India who are supplied by the Company with its cigarettes and other products upon a wholesale basis. The distributors or the stockists build up their connection and business with different retail shops in different villages and towns, such shops being the small shops of Panwalas and petty dealers. Previously the Company employed local salesmen who had the function of maintaining contact between the distributors and the retail shops by going every morning to the distributors and obtaining stocks of cigarettes from them and taking such stocks to the retailers and supplying such retailers with such cigarettes or stocks as such retailers desired for cash, and then returning to the stockists in the evening with the balance of stocks remaining with them and the price realised for the stocks sold.

Now the Company's case is that although they previously maintained the local salesmen, the system, however, was not working satisfactorily and since 1951 the Management was seeking to replace the system and to evolve a more satisfactory system. Originally, these local salesmen were being paid their wages direct by the Company but the distributors objected on the ground that they had no control for the same. The Company consequently in or about 1952 discharged all its local salesmen and arranged with the distributors to employ the same persons as their employees. Even this system was not found to be working satisfactorily as the Company detected that the distributors were employing the said salesmen for pushing the sales of their articles yielding more commission, thereby neglecting the pushing of the sales of the Company's products. Finally, the Company adopted a policy of altogether abolishing the system of having local salesmen at all, thus making the distributors and the stockists entirely responsible for promoting the sales of the Company's products, and as an incentive for the same, the Company agreed to give some money to the stockists and the distributors as sales promotion. In this connection I will refer to the evidence of O.P.W. 1., Shri T. K. Biswas, Deputy Chief Accountant of the Company at the Head Office. He has said in his evidence that before 1949 the Company had local salesmen who used to take stock from the distributors and go to the Panwalas to sell cigarettes and return the unsold stock to the distributors along with the sale proceeds and the accounts, and they were then direct under the employment of the Company and in 1951, the services of the local salesmen were transferred under the distributors, and it was due to the fact that the sales were not improved and the Company desired to find out ways and means to increase the sales, and the Sales Manager recommended that the services of the local salesmen should be transferred to the distributors. Shri Biswas, O.P.W. 1., has also stated that this arrangement was made effective all over India and subsequently, in or about 1952, it was found that the distributors did not deal exclusively with the Company's products and they utilised the salesmen for their other commodities though salaries of the salesmen were being paid to the distributors. The Company finally decided that it would gradually eliminate the services of the salesmen who were working throughout India. In 1952 the salesmen were again taken back from the distributors and from 1957 the Company began to eliminate the services of the salesmen from the places where they were taken back from the distributors. It further appears from his evidence that in South India the salesmen were not taken back from the distributors, and as a result it was detected that the policy adopted in South India was helpful to the Company and it increased the sales. Barring South India, in all other places the salesmen were taken back from the distributors in or about 1952 and this was adopted under the policy of the then Manager of Calcutta office. The results of the two systems were being watched by the Company. It was found that the position of the sales was satisfactory in South India but it was not so in the rest of India. The Company thereafter decided to adopt the policy prevailing in South India, and it then began to eliminate the services of the salesmen in other parts of India. The new organisation was made effective in 1957 and there was retrenchment of local salesmen in Bombay, Calcutta, Patna and some other parts in India. Shri Biswas, O.P.W. 1., has said in his evidence that the retrenchment of the local salesmen was done in Patna with effect from 31st August 1957, and in Calcutta and Bombay it was made effective from 31st July 1958. The position that comes out clear from the evidence of Shri Biswas, O.P.W. 1., is that the Company was all along eager to improve the sales of its products, and with that end in view it kept some salesmen under its control although there were distributors and stockists for the sale of its products. By such arrangement the Company did not get the desired result. Further, the distributors objected by saying that they had no control over the salesmen as they were in direct employment of the Company. Thereupon the Company placed the services of the salesmen under the distributors. This also did not give the desired result. The Company lastly took back the salesmen from the distributors in all parts of India excepting South India. The Company found that the system which was working in South India increased the sales of its products. So, it adopted the policy of gradually eliminating the services of the local salesmen. It should be mentioned here that these local salesmen were those who were working in the town areas. The policy of abolishing the local salesmen has been adopted by the Company in Calcutta, Patna and Bombay. All the salesmen of Calcutta area were discharged by notices issued on 31st July 1958. In the present case we are concerned with the local salesmen of Calcutta area. They had been discharged by way of retrenchment on the ground of reorganisation of sales. In the notices which were issued upon the fifteen salesmen with which we are concerned in the present case, the Company noted that it decided in the interest of commercial convenience and economy to replace the existing system of selling cigarettes through paid salesmen, by more advantageous and less costly method of selling goods to stockists only who would make their own arrangement to sell goods to retailers and dealers. Accordingly the posts of local salesmen in Calcutta were abolished by the Company. O.P.W. 1 Shri Biswas, has said that at present the sale has gone high. A chart showing the same was filed by the Company. It is Ext. E(1). From this chart it is clear that the sale has really gone high. The chart is given below:—

It is, accordingly, clear to me that the reorganisation of the sales as adopted by the Company after abolishing the system of having local salesmen in Calcutta area has been advantageous to the company. Of course, Shri Biswas, O.P.W. 1, has said in his evidence that the sales have gone high because they have spent money for advertisement and have engaged more vans instead of paying money towards the salaries of the salesmen. But he has added that the net expense as percentage of sales is less, adding to the profit of the Company. The Company is now paying some money to the stockists under the sales promotion and it has now become a fixed amount, and the stockists take the money for sales promotion from the company and spend the same for promotion of sales by making advertisements. O.P.W. 1, Shri Biswas, has admitted that the amount of money which is now being spent under the sales promotion might be more than what was necessary for keeping the local salesmen. But his statement is that the net expenses as percentage of sales have become less adding to the profit of the Company. I have already given the chart showing the increased sales since the abolition of the local salesmen. The Company also gave another chart, Ext. A, showing the total sales during the period from 1949 to 1957. This is also given below:

Extracts from Printed Annual Accounts

Year.	Total Sales.	Profit before Taxtion.	Ordinary Dividend.
	Rs.	Rs.	
1949	4,25,20,679	11,73,056	Nil.

1951	5,35,37,872	25,13,680	5 per cent.
1952	5,43,90,935	6,40,598	Nil.
1953	4,07,48,870	4,89,905	Nil.
1954	3,94,03,662	12,06,160	5 per cent.

1956	5,15,63,615	24,40,314	7 per cent.
1957	6,53,77,547	33,89,053	9 per cent.

From what has been mentioned above, I have no hesitation to conclude that by abolishing the post of local salesmen the Company has been able to get the increased sales of its products. In this connection I will also refer to the chart, Ext. E, which would clearly show that the sales of costly cigarettes have gone high. Previously, the local salesmen could only sell the cheaper cigarettes. That did not add to the profit of the company. Now by spending money under the sales promotion, the sales of costly cigarettes have gone high. The Company has got different brands of cigarettes. There is no doubt that the Company's interest lies in the selling of its all kinds of cigarettes. The field is competitive as it is said that another Company, viz., Messrs. Imperial Tobacco Company has already established its business in the market. The present Company will undoubtedly leave no stone unturned to gain the market. When it did not achieve its end by keeping local salesmen, it will, for the sake of its business, have recourse to other suitable methods for gaining the market. From 1951 or 1952 the company has been trying to find out ways and means to increase its sales, and it was decided by the company that following the policy adopted in South India the local salesmen in other places should be discharged, and the distributors would be asked to increase the sales by calling them to take money for sales promotion. This policy was adopted by the company after several years. It cannot, therefore, be taken up that a new scheme for reorganisation of sales as adopted by the company for Calcutta area was out of a mala fide or anti-labour policy or out of motives of victimisation as contended by the Union. Of course, on the side of the Union it is stated that the Company is in bitter terms with its workmen. It is also said that the company was all along trying to terrorise its workmen and there were several industrial disputes as between the Company and its workmen. Of course, there were some litigations as between the company and its workmen, and in some cases the workmen succeeded. In the written statement the Union has given the details of the litigations and it has been stated that in the bonus case the Company succeeded against the workmen, and when preparations were being made for the filing of an appeal before the Hon'ble Supreme Court against the decision of the Tribunal, the Company discharged the fifteen local salesmen out of a vindictive motive. On this score it is argued by the Union that the alleged retrenchment is absolutely mala fide, and the plea of commercial convenience and economy as set up by the Company is nothing but a camouflage. I am unable to think so. Of course, much scrutiny is to be made in coming to a conclusion. In the present case it is seen that since 1951 or 1952 the company has been trying to find out ways and means for increasing the sale of its products. The policy of abolishing the system of having local salesmen was taken into practice by the company in South India in or about 1952, and the Company found that the result thereof was satisfactory and the sales went high in South India. But it was otherwise in Calcutta and other places where the services of the salesmen under the company were kept in tact. After a long watch the Company adopted the policy of abolishing the post of local salesmen in Calcutta in 1957. Under the circumstances I am unable to hold that the adoption of the scheme of abolition of the system of having the local salesmen in Calcutta was mala fide. In my conclusion the reorganisation of the sales as adopted by the company for Calcutta area was bona fide. The retrenchment was genunie and it is not a colourable device to get rid of some undesirable persons. P.W. 1, Shri Girija Banerjee, an employee of the Imperial Tobacco Company, has stated that their Company maintains salesmen and canvassors and previously there was retrenchment of the salesmen on the ground of reorganisation of the Sales Department, and over the same there was an industrial dispute and the retrenchment was set aside at the Appellate stage. The learned Counsel for the present Company referred to the case reported in I.F.J., Vol. XV, 1958-59, p. 67 [Messrs. D. Macropollo & Co. (Private), Ltd. vs. their Employees' Union and others], and argued that the Company has got the fundamental right to reorganise the business or close a particular department or section with a view to rationalise or economise their business, and the workmen cannot make any grievance for the same. But, in my opinion, the merits of the reorganisation scheme adopted by the Company is to be considered in order to judge whether it is bona fide or not. So far as the present case is concerned I find that the reorganisation of the sales department as adopted by the instant company is quite bona fide, and the retrenchment is genuine. The fact that even after discharging the salesmen the Company is spending money under sales promotion will not go to make it mala fide. It has been seen that by keeping the salesmen in employment the Company could not increase the sales of its products; on the other hand, by discharging the salesmen and giving some money to the distributors for the promotion of sales, the company has been able to get an increase of sales throughout India. An inference of mala fides cannot be drawn up from the fact that the Company is spending more money for sales promotion than what was being spent for keeping the salesmen in service. The fact, however, remains that the net expense as percentage of sales has now become less adding to the profit of the Company. The argument of the Union that when the Imperial Tobacco Company had to keep the salesmen in service under the award of the Tribunal setting aside the order of retrenchment, the present company must also keep the salesmen in service, cannot be given any value as we are to scrutinise the facts and circumstances of each case separately. The judgment of the Imperial Tobacco Company's case is not before us, and, as such, we cannot see on what ground the retrenchment was set aside in that case. We have to see whether the retrenchment in question was made in good faith or not. Having regard to the facts and circumstances of the case I find that the retrenchment in question was made in good faith by the instant Company and it was a fact of retrenchment and it was not a case of colourable exercise of power based on the right of employer to effect the retrenchment and further it was not an instance of an unfair labour practice or of victimisation. The Company made the retrenchment in the interest of commercial convenience and economy. Of course, it is unfortunate to see that some 15 salesmen have been discharged on account of the same. The Union's allegation that this retrenchment was unjustified illegal and mala fide is not found to be substantial at all. It is concluded that the retrenchment in question is quite justified.

It has been contended by the Union that the Company did not follow the principle of "last come, first go" in retrenching the fifteen salesmen. The Company's case is that all the local salesmen of Calcutta area were discharged in the present case and, as such, no question of seniority arose. In this connection I would refer to the evidence of O.P.W. 2, Shri B. N. Chatterjee, the Sales Accountant of the Company. He has admitted in his evidence that there are some salesmen outside Calcutta in West Bengal. P.W. 2, Shri Manmatha Mukherjee, the Joint Secretary of the Union, has stated in his evidence that in the whole of West Bengal there are 30 or 35 salesmen and many of them are junior to the salesmen in question. He has also stated that the services of the salesmen are transferable and after the retrenchment, the Company has asked the distributors to appoint their salesmen and the Company is bearing their wages under the new head "Sales Promotion". He also gave a chart regarding the newly recruited salesmen (vide Ext. 2). He further said that the two junior salesmen, viz., Shri A. Mazoomder and Shri A. Manna, have been retained by the Company. What is found is that these two salesmen were promoted to the supervising staff as probationer Section-salesmen with effect from 1st August 1957. The contention of the Union that the two junior local salesmen were retained in service after discharging the senior local salesmen is not found to be correct. The retention was by way of promotion and the question of promotion is entirely with the Management. The Union cannot make any grievance for the same.

The other local salesmen of Calcutta area were all discharged by way of retrenchment. The Union's contention is that when beyond Calcutta area there are other junior local salesmen, the company should not have retrenched the fifteen salesmen in questtion violating the principle of "last come, first go". Now the procedure for retrenchment has been laid down in section 25(G) of the Industrial Disputes Act, and it runs as follows:

> "Where any workman in an industrial establishment, who is a citizen of the India, is to be retrenched and he belongs to a particular

> category of workmen in that establishment, in the absence of any agreement between the employer and the workmen in this behalf, the employer shall ordinarily retrench the workman who was the last person to be employed in that category, unless for reasons to be recorded the employer retrenches any other workman."

The learned Counsel for the Company argued that the salesmen in question belong to the category of local salesmen of Calcutta area and, as such, the other salesmen beyond Calcutta area could not have been brought in their category for the purpose of retrenchment on the principle of "last come, first go". On a perusal of section 25(G) of the Act, it would appear that the retrenchment has to be effected by taking into consideration the workers of that particular category in relation to which the retrenchment is to be done. The Company's contention is that the salesman working beyond Calcutta area cannot be brought into the category of Calcutta Local Salesmen for the purpose of retrenchment and to do so it would be quite unwarranted in law. In this connection I would refer to the case reported in L.L.J. Vol. II, 1957, page 506 [Messrs. India Tyre and Rubber Co. (India) (Private),. Ltd., vs. their workmen], where His Lordship observed as follows:

> "Section 25G makes it clear that the unit of the industry to which that statutory principle governing retrenchment applies is the industrial establishment. For the purpose of applying s. 25G, the position is that the term 'Industrial establishment' has not been defined by the Act itself.
>
> From the scheme of the Industrial Disputes Act it should be clear that it envisages, each as a distinct concept, (1) an industry, (2) an industrial concern within an industry, (3) an industrial establishment which may itself be the whole of the industrial concern or which may be part of a larger industrial concern, (4) a section of an industrial establishment and (5) categories of workmen in an industrial establishment or a section thereof. It should be noted that while s. 25F refers to a workman employed in an industry, s. 25G refers to workmen in an industrial establishment and further to workmen in any specified category in that industrial establishment.
>
> The branches of a company at more than one place must all be treated as separate industrial establishments for the purpose of s. 25G of the Act and for the purpose of applying the provisions of s. 25G, workmen employed at the concerned branch alone must be taken into consideration and not the entire strength of that category of workmen at all its branches".

I find that so far as the present case is concerned, the local salesmen of Calcutta area formed a distinct and specific category and the other salesmen of West Bengal beyond Calcutta area or the salesmen of other parts of India cannot be brought into that category for the purpose of retrenchment. No instances were shown by the Union that any of the Calcutta local salesmen was ever transferred beyond Calcutta area or in other parts of India; nor it was shown that any other salesman outside Calcutta area was ever transferred as a local salesman of Calcutta area. P.W. 3, Shr Amulya Ch. Paul, who has been dismissed by way of retrenchment, has said in his evidence that he was working in Pakistan as a local salesman previously, and as the Pakistan business was closed, he was brought to Calcutta to work as a local salesman of Calcutta. It is not a case of transfer. The statement of Shri Mukherjee P.W. 2, that the services of the salesmen were transferable cannot be given the face value. The local salesmen of Calcutta area formed a distinct and separate category and when all of them were discharged by way of retrenchment, the principle of "last come, first go" does not arise for consideration.

I think I should refer to the chart, Ext. H, given by the company showing the names of section-salesmen and local salesmen working in different parts of the territory No. I of the Company excepting Calcutta. The names of the Calcutta local salesmen were given in Ext. B. O.P.W. 2, Shri Chatterjee, has said in his evidence that there was no proper definition of Calcutta area, and the Calcutta Salesmen used to go to Kakdwip, Diamond Harbour, Basirhat, Chandannagore, etc. This Calcutta area will undoubtedly mean the area included within the town of Calcutta and other neighbouring places with a shorter zone. Now on a scrutiny of Ext. H, it would be seen that 81 persons are working as local salesmen outside Calcutta. The Headquarters where they are working have also been given in this list and they are: Chinsurah Serampur, Budge Budge, Purulia, Jamshedpur Ranchi, Hazaribagh, Burdwan, Sainthia, Kharagpur, Balasur, Puri, Cuttack, Beharampur, Raniganj, Shillong, Alipur Duar, Malda, Siliguri, Mal, Tejpur, Karimgunj, Imphal, Jorhat, Agartala, Bongaigaon, Gouhati, Nowgong, Diamond Harbour, Ranaghat, Dum Dum, Jharia, Bankura, Krishnagore, Asansole, Khagra, Jalpaiguri, Cooch Behar, Silchar, Digboi, Tinsukia, Dhubri, Katihar, Madhupur, Katowa, Basirhat, Gaya, Sasaram, Patna, Dinapur, Mokamah, Munghyr, Bhagalpur, Sahebgunj, Arrah, Darbhanga, Madhubani, Muzaffarpur, Saharsa, Savan, Samastipur, Chapra, Darjeeling, Sitamarhi, Bihar Sheriff, Daltonganj, etc. It would be seen that some persons junior to the discharged salesmen in question are still working under the company in some places mentioned above. The Union's contention is that the aforesaid 81 salesmen should have been taken into consideration by the company in making the retrenchment. The Company's contention is that to do so would go to mean the violation of the statutory provisions of section 25(G) of the Industrial Disputes Act prescribing the procedure for retrenchment. Following the principle laid down in the case of Messrs. India Tyre and Rubber Company (India) (Private), Ltd., and their workmen, I hold that the company is an industrial concern and its office at Calcutta is an industrial establishment of that industrial concern and each of its sub-depots in different places is a separate industrial establishment of that same industrial concern for the purpose of section 25(G) of the

Act. So in effecting the retrenchment the company was justified in taking into consideration the salesmen working under Calcutta area without falling upon the other salesmen working in different sub-depots beyond Calcutta area. When all the salesmen of Calcutta area were discharged, it cannot be said that the principle of "last come, first go" has been violated. It is concluded that the retrenchment of the persons concerned was justified. I like to mention here that in adjudicating upon the industrial disputes, the rights and liabilities of the employer and the workmen so far as they relate to retrenchment are governed by the provisions of Chapter V(A) of the Act. This is clear from section 25(J) of the Act, but section 25(G) lays down the procedure for retrenchment and it provides that if a workman belongs to a particular category of workmen, then the employer for the purpose of retrenchment shall ordinarily retrench the workman who was the last person of that category. Accordingly, the contention of the Union that other salesmen working beyond Calcutta area should be considered in making the retrenchment cannot be given any effect. Here, the Company wanted to abolish the system of local salesmen who were working in town area and suburbs, and it did so in other town areas beyond Calcutta area. The fact is that in town areas there is the office of the Company's distributors. So far Calcutta is concerned, there are three distributors, viz., (1) Messrs. Mohd. Ibrahim, (2) Messrs. B. Chandmull, and (3) Messrs. Auddy & Co. The Company asked them to arrange for the sales promoton direct. They agreed to pay some amount of money for that purpose. The distributors agreed to that arrangement. The Company, therefore, had no necessity of keeping the local salesmen for Calcutta area. Consequently the local salesmen of Calcutta became surplus, and all of them were retrenched. By this scheme the other salesmen working beyond Calcutta area were not at all affected. So to retrench them on the basis of "last come, first go" would be quite in violation of natural rules of justice and it would also contravene the provisions of section 25(G) of the Act laying down the statutory provisions regarding the retrenchment. The action regarding the retrenchment of the local salesmen of Calcutta was not illegal in any way.

I now come to the chart, Ext. 2, filed by the Union to show that there were other salesmen working under the Company in West Bengal, and it included also the new recruits after the retrenchment of the fifteen local salesmen in question. This chart does not give correct details. The Company's specific case is that no new salesmen have been recruited by them. O.P.W. 2, Shri Chatterjee, the Sales Account of the Company, has said that in Group A of the Ext. 2, the names of sectional salesmen have been given, and the persons in Group B thereof work in other parts of India beyond West Bengal, and the persons mentioned in Groups C and D of the Ext. 2 are not their employees. What the witness has said is not found to be untrue.

It has not been proved by the Union that the Company, as a matter of fact, engaged new salesmen after discharging these fifteen salesmen in question. The Union also argued that the amount which is being paid to the distributors unler the head "sales promotion" actually represents the salary of new salesmen working under the distributors on behalf of the Company. I find no materials on record to prove the same. Shri Chatterjee, O.P.W. 2, has said that the distributors are to put their claim for expenses incurred by them for advertisement and sales promotion, and the money is accordingly advanced to them with full liberty to improve the sales. He could not, of course, deny if the distributors employed any salesman for the promotion of sales. Even if it is taken up that the distributors engaged new hands for the purpose of promoting the sales, it cannot be held that it was done so in connivance with the company. Of course, it may be said that the distributors could have taken the retrenched salesmen in their employment, and the Company also could have asked them to take the retrenched persons under them. All these things do not arise for consideration as it is not the Union's case that the retrenched salesmen wanted to work under the distributors. What is found is that the Union desired to fight for their rights and it is quite natural to see that the discharged salesmen would like to remain in the service of the Company, the position therein being more secure and safe. Simply because the fifteen local salesmen lost their services under the Company, it cannot be taken up that the retrenchment was mala fide, nor the Company's scheme for reorganisation of a their sales was vitiated by bad faith. The Union's contention is that the company is actually paying the salaries of the new salesmen appointed by the distributors, and the retrenchment of the fifteen salesmen in question was an act of unfair labour practice. I am unable to think so, as it appears that the amount of money, that is being advanced by the company to the distributors, does not represent the salaries of the distributors' men. In this connection a reference may be made to the annexure D(2) attached to the Company's written statement whereby a fresh engagement was made by the Company with the distributor, and the conditions thereof are that the Company would pay a "sales promotion allowance" to the distributor who in return undertook to organise and carry out the following works in the market:

(a) organisation of the markets into suitable sections and ensuring that all retail outlets, by daily or regular calls at set intervans, are kept supplied with all brands of cigarettes and pipe tobaccos;

(b) defraying all expenses including all transport and porterage charges in respect to (a) above;

(c) distribution and putting up of all advertising material and defraying the cost thereof;

(d) defraying the cost of all cigarette sampling except in those cases where special sanction has been given, and

(e) providing all carrying bags and waterproof materials for the protection of stocks when carried for distribution in the market.

Thus it is clear that the sales promotion allowance was being given by the company to the distributors for doing certain works with the object of increasing the sales. The new method adopted by the company includes spending of money for advertisement and other purposes. O.P.W. 1, Shri Biswas, has said in his evidence that they have purchased vans and have been spending money for advertisement to improve the sales of their products. Previously, the salesmen used to carry the Company's products and used to visit the Panwalas and sell the cigarettes and used to return the unsold stock and the sale proceeds to the distributors at the end of the day. Certainly the new method adopted by the Company is not anything unknown in the business world. However, the Company has got improved sales of its cigarettes of various brands—cheaper and dearer, by adopting the new method. It is to be noted here that by keeping the salesmen in Calcutta, the Company did not get the market for the sale of the costly cigarettes.

In deciding the question whether the retrenchment was justified, we are to consider the finances of the Company, the adverse effect that retention would have on the business and whether retention would mean the dead weight of an uneconomic surplus and so forth [vide L.L.J.(I) 1956, p. 227]. If after retaining the fifteen salesmen in question the Company would have to spend money for purchasing vans and advertisements undoubtedly it would mean an uneconomic policy which every Company would generally like to avoid. In this connection I would refer to the case reported in 1957, II, L.L.J., p. 506, [Messrs. India Tyre & Rubber Company (India) (Private), Ltd. vs. their workmen], where it has been laid down that there is nothing unlawful in an employer desiring to make even more profits by getting rid of the deadweight of an uneconomic surplusage.

When the scheme of reorganisation was adopted by the Company for the whole of India, it cannot be taken up that the Company was actuated by malice against its employees in Calcutta or that the scheme is a mere device adopted by the Company for the purpose of discharging its Calcutta local salesmen. Considering the facts and circumstances, it is concluded that the retrenchment of the fifteen salesmen in question is justified.

A contention was raised to the effect that the salesmen in question were not workmen under the Industrial Disputes Act. I am unable to think so as it is found that the duties of these salesmen were to sell the Company's goods and to submit the sale-reports and statements after the daily outdoor work. P.W. 3, Shri Paul, one of the retrenched salesmen, has said in his evidence that he used the Form, Ext. 3, to submit his daily report. He has proved the book, Ext. 5(a), which was used by the salesman, Md. Ismail. According to him Shri S. K. Mukherjee used to maintain the book, Ext. 5. It is, therefore, clear to me that the salesmen in question had clerical duties of routine and, as such, each of them was a workman within the definition of section 2(s) of the Industrial Disputes Act. The aforesaid contention of the Company is, therefore, untenable.

The learned Counsel for the Company argued that the salesmen in question waived their right to question the retrenchment as they had withdrawn all their claims against the company. It is seen that the withdrawals were made under protest. So no question of waiver will arise. The contention of the Union that the Company is a prosperous concern, and can run well without abolishing the services of the local salesmen in question, cannot be taken up as a valid contention in the present case where the Company adopted a new scheme for improvement of its business, as a result of which the local salesmen in question became surplus, and were liable to retrenchment. It is also not the Union's case that the fifteen persons concerned were permanent employees of the Company. So their retrenchment cannot be called in question.

It is held that the retrenchment of the fifteen salesmen in question is justified. They are entitled to get the retrenchment benefit under section 25(F) of the Industrial Disputes Act, and the Company will pay the same to the workmen concerned, deducting the payments, if any, already made, within a month from the date of publication of the award.

This is my award.

Schedule

(1) Is the dismissal of Shri J. N. Mukherji justified? To what relief is he entitled?

DECISION

The Company dismissed Shri J. N. Mukherji, an operator in the Cycle Cover Department, with effect from 16th May 1957 by a letter Ext. F, dated 23rd May 1957, on the basis of a finding of guilty on enquiry into certain charges framed against him. The charge-sheet (Ext. A) recites the charge as follows:—On Wednesday 15th May 1957 at about 10-35 a.m. you informed the Foreman Mr. S. Kundu that you refused to carry on with your work, and then left the section without permission. Subsequently you went to G.T.A. section without authority where you were found inciting production workers to stop work. Thus he was charged under clauses (viii), (xi) and (xvi) of rule 10 of Company's Standing Orders, Ext. M. A copy of the charges is acknowledged to have been received by this workman J. N. Mukherji. The workman replied to the charge on 18th May 1957 in the following terms: "please note that the charge-sheet has not been properly filled in which is essential under the Standing Order of the Company. I can only reply to the charge-sheet when it will be filled in properly". After this the Company intimated to the workman by notice (Ext. C), dated 22nd May 1957, that an exnquiry into the charges would be held at the office of Shri A. K. Sen, P.S.O., on Thursday, the 23rd of May 1957 at 9 a.m. and the workman was instructed to be present there with the charge-sheet duly filled in and that in the event of his failure to report, the investigation would be held ex-parte and action taken accordingly. There is an endorsement in this notice asking the Union Secretary to advise the Departmental Union Representative to be present at the enquiry. There is no dispute about the receipt of the charge-sheet and the notice of enquiry by the workman. Thus there followed a domestic enquiry by the Company and the enquiry was held by A. K. Sen (C.W. 1). What happened at the enquiry will appear from the report (Ext. K). In short it may be stated as per workman's statement (Ext. I) that the charge-sheets were not properly filled in and he left the place of enquiry in front of witnesses without participating in the enquiry. It may be stated that no Union representative was present because Mukherji would not have any of the recognised Unions. The workman read his written statement from a draft, Ext. 4, which was taken down by the Enquiry Officer and his statement reads as follows:—

(a) Clauses (viii), (xi) and (xvi) of rule 10 of Standing Orders for operatives do not coincide with the description of the charges; (b) clause (viii) of rule 10 shows that there must be some proper order of a superior but there was no such order and it has not been mentioned in the description; (c) clause (xi) of rule 10 states: "to harm the interest of the Company or its employees", but there is no slightest indication of the said clause anywhere in the charges; (d) the clause (xvi) of rule 10 points out "inciting others to engage in irregular or unjustified or illegal strike, not to speak of any sort of strike in the description".

Beyond dictating the above statement, the workman took no other part in the enquiry. Thereafter the Enquiring Officer recorded the statements (Exts. J to J-4) of Shri S. K. Kundu, Foreman of Cycle Cover Department, Shri N. B. Mitter (Manager, G.T.A.), Shri N. Chanda, Shri Saileswar Mullick and Shri S. K. Chanda. The Enquiring Officer found in his report (Ext. K) as follows:—

"The charges were threefold:

(1) Under clause (viii)—Disobedience of lawful order passed by a superior officer—Mr. Kundu's statement will show that he warned Mukherji of the consequences of stopping work, but no heed was paid to his words. The charge is therefore proved.

(2) Under clause (xi)—Committing breaches of the......rules of the Company or to commit any other acts intended to harm the interest of the Company or its employees.

(3) Engaging or inciting others and engage in irregular or unjustified or illegal strikes.

I shall deal with (2) and (3) together. Mukherji refused to answer the charge-sheet or to hand back the charge-sheet. He dictated his statement from a written sheet, which condemned the charge-sheet as not properly drawn up.

Mr. N. B. Mitter's evidence indicates that Mukherji was standing in the G.T.A. gangway with folded hands, and though he heard no word spoken, the inference is obvious. The three other witnesses belonging to the same department gave clear cut evidences to the effect that he actually did incite operators there to stop work. There is no reason to disbelieve any of these statements on any grounds.

Clause No. (xvi) is therefore proved, and as an illegal strike would definitely harm the Company's interest, clause (xi) is proved automatically thereby.

I, therefore, consider that all the three charges against J. N. Mukherji are proved. I recommend immediate dismissal."

The recommendation of the Enquiring Officer was accepted by the Management and orders as per Ext. F were passed dismissing him with effect from 16th May 1957. Thereafter the workman collected his provident fund money as per receipt (Ext. H), dated 20th June 1958.

The learned Advocate for the Union which espoused the workman's cause has raised the following contentions:—

(i) The charge is false and mala fide, (ii) there was no proper enquiry inasmuch as the workman was driven out of the venue of enquiry and was denied reasonable facilities to defend himself at the enquiry and thus there was gross violation of the principles of natural justice, (iii) the workman was not allowed to be represented by an official of Dunlop Rubber Workers' Association which has espoused his cause, (iv) the Company examined some of its yes-men and no independent witness, and did not allow the Union to examine any witness for the workman, nor allowed the workman to cross-examine Company's witnesses and (v) the finding of the enquiry is perverse. On the above contentions, the learned Advocate for the Union argued that the finding of the Company must be interfered with and cannot stand. Besides these contentions, the learned Advocate has raised some points of law which I shall advert to later on.

First, I take up the Union's contentions about the propriety of the enquiry. The workman admittedly got the notice of enquiry and actually attended it and after dictating his statement as quoted herebefore in extenso left the place of enquiry without participating in it. What could the Company conceivably do in the circumstances? The Company examined its witnesses and the Enquiring Officer gave his finding of guilty. For the workman's non-participation at the enquiry, he is to thank himself. The Company cannot be expected to let the enquiry hand fire indefinitely. The attitude of the workman was far from satisfactory vis-a-vis the enquiry from start to finish. In the first place, he did not reply to the charge-sheet within the time-limit of 48 hours as provided for in the standing orders. He simply took the stand that the charges are vague and not specific and kept mum over the truth or falsity of the charges. In his cross-examination, however, he changed his opinion when the charge was read over to him, and stated that the charge conveyed meaning, but he could not understand whom he incited, and so he could not give any definite reply to the charge. During trial, the front of his reply is sought to be altogether changed by contending that there was no strike at all, and even if there was any there was no incitement caused by him as he requested the workmen with *folded hands* not to work. Though he with folded hands entreated the workers not to work, that was also nothing short of incitement. The dictionary meaning of "to incite" is to urge, to stir up, and to urge means to drive with force. This force may be either on body or mind. By entreaty, force is brought to bear upon the mind, and not the body. So, the workmen were mentally driven not to work, and that was in my opinion tantamount to incitement. If a different interpretation is given and if workmen go on strike due to entreaties of co-workers, there would be no strike though there would be cessation of work, and industry would be paralysed which is not the intention of the legislature. Admittedly the workman did not bring any witness to examine at the enquiry, and he deviated from truth when he stated that he left the place of enquiry *as ordered*. I am convinced that he was not asked to leave the enquiry, but he left the place of enquiry saying that he defied the statements to be made by the witnesses "সাক্ষী টাক্ষী মানি না". That he defied the enquiry is quite consistent with his conduct, and he never complained to anybody that Shri Sen (Enquiring Officer) asked him to leave the place of enquiry. This is a false allegation against Shri Sen to vitiate the enquiry.

It is howerer, very significant that he did not deny the charges in his written reply to the charge-sheet. I cannot understand what was there to prevent him from denying the charges in his reply to the charge-sheet. Instead, he took a formal objection to the charge, and did not even deny the allegations in writing as he has grown wiser now to do so, and calls the charges false. In his cross-examination he says that he was not allowed to work from 10-30 a.m. till 12 noon on 15th May 1957, but of this he did not inform Shri Bhattacharjee, President of the Union (U.W. No. 1). If Shri S. Kundu, his Foreman, would not have allowed the workman to work after tiffin he would have raised a storm over it and not taken things lying down. Now he wants to turn the table against Shri S. Kundu. In consequence of the first charge, he forfeited wages for 1½ hours on 15th May 1957.

It is clear from the evidence that the workman left the place of enquiry with the deliberate design of not participating in it, nor did he take any witness there to be examined on his behalf, nor did he cross-examine Company's witnesses. His was a non-co-operative and defiant attitude towards the domestic enquiry, and the Company cannot in my opinion be blamed for it. There are two principles of natural justice applicable to departmental enquiry, viz., (i) a man must be told definitely and clearly of the offence with which he is charged and (ii) he must not be condemned unheard (audi alteram partem). I do not find any of the principles being violated in this case.

Now as regards the findings reached at the enquiry, the workman did not deny the charges though he had ample opportunities to do so. The evidence of the Company's witnesses examined at the enquiry clearly establishes the charges and this Court not sitting as a Court of appeal will not be justified in disbelieving these witnesses, having regard to the circumstances of this case and other evidence on record.

Now the point is if there are present any of the vitiating elements on the basis of which this Court would be entitled to interfere with the finding reached at the domestic enquiry. The law as finally laid down by the Hon'ble Supreme Court in the case of G. McKenzie & Co. Ltd. and its workmen and others reported in 1959 L.L.J. Vol. I, page 285, is well-established and may be quoted thus:

"The principles which govern the power of an industrial tribunal to interfere with the decision of the employer following an enquiry made by him have been laid down by the Supreme Court in 1958 —1 L.L.J. 260 in the following words:—

Undoubtedly, the Management of a concern has power to direct its own internal administration and discipline; but the power is not unlimited and when a dispute arises, industrial tribunals have been given the power to see whether the termination of service of a workman is justified and to give appropriate relief. In cases of dismissal on misconduct, the tribunal does not, however, act as a Court of appeal and substitute its own judgment for that of the Management. It will interfere—

(i) when there is want of good faith,

(ii) when there is victimisation or unfair labour practice,

(iii) when the Management has been guilty of a basic error or violation of a principle of natural justice, and

(iv) when on the materials the finding is completely baseless or perverse.

It is for the Management to determine what constitutes major misconduct within its standing orders sufficient to merit dismissal of a workman but in determining such misconduct it must have facts upon which to base its conclusions and it must act in good faith without caprice or discrimination and without motives of vindictiveness, intimidation or resorting to unfair labour practice and there must be no infraction of the accepted rules of natural justice. When the Management does have facts from which it can conclude misconduct, its judgment cannot be questioned provided the abovementioned principles are not violated. But in the absence of these facts or in case of violation of the principles set out above, its position is untenable.

In the absence of any of the vitiating circumstances mentioned above, it would not be open to the industrial tribunal (in the instant case by the Labour Appellate Tribunal in appeal) to disbelieve the evidence of a witness examined at the domestic enquiry and come to a different conclusion on merits."

In the instant case, it is urged for the Union that the recognised Union "Dunlop Rubber Factory Labour Union in conspiracy with the Management" drew up false charges and victimised him without a fair and proper enquiry. The charges as already discussed are not false as found by the Company at the domestic enquiry, and it is simply the firm conviction of the workman that he was victimised as the result of a conspiracy. It needs be pointed out at this stage that his conviction is unfounded, and it is his mere suspicion or apprehension born of recognised Union's refusing his subscription, inasmuch as the Company on a previous occasion reinstated him on his expressing regret as per letter (Ext. G), dated 36th September 1955, though he was dismissed on a charge of disobedience and insubordination under sub-clause (viii) of clause 10 of the Standing Orders (Ext. A-2, charge-sheet), and that once Mr. Ferguson, Chief Engineer, accommodated the workman by so adjusting his duty hours as to enable him to sit for an examination. This sympathetic treatment extended to him previously cannot be consistent with a policy of victimisation or unfair labour practice as urged against the Company. The Company rather gave him chances to mend his recalcitrant ways, but to no effect. In this connection, it may be stated that the workman stated that Mr. Ferguson, Chief Engineer, assaulted him on the hip, and turned him out by neck while he went on strike, but this allegation is not proved though it was discussed at a Working Committee meeting. If Mr. Ferguson would have really assaulted the workman, he would not have let the matter drop so easily. As regards his active trade unionism, he admits that he has no document to show it. Thus there is no element of victimisation or unfair labour practice.

Next, the element of violation of principles of natural justice is taken up. This principle is based on the maxim "Audi alteram partem", i.e., no one should be condemned unheard. The workman was definitely told of the charges he was called upon to meet, and he was specifically informed that at a stated hour on a particular date he refused to carry on with his work and left his section without permission and subsequently he went to G.T.A. section without authority where he was found inciting production workers to stop work. As for myself, I find no vagueness or haziness about the charges. He refused to do his work—this is disobedience and insubordination. Shri S. Kundu, his Foreman, asked him to do his work and warned him of the consequences of his refusal. Despite this, he went unauthorisedly to the G.T.A. section where he was found inciting production workers to stop work. These charges are clear and proved by the evidence of the Company's witnesses examined at the enquiry. I shall not be justified in disbelieving them, especially in view of the fact that there is not even a denial of the charges which he might have easily denied at the earliest opportunity. In not denying the charges at the earliest moment and not participating at the enquiry which he defied, I must say that he was gravely ill-advised and cannot now turn round to say that he was not allowed to defend himself at the domestic enquiry. Thus I find that the finding reached at the domestic enquiry is neither baseless nor perverse.

As regards the element of want of good faith, it may be stated that if the Company chargesheeted the workman on the basis of true facts where is want of good faith? The answer is that there is no want of good faith. The fact remains

5. Manufacture and finish

General.—When the weights are cast, the castings shall be reasonably smooth, and free from dross, pits, blow holes and other defects. When the weights are made by machining or forging, the surface shall be reasonably smooth. Sheet metal weights shall be clearly sheared and shall be free from burrs. Cast iron and forged weights shall be coated with a thin film of suitable black paint or varnish.

The raised markings on weights shall be clean and legible. The stamped markings on sheet metal weights shall be legible and deep enough to ensure indelibility over a long period, but not so deep as to crack the sheet.

When lead is used in adjusting weights, it shall be so fitted as to ensure that it does not dislodge itself under normal conditions of use.

The steel handles of cast iron weights shall be rigidly fixed.

6. Marking

Every weight, except weights of 10 g. and lower denominations, shall have the manufacturer's name or trade mark indelibly cast or stamped on it.

The denominations shall be indicated in an indelible manner, with the abbreviations "kg" and "किलो" to indicate kilogram, "g" and "ग्राम" to indicate gram, and "mg" and "मिली" to indicate miligram. The size of numerals and letters (letters need not be stamped on weights 50 mg. and below) indicating denominations of weights shall be at least twice the size of letters indicating the manufacturer's name or trade mark. The numerals used in the denomination shall be only Indo-Arabic figures.

7. Adjustments

The weights provided with loading holes shall be adjusted by pouring the required weighed quantity of molten lead into the loading hole and pressing the load firmly. The approximate distance of the lead from the surface shall be not less than 20 per cent. of the minimum thickness of the weight when new. The lead used for adjusting may preferably conform to Grade Pb. 99·8 per cent. of IS: ·27—1956.

PART II—COMMERCIAL CARAT WEIGHTS.

1. General

(a) Commercial Carat Weights shall be used in weighing precious stones and pearls.

(b) For ease of calculation and convenience of use, a carat is usually subdivided into 100 equal parts, called cents. A cent thus equals 2 mg. In the denominations of the commercial carat weights, the system followed is that where a fractional weight in the carat series occurs, that fraction is given as so many parts per 100 cents, e.g., 0.5 carat is designated as 50/100 carat.

2. Denominations

The denominations of carat weights shall be as follows. (The gram and miligram equivalents are shown against each for ready reference).

(b) *Transparent Plastic Measures*—The measures shall be made of a clear and transparent plastic material, manufactured from plasticised polyvinyl chloride or copolymer, the major constituent of which is polyvinyl chloride. The plastic material used shall not contain any constituents known to be injurious to health and likely to be extracted by contact with liquids.

4. Definition of Capacity

The capacity corresponding to any graduation mark is defined as the volume of water at 27°C, expressed in mili-litres, required to fill the measure to that graduation mark at 27°C, the observer's eye being level with the front graduation mark and the lowest point of the water meniscus appearing to touch the top edge of that mark.

5. Conical Measures

(a) *Shape*—The measures shall be conical as shown in Fig. 13A to 13G; the 50 ml. measures shall be either tall or squat as shown in Figs. 13C and 13D respectively.

(ii) Each measure shall have a base on which it shall stand vertically without rocking when placed on a horizontal surface. The size of the base shall be such that the measure, when empty, shall not fall when placed on a plane inclined at 15° to the horizontal. The bottom of the measuring space shall be uniformly rounded and shall merge smoothly into the sides of the measure.

(iii) The wall thickness of the measures shall be sufficient to ensure sturdy construction and shall not show any local departures from uniformity.

(v) The overall volume of the measure shall be such that when it is filled with water to the highest graduation mark and a volume of water equal to half its nominal capacity is added to it, there shall be no overflow. But, the addition of a further quantity of water equal to quarter the nominal capacity shall result in water overflowing from the pouring lip.

(c) *Graduation*

(i) The conical measures shall be graduated in accordance with Table 13.

PART III

PLATFORM MACHINES

. Definition

A platform weighing machine is a weighing instrument with compound evers and with the goods receptacle generally in the form of a platform. 'he capacity of these machines shall not exceed 3,000 kg. and weight of he loads shall be indicated either with a steelyard or with any other form f indicator.

Capacities

Platform weighing machines shall be of one of the capacities shown in 'able 20.

3. Design and Construction

(a) The steelyard in the platform weighing machine shall not have any readily removable parts except the support for counterpoise proportional weights. There shall be a stop or stops to prevent the sliding poise or poises from travelling behind the zero mark.

The minimum travel of a steelyard in platform machines shall be 10 mm. either way.

(b) If a movable hutch, barrow, frame or bucket is used instead of the ordinary platform, it shall form an essential part of the machine without which the machine cannot be balanced. The movable hutch, barrow, frame or bucket shall be identified with the machine.

(c) Where a balance box is provided on the steelyards, the balance ball should not be easily accessible.

(d) The balancing arrangement for daily wear and tear shall have a range between 0.25 per cent. and 0.5 per cent. of the capacity of the machine and not less than 0.125 per cent. of the capacity each way. The balance box containing the balancing ball shall be securely attached to the steelyard, preferably by passing a bolt through the casing to the steelyard. The balancing ball shall be actuated by a detachable key (see Table 21).

(e) In the case of the platform machines provided with dials—

(i) racks and pinions shall be of hard wearing material;

(ii) the extremity of the index shall, in no position, be at a greater distance from the graduated surface of the dial than 5 mm; and shall be made to meet but not to obscure the graduation marks; and

(iii) the dial shall be graduated into equal parts and the minimum width apart of the graduations shall not be less than 3 mm.

(f) The permissible extension of the platform on either side of the box in the case of extended platform shall be not more than 25 per cent. of the length of the box.

4. Counterpoise Proportional Weights

(a) All loose counterpoise proportional weights in a platform machine shall be identified with the machine by a number or any other suitable mark of identification, which shall be indelible. The counterpoise weights shall be marked with their equivalent weights in the following manner:

किलो 100 kg

(b) The counterpoise weights shall be hexagonal in shape with the slot of a suitable size to allow them being placed on the counterbalance.

(c) The counterpoise proportional weights shall be made of cast iron, preferably of Grade 10B specified in IS:210—1950 or brass of grade 3 of IS:292—1951.

(d) The proportional weights shall have one rectangular loading hole which should be undercut or tapering inside so as to hold lead securely for adjustments. The undercut hole shall be reasonably large to accommodate the lead required for normal wear and tear. The surface of the lead in the loading hole, when new, shall be at least 3 mm. inside from the bottom surface of the weight.

(e) In the case of platform machines provided with proportional counterpoise weights, the smallest denomination of the counterpoise weight shall be equivalent to the maximum graduation on the minor steelyard.

(f) The denomination of the proportional weights shall be in the ratio of 1:2:2:5 and the total equivalent weight of all the proportional weights provided shall not exceed the capacity of the weighing machine.

Note.—While arriving at the capacity of the platform machines, the maximum graduation shown on the steelyard in the case of loose weight platform machines and on the minor steelyard in the case of no-loose weight type machine shall not be taken into account.

5. Verification

(a) The steelyard of the platform machine shall remain horizontal at no load. With one-quarter of the maximum load or as near thereto as is practicable, the platform machine shall indicate the same weight within half the prescribed limits of error, whether the load is placed in the centre or on any of the four corners of the platform.

(b) Platform machines shall be verified to verify the accuracy of any graduation up to the total capacity. All loose counterpoise weights, where such are provided, shall be verified and suitably sealed to prevent tampering.

(c) When a platform machine is fitted with relieving gear, the prescribed limits of error shall not be exceeded when the machine is put steadily out of and into gear. The plate or platform shall be entirely disengaged from its bearings when the machine is in relief.

(d) Dial machines shall be verified for error only. No sensitiveness test shall be taken on such machines. The error at any load shall not exceed the limits prescribed in Table 20.

(e) Platform machines with the steelyard arrangement shall be verified for error as well as for sensitiveness at full load. The permissible errors and sensitiveness are indicated in Table 20.

(f) Platform machines shall not be verified for sensitiveness at loads less than full load.

6. Sealing

A stud or a plug of soft metal shall be provided on the steelyard for receiving the seal in the case of steelyard weighing machines. In the case of dial machines, such a plug shall be provided either on the dial where it is accessible or otherwise on the body of the machine.

PART VII—WEIGHBRIDGES

1. Definition

Weighbridge is a weighing instrument constructed with compound levers with the indicator system carried on foundations separate from the lever systems to weigh loads of a capacity of 3,000 kg. and over, through the medium of proportional weights or indicating mechanism.

Note—Weighbridges of 2,000 kg. and below, commonly known as Dormant Platform Machines, are also included in this Part.

2. Capacities

Weighbridges shall be of one of the capacities mentioned in Table 25.

3. Design and Construction

(a) The steelyard of a weighbridge shall not involve any readily removable parts except the support for the counter poise. There shall be one or more stops to prevent the sliding poise or poises from travelling behind the zero mark.

(b) The minimum travel of the steelyard in weighbridges shall be 13 mm. bothways.

(c) If a movable hutch, barrow, frame or bucket is used instead of the ordinary platform, it shall form an essential part of the machine without which it cannot be balanced.

(d) All loose counterpoises shall be identified with the machines by a number or other sufficient mark of identification which shall be indelible. They shall be marked with their equivalent weights in the following manner:—

किलो 100 kg

(e) Proportional weights shall be of the hexagonal shape with a slot of a suitable size to allow them being placed on the counter balance.

(f) The proportional weights shall be made of cast iron preferably of the grade 10B of IS:210—1950 or brass of grade 3 of IS:292—1951. The proportional weights shall have one rectangular loading hole which should be undercut or tapered so as to hold load securely for adjustment. Surface of the load in loading hole, when new, shall be at least 3 mm. inside from the bottom surface of the weight.

(g) The smallest denomination of the proportional weight shall be equivalent to the maximum graduation on the minor steelyard.

(h) The denomination of the proportional weight shall be in the ratio of 1:2:2:5 and the total equivalent weight of all the proportional weights shall not exceed the total capacity of the weighbridge.

Note—While arriving at the capacity of the weighbridge, the maximum graduation shown on the steelyard in the case of loose weight weighbridges and on the minor steelyard in the case of no loose weight type weighbridge shall not be taken into account.

(h)(i) The balancing arrangement for daily wear and tear shall have a range between 0.25 per cent. and 0.5 per cent. of the capacity of the machine and not less than 0.125 per cent. of the capacity each way (see Table 26). The balance box containing the balancing ball shall be securely attached to the steelyard, preferably by passing a bolt through the casing of the steelyard. The balancing ball shall be actuated by a detachable key.

(j) The following provisions shall apply to weighbridges with dials:

(i) Rack and Pinions shall be of hard wearing material.

(ii) The extremity of the index shall, in no position, be at a greater distance from the graduated surface of the dial than 5 mm. and shall be made to meet but not to obscure the graduation mark (except where dual graduations are made).

(iii) The dial shall be graduated into reasonably equal parts and minimum width apart of the graduation shall not be less than 3 mm.

(k) (i) The framework shall be built up of mild steel rolled sections or cast iron or steel casting. It shall be of rigid structure, strengthened suitably so that it will be capable of resisting any vibration and shall not throw the lever system out of alignment due to any subsidence of the foundation.

(ii) Brackets shall be cast on the side frames to support the framework.

(l) (i) Where relieving gear is fitted, the relieving apparatus shall disengage the under-lever and save the knife edges from shock or wear.

(ii) The plate or platform of the machine shall be entirely disengaged from its bearings when the machine is in relief.

(m) All knife edges and steel bearings shall be of special high quality steel accurately lapped to gauge after hardening and shall be interchangeable (steel knife edges and bearings which are welded into iron may also be permitted). Knife edges and steel bearings shall be readily replaceable without dismantling so that the weighbridge can be maintained in perfect working order. The knife edges and bearings shall be accurately and firmly secured in machine beds preferably by two shanks and nuts or alternatively by bolts and nuts or setscrews. All knife edges and bearings shall be protected against dirt and corrosion.

(n) The platform shall be of steel chequered plate and shall be rigid. Accessibility to the pit shall be ensured.

4. **Verification**

(a) All weighbridges shall be verified for sensitiveness and error at full load and shall comply with the requirements of Table 25. When fully loaded, the load being equally distributed on the platform, it shall indicate the weight correctly with no greater error in excess or deficiency (if any) than permitted.

(b) In the case of dial machines, verification of numbered graduations up to the total capacity of the machine, or to such smaller capacities as the minimum graduation on the steelyard may indicate, shall be carried out.

(c) Loose counterpoises, where they are provided, shall be verified.

(d) The machines shall be verified by adding loads equal to the major divisions or notches, and then ascertaining that additional load equal to the value of one notch or division is correctly indicated.

(e) The verification of dial machines shall be carried out in a similar manner with the exception of sensitiveness verification.

(f) The verification for sensitiveness and error other than in dial machines, is to be made at maximum load or as near thereto as possible.

(g) With one quarter of the maximum load or as near thereto as is practicable, the weighbridge shall indicate the same weight within half the prescribed limits of error whether the load is placed in the middle or at any of the corners of the platform.

(h) When provided with a relieving gear, the prescribed limits of error shall not be exceeded when the machine is steadily put out of or into gear.

5. **Marking**

All parts of each weighbridge shall be indelibly numbered or marked so as to facilitate erection at site.

6. **Sealing**

(a) Dial machines shall be fitted with a soft metal plug to receive a seal and wherever practicable, this plug shall be passed through the dial and frame. The plug or stud fitted on the dial shall be so supported as to allow no risk of injury to the instrument.

(b) On weighbridges other than dial machines, a plug or stud shall be provided in a conspicuous position on the indication lever or steelyard.

National Carbon Co. (India) Ltd., Pollock House, 18, Brabourne Road, Calcutta, and one of their workmen Shri Abdus Sattar represented by the Hindusthan Drivers' Union, 3/1 Mangoe Lane, Calcutta, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Labour Court;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. National Carbon Co. (India) Ltd., Pollock House, 18 Brabourne Road, Calcutta, and one of their workmen, Shri Abdus Sattar, represented by the Hindusthan Drivers' Union, 3/1 Mangoe Lane, Calcutta. (Case No. VIII-C—180/58.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

Appearances:

For the Company: Shri J. N. Chatterjee, Assistant Labour Adviser, Messrs. Indian Engineering Association.

For the Union: Shri M. A. Quoraishi, Secretary, Hindusthan Drivers' Union.

Government of West Bengal, Labour Department, by their order No. 3453-I.R./IR/10L-45/58, dated Calcutta, the 18th August 1958, referred to the Second Labour Court, an industrial dispute under section 10 of the Industrial Disputes Act, between Messrs. National Carbon Co. (India) Ltd., and one of their workmen Shri Abdus Sattar, represented by the Hindusthan Drivers' Union, for adjudication.

Issue contained in the order of reference is as follows:—

Is the dismissal of Shri Abdus Sattar justified? What relief is he entitled?

AWARD

The case was taken up for hearing on 18th August 1959. The representatives of both sides opened their cases. Shri J. N. Chatterjee, Assistant Labour Adviser, Messrs. Indian Engineering Association, raised a preliminary objection that this is not an industrial dispute. His contention is as follows:—

The case of the dismissed workman Shri Abdus Sattar has been taken up by the Hindusthan Drivers' Union. Messrs. National Carbon Company (India) Ltd., his alleged employers, have in their employ about 2,000 workmen of whom 12 or 13 are drivers. Some of those drivers are members of the Hindusthan Drivers' Union. The remaining employees have no connection with that Union. As such, it cannot be maintained that the case of Shri Abdus Sattar has been espoused by a large number of the workmen employed by the company.

Shri M. A. Quoraishi, Secretary of the Union, admits that the employees of the company who are not drivers are not members of this Union. He does not agree that there are about 2,000 employees of the company; but he admits that there is a large number of workmen employed by the company who are not drivers.

So it is admitted that the Hindusthan Drivers' Union is not a trade union of the employees of the company in question. It is now a settled law that a dispute between an employer and one of his workmen is by itself not an industrial dispute which can be referred under section 10 of the Industrial Disputes Act; but such a dispute might be transformed into an industrial dispute, provided the case of the particular workman is taken up by a majority of the workmen in the particular industrial establishment or by a Union of such workmen. In this case it is clear that a large majority of the workmen of the company in question have taken no interest in the dispute. It has been admitted by Shri M. A. Quoraishi, that his Union which has taken up the case of Shri Abdus Sattar is a Union of motor drivers employed by various establishments. Such a Union can have no locus standi in a dispute between Messrs. National Carbon Company (India) Limited and one of their workmen. In holding so, I have the authority of the decision of Hon'ble Mr. Justice Sinha J., in the case of Express Newspaper Private Limited versus First Labour Court, West Bengal and others reported in Indian Factories Journal, Volume XVI, Part III, at page 93. So the net result is, as if Shri Abdus Sattar was fighting his case alone, unsupported by his fellow workmen.

Hence I hold that the dispute between Messrs. National Carbon Company (India) Limited and Shri Abdus Sattar is an individual dispute and not an industrial dispute. So the above reference made by the Government is invalid.

In view of my above finding I do not enter into the merits of the issue mentioned in the order of reference.

Presiding Officer,
Second Labour Court.

No. 4249-I.R./IR/10L-45/58.—31st August 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 3453-I.R. /IR/10L-45/58, dated the 18th August 1958, the industrial dispute between Messrs. National Carbon Co. (India) Ltd., Pollock House, 18 Brabourne Road, Calcutta, and one of their workmen Shri Abdus Sattar represented by the Hindusthan Drivers' Union, 3/1 Mangoe Lane, Calcutta, regarding the issue mentioned in the said order, being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the Second Labour Court for adjudication;

And whereas during the pendency of proceedings before the said Labour Court Shri Md. Hakim and Shri Md. Shamsul Hoda, workmen of the said company, made a complaint in writing to the said Labour Court against the said company alleging that the said company had dismissed the said workmen concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Labour Court has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, filed by Shri Md. Hakim, and Shri Shamsul Hoda, workmen of Messrs. National Carbon Company (India) Ltd., against the aforesaid company in connection with Government order No. 3453-I.R./IR/10L-95/58, dated 10th August 1958. (Case No. 61 of 1958, under section 33A.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

Government of West Bengal, Labour Department, by their order No. 3453-I.R./IR/10L-45/58, dated 10th August 1958, referred an alleged industrial dispute between National Carbon Company (India) Ltd. and one of their workmen Shri Abdus Sattar to this Court for adjudication. During the pendency of that reference Shri Md. Hakim and Shri Md. Shamsul Hoda, describing themselves as workmen of the above company have filed this complaint under section 33A of the Industrial Disputes Act alleging that they were dismissed while the above reference was pending and praying for action. In case No. VIII-C-180/58, I have held that the alleged industrial dispute between Messrs. National Carbon Company (India) Ltd. and Shri Abdus Sattar is not an industrial dispute. Thus the very basis of the complaint that the complainants were dismissed during the pendency of an industrial dispute fails. So I hold that this complaint under section 33A of the Industrial Disputes Act is not maintainable. Accordingly I reject it.

Barua Bakery Private Ltd., a Private Limited concern. Both these workmen were dismissed by the company on 16th August 1958 after chargesheet for misconduct not connected with the dispute pending before this tribunal for adjudication. It is an admitted fact that both these two workmen were dismissed on 16th August 1958 during the pendency of an industrial dispute between the company in question and its workmen referred to this tribunal for adjudication by Government order No. 1882-I.R./IR/11L-198/58, dated 10th May 1958.

In each of these two applications under section 33A of the Industrial Disputes Act, the complainant's grievance is that he was wrongfully discharged by the management without any proper enquiry and on false charges. In both the applications the complainant prays for reinstatement with full compensation for the period of forced idleness on the ground that the dismissal is unjustified.

The company, namely, the opposite party, takes up the same defence in both the applications, viz., that the complainant in each case was lawfully dismissed from service after proper chargesheet and enquiry for gross misconduct and negligence of duty. The charge against the complainant Sattar Ali is that he intentionally dropped down a "khami" on the uncleaned ground and put the uncleaned "khami" into the mould for preparing bread for consumption by the public and that of Golam Mustafa is insubordination.

Evidence was led in each case on both sides including oral and documentary evidence.

Case No. 13 of 1959 under section 33A of the Industrial Disputes Act

In this case the complainant is Sheikh Golam Mustafa. Charge-sheet against him is Ext. 1, dated 12th August 1958. It shows that the company opposite party's allegation against this complainant was that when the Factory Manager Priodarshi Babu was taking to task Sattar Ali the complainant in the other case, this complainant Golam Mustafa accused Priobrato Babu of being a liar. So the main charge against Golam Mustafa was his disobedient conduct and use of insulting words by him to Priobrata Babu. To this chargesheet the joint reply by Golam Mustafa and Sattar Ali the complainant in other case, was that he did not misbehave with the management nor try to insult his superior by insubordination or obstinacy. Golam Mustafa has been examined as P. W. 1. His evidence is that the allegations made by the management in the charge-sheet (Ext. 1) against him are not true. This is also his contention in his reply to the charge-sheet (Ext. C) which was admittedly handed over to D. W. 1 Shri Priodarshi Barua the Factory Manager on 15th August 1958. The incident regarding the khami (kneaded flour for preparation of bread) is said to have taken place at about 5-30 p.m. on 12th August 1958 and an on the spot enquiry was held by D. W. 2 Shri Priobrata Barua. The evidence of D. W. 2 is that the present complainant Golam Mustafa called him a liar during the enquiry. It transpired from evidence of this witness that Goljar Ali and Surendra Lal Muharrer were eye-witnesses to this incident but none of them have been examined in the present case. So the evidence of D. W. 1 supporting the charge-sheet against the complainant Golam Mustafa stands uncorroborated and it is faced with a denial by Golam Mustafa both in his reply to the charge-sheet Ext. C as well in his sworn testimony before this tribunal. This is all the evidence to make out a charge of insubordinate conduct against Golam Mustafa as found from analysis of evidence on record. Now the question for decision is whether the dismissal of the complainant Golam Mustafa by the company on 16th August 1958 for alleged misconduct was justified. Regarding the maintainability of the present application under section 33A by Golam Mustafa there is no dispute. He was dismissed during pendency of an industrial dispute for misconduct not connected with the dispute and presumably according to rules and conditions of service of workmen though not strictly called standing orders. It is also admitted that before his dismissal no approval of the action of dismissal by the company was taken by application before this tribunal under section 33(2)(b) of the Industrial Disputes Act. Therefore, the dismissal was evidently in contravention of section 33(2)(b) of the said Act, and as such the present application is maintainable.

Secondly, regarding the merits, it is now well-settled that an application under section 33A being in the nature of a reference under section 10 of the Industrial Disputes Act, the tribunal can give the complainant appropriate relief by way of reinstatement or compensation or both in case his dismissal is found to be unjustified. It is not denied that the management of the concern has power to direct its internal administration and discipline. In cases of dismissal for misconduct the tribunal can intefere to see whether the termination of service of a workman is justified and to give appropriate relief. Although the tribunal does not act as a Court of Appeal and substitute its own judgment for that of the management, it will interfere with the action taken by the management in the following cases, viz.—

(1) when there is want of good faith,

(2) victimisation for unfair labour practice,

(3) when the management is guilty of a basic error or violation of principle of natural justice, and

(4) when on the materials the finding is completely baseless or perverse.

(Vide the decision of the Hon'ble Supreme Court in Indian Iron & Steel Co., Ltd. versus their workmen reported in 1958 L.L.J. Vol. I page 260.) In another case, viz., Shri Radha Raman Bajpai and ors. versus Labour Appellate Tribunal and others, reported in 1957 L.L.J. Vol. II page 15—a decision of the Allahabad High Court, it has been held that the tribunal in case of dismissal for misconduct of a workman by the management shall consider three questions, namely:—

(1) whether the workman was found guilty of misconduct by the employer,

(2) whether the correct procedure was followed in arriving at the finding, and

(3) whether the misconduct was visited with dismissal.

In the instant case Golam Mustafa was charged with misconduct on account of his insubordination and insulting words used to one of the Directors of the company. The evidence is oath versus oath as I have already discussed. Two other eye-witnesses who are said to have seen the incident were not examined on behalf of the management. In the circumstances, I cannot but hold that on the materials before the management the finding arrived at by the management was baseless and the alleged misconduct could not be visited with dismissal. Secondly, in conducting the enquiry against the present complainant the management did not act fairly and according to the principles of natural justice. Admittedly there is no record of the proceedings of the enquiry said to have been held by the management against this complainant on 16th August 1958 except the finding itself in the book (Ext. B). The complainant says on oath that no enquiry was held and he was not given any opportunity of defending himself. He was called to the office of the Directors, D. Ws. 1 and 2 at about 11 a.m. on 16th August 1958 and was immediately told that he was dismissed. D. W. 1 Priodorshi Babu has said in his evidence that he did not ask this complainant to attend the enquiry with any witness and he did not take down the statements of Arjun, Guljar Ali and others who are said to have been present during the enquiry. In the circumstances, I find that the enquiry held by the management against this complainant was in clear violation of the principles of natural justice. Under these circumstances, the dismissal of the complainant Golam Mustafa is not justified and he is entitled to reinstatement with half the back wages for the period from 16th August 1958—the date of his dismissal up to the date of his reinstatement. The management is accordingly directed to reinstate the complainant Golam Mustafa within 30 days from the date of publication of this award and to pay him half his back wages for the period from 16th August 1958 to the date of his reinstatement. If, however, the complainant does not join immediately on reinstatement, he will not be entitled to the reliefs given to him under this award.

Case No. 14 of 1959 under section 33A of the Industrial Disputes Act.

Next I take up the Case No. 14 in which the complainant is Sattar Ali. The facts of the case are similar to those in the former case. It is not disputed that the application under section 33A of the Industrial Disputes Act by this complainant is maintainable in law as his dismissal was made without any application by the management to the tribunal for approval of its action.

As regards merits, it is found that on 12th August 1958 Sattar Ali was given a charge-sheet on the allegation that he dropped a khami (kneaded roll of flour) on the ground and used this uncleaned khami in preparing the bread. The charge-sheet is Ext. 1. On that very date an enquiry was held by the management on the spot and the complainant Sattar Ali denied the allegation and told the management that the khami had fallen down on the ground while he was working at it. In reply to the charge-sheet on 15th August 1958 (Ext. C) Sattar Ali told that the incident had happened without any intention on his part and he asked the management to review the fact sympathetically and impartially. On 16th August 1958 while he was called to the office of the Director the complainant told the Director that they had not damaged the khami which had fallen on the ground. All along Sattar Ali took the defence that he had not dropped the khami intentionally but that it had fallen down on the floor while he was working on the same. He denied the allegation that he intentionally used the uncleaned khami for preparing the bread. His evidence is that under the instructions of Jwahar Ali, the khami which had dropped down was kept apart and he denied the suggestion that Jwahar Ali cleaned that khami and asked him to prepare bread out of it. Jwahar Ali is not examined in this case. So from the materials on record the finding arrived at by the management against Sattar Ali that he had intentionally damaged the khami and used the uncleaned khami in preparing bread cannot be hold to be a possible and legitimate finding. So on the materials on record the misconduct of Sattar Ali was not of such a nature which could be visited with dismissal in all fairness.

Secondly in conducting the enquiry against Sattar Ali in regard to the alleged charge the management has not been fair and has not observed the principles of natural justice. On 16th August 1958 Sattar Ali was called and informed by the Directors that he was dismissed for misconduct. He was not asked to give come with witnesses. The other witnesses present according to the management were examined but no record was kept of their statements. In its book (Ext. B) the management only recorded the finding of dismissal and not the evidence upon which it was founded. In the circumstances, it is clear that no proper and fair enquiry was held into the matter so far as the charge against Sattar Ali was concerned. The enquiry thus held clearly violated the principles of natural justice. In view of these findings I hold that dismissal of Sattar Ali is not justified and I direct the company to reinstate Sattar Ali with half of his back wages for the period from the date of his dismissal, namely, 16th August 1958 to the date of reinstatement. The company is directed to reinstate Sattar Ali within 30 days from the date of publication of this award. If, however, Sattar Ali does not join immediately on his reinstatement, he will not get any benefit under this award.

This is my award. This award shall govern both the cases, viz., Case No. 13 of 1959 and Case No. 14 of 1959.

BEFORE THE FIRST LABOUR COURT,

Present:

Shri N. C. CHATTERJEE, Judge, First Labour Court.

The Government of West Bengal, in the Department of Labour, by order No. 4058-I.R./IR/KW/8L-16/57, dated 30th October 1957, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Shree Hanuman Cotton Mills Ltd., Fuleswar, Howrah, and their workmen represented by Shree Hanuman Cotton Mills Workers' Union, Fuleswar, Howrah, regarding matters specified in the second schedule of the Act, to this Court for adjudication:—

Schedule

Whether the dismissal of the workmen named in the list to the order of reference is justified? What relief including reinstatement are they entitled to?

AWARD

This is a case arising out of alleged unjustified and illegal dismissal of 33 workmen previously employed in Shree Hanuman Cotton Mills Ltd., Fuleswar, Howrah, hereinafter referred to as the Company for the sake of brevity.

The Union contends that the workmen concerned were dismissed on the charge of an incident alleged to have been committed by them on 27th October 1956. The Company, however, dismissed them without any enquiry, without waiting for the decision of the Criminal Court which held that their guilt was not proved beyond reasonable doubt. It is further alleged that the Company victimised them for their active trade unionism.

The Company, on the other hand, denies the Union's allegations and contends, inter alia, that some workmen left their employment of their own accord; that there was a fracas in the Mills over raising of subscriptions by an outsider in course of which wages of employees were looted by one Ramanand Bhadury and almost all other workmen. The Company, thereupon, drew up charges against the workmen and duly found them guilty and dismissed them. In short, the Company justifies the dismissal of the workmen.

Decision

On the date fixed for trial, representatives of both parties amicably settled the dispute and put in a petition of compromise praying it to be made a part of the award. The terms of compromise appear to be fair, reasonable and lawful and may be given effect to. The dispute is, therefore, disposed of in terms of the petition of compromise which do form a part of the award.

This is my award.

Issues

1. Whether the proposed closure is real and bona fide and whether in the present circumstances it is justified?
2. Whether the proposed closure is due to circumstances beyond the control of the employers? To what relief, if any, including compensation under section 25FFF of the Industrial Disputes Act, 1947, are the workmen entitled?

After usual notices were served upon the parties, the union, the Central Agency (Calcutta) Employees' Union, filed its written statement on 3rd November 1958; while Messrs. Central Agency Ltd. (henceforward to be described as the Company) filed its written statement on 19th November 1958. The date of hearing was fixed on 15th July 1959. The hearing was taken up on that date and hearing was concluded on the adjourned date on 23rd July 1959 and arguments were heard and award was reserved.

AWARD

Issue No. 1: This issue relates to the proposed closure of the Calcutta Depot of Messrs. Central Agency Ltd., a mercantile firm having its Head Office in Bombay and other zonal offices and depots in India including the depot in Calcutta. The Calcutta Depot was one of the zonal units of the company and the present dispute relates to the employees of this depot. According to the written statement of the company, the company is engaged solely in selling on commission and does not manufacture cotton threads for sewing, embroidery and other purposes. According to the written statement of the union, the main business of the company is manufacture of cotton thread for sewing, embroidery and other purposes. The Calcutta Depot of the company used to control the business centres in West Bengal, Bihar, Orissa, Nepal and Andamans which were under Calcutta Depot. According to the company it was faced with difficulties in maintaining its depot in Calcutta on account of loss of trade in East Pakistan and for other reasons as set forth in the Annexure C of the union's written statement. The only way of recovery was found in the reorganisation of the business in such a way that the loss in business suffered would be compensated by reduction in expenditure. As the company found it difficult to continue its Calcutta Depot for economic reasons, it served a notice upon its workmen, dated 18th March 1958 which was received by the workmen on 20th March 1958 intimating to them its decision to close down Calcutta Depot on and from 30th of September 1958 and full retrenchment compensation was paid by the company to its employees under the relevant provision of the Industrial Disputes Act. After the closure of the Calcutta Depot, the business originally done by the Calcutta Depot was distributed and was done through other Depots, namely, West Bengal being controlled by Bombay Depot, Bihar by Delhi, Orissa by Madras, Assam by Bombay and Nepal by Delhi (vide P.W. 1 Shri Basanta Kumar Banerji, formerly Manager of the Calcutta Depot of the Company in question).

The union alleges that this proposed closure of the Calcutta Depot by the Company as per notice (Annexure C) and its ultimate closure on 30th September 1958 is illegal, mala fide and not warranted by circumstances and is not justified. The union, therefore, pressed that the company may be directed to reopen the Calcutta Depot with all the staff as on 30th September 1958 with full compensation for the period of non-employment. It prays in alternative for adequate compensation for premature termination of services of the employees in excess of relief provided for in the Industrial Disputes Act. The company contends that the closure is legal and bona fide and warranted by circumstances and that the employees are not entitled to the reliefs claimed.

The notice, dated 18th March 1958 by the company upon its employees for proposed closure Ext. 3 is admitted. It is also admitted that the Calcutta Depot of the company was actually closed on 30th September 1958 and it is not functioning. The evidence of P.W. 1 Shri Ajit Kumar Ganguly, one of the employees in the Calcutta Depot of Central Agency Ltd. and Secretary of the Central Agency (Calcutta) Employees' Union, clearly confirms the case of the company that the Calcutta Depot was closed on 30th September 1958 after notice (Ext. 3). It further admits that after closing of the Calcutta Depot, the business formerly done by the Calcutta Depot continues to be done partly from Bombay and partly from Delhi Depot. It is alleged by the union that a new depot has been opened at Gauhati for control of business in Assam. But according to the company merely a stock-point and not a depot has since been opened at Gauhati. Be that as it may, it is an admitted fact that the Calcutta Depot of the company was closed for all practical purposes on and from 30th September 1958 and that business formerly done by the Calcutta Depot is being done in Calcutta by the Company through Bombay and Delhi.

An employer's right to close down its business is guaranteed by the Constitution and it has been held in the case of Employees of Messrs. India Reconstruction Corporation Ltd. versus Messrs. India Reconstruction Corporation Ltd., Calcutta, reported in 1953 L.A.C. page 563 that it is the absolute right of the owner of a business or undertaking to close it, provided the act of the owner in closing its business or winding up its undertaking is bona fide. It has further been held in the case of Messrs. British India Steam Navigation Co., Ltd., versus Shri S. Salvadore and 45 others reported in 1953 L.A.C. page 717 that the closure of a business or undertaking means the winding up of the entire business or undertaking at a particular local area at least and not abolition of a department or section. In the instant case it is an admitted fact that the company had only one business, that namely, a depot in Calcutta and that depot was entirely closed on and from 30th September 1958. Therefore, the winding up of the Calcutta depot in its entirety by the company in question constitutes a closure in the eye of law and in the real sense of the term.

Now the question will be whether this proposed closure or the closure is real and bona fide and justified by the present circumstances. The company has enumerated specific reasons for the proposed closing down of the Calcutta Depot six months in advance of the actual closure by notice, dated 18th March 1958 (Ext. 3) received by its workmen on 20th March 1958. The grounds are the following:—

(1) The loss of trade in East Pakistan formerly served by Calcutta Depot.

(2) The loss of English Sewing Cotton and Alexander & Finlay Thread Co. business which would be handled after 31st March by Alexander & Finlay Thread Co. themselves.

(3) The ban on further imports of sewing thread, hand sewing needles and fasteners. In place of the thread which was formerly brought from overseas to the Port of Calcutta the company would now be distributing only the sewing thread made by Jumma Thread Mills in Kerala.

(4) The growing competition in the thread trade in India which required that all manufacturers got their goods to the consumers as cheaply as possible.

These grounds or the difficulties on account of which the company decided to close down the business done through the Calcutta Depot could not be seriously challenged on behalf of the union. The Secretary of the union P.W. 1 merely makes a grievance that the company never informed him about the loss it suffered in business in Pakistan. He himself does not admit of any such loss. As regards the other 3 grounds no challenge has been thrown in evidence on behalf of the union.

It has been aruged on behalf of the union that unless the company can establish before the tribunal that it suffered loss in business before the proposed closure or at the time of closure, the closure cannot be justified and held to be bona fide and that no balance-sheet has been produced by the company to show that it suffered any loss of business. Ext. 15 refers to the Indian Profit and Loss Account of the company for the year ending on 31st December 1955. It shows the total balance arising out of the trading results of Branches or Depots in Calcutta, Delhi, Bombay, Madras and other places. In Ext. A (Annexure 2 of company's letter, dated 17th May 1958) addressed to Shri S. K. Basu, Assistant Labour Commissioner, Government of West Bengal, the company furnished sale figures for 10 years commencing from 1948 down to April 1958. These figures relate to Calcutta Depot according to the company. This would show that in 1957 the sale figure was Rs. 25,97,000 as against the figure for the period from 1951 to 1956. The sale figure for first four months of 1958, i.e., from January to April 1958, indicates gradual fall in profits though not of any huge amount. The reasons for closure given in notice Ext. 3 as also in the letter Ext. A with the Assistant Labour Commissioner, have not, of course, been supported by any document of the company, save and except a statement in Annexure B of the company's written statement (Ext. B) showing restriction on imports by Calcutta Depot as also by the evidence of the former Calcutta Depot Manager Shri Banerji (D.W. 1). On behalf of the union the reasons given for closure, as I have already stated, could not be seriously and effectively challenged except by mere denial in paragraph 17 of its written statement. All that the company wants to say is that on account of financial difficulties and the loss in business the company could not maintain the Calcutta Depot and it had no other alternative than to close down the same.

The fact of closure of the Calcutta Depot is admitted on both hands. The employer's right to close down the business cannot be disputed under the law. So the only question will be so far as the present issue is concerned whether the proposed closure or the closure itself was bona fide or justified by the circumstances alleged by the Company. From the evidence on record and from the pleadings I am satisfied that there were circumstances in existing which could justify the discontinuance of the Calcutta Depot by the company on account of reduction in the business profits of the Calcutta Depot and for import restrictions. The conduct of the company appears to be fair and bona fide from the fact that it gave six months' notice instead of one month's notice to all its employees setting forth its difficulties to continue the Calcutta Depot any longer and affording its workmen an opportunity of seeking their employment elsewhere in the meantime. The company also offered to pay them the full amount of compensation as provided for in the Industrial Disputes Act as also other benefits in the shape of gratuity, Provident Fund and cash value of earned leave not availed of to the employees under the terms and conditions of service of the employees concerned. It is further evident from the deposition of D.W. 1 Shri Banerji formerly Manager of the Calcutta Depot, the employees of the Calcutta Depot have been paid retrenchment compensation under the law and also Provident Fund and Gratuity and cash value of the earned leave not availed of, to which they were entitled under the terms of employment.

From above facts and circumstances I find that the proposed closure and eventually the closure itself is real and bona fide and justified by the circumstances of the case. The union's contention that the closure was mala fide and that the company was actuated by a motive of victimisation of the employees of the Calcutta Depot for their trade unionism, does not appeal to me to be of any substance in view of the facts and circumstances and the relationship between the company and its workmen of the Calcutta Depot as disclosed in the evidence of the case. The terms offered to employees on closure in the notice to terminate the services of its employees (Ext. 3) would clearly indicate that the company had no motive to victimise its employees. It transpires from evdenence of D. W. 1 Shri Banerji that three of the former employees of Calcutta Depot Shri Kapoor, Shri Berry and Shri Nandy have been employed in other depots. In the concluding paragraph of the notice (Ext. 3) the company intimated its desire that if the services of any member of the staff affected by the closure would be required by the company elsewhere, he would be offered alternative employment and provided he would accept the same his continued service with accrual of service rights would be maintained but no retrenchment compensation would be paid.

From these facts and circumstances I decide issue No. 1 in favour of the company holding that the proposed closure as well as the closure itself is bona fide, real and justified by the circumstances of the case.

Issue No. 2: In view of my findings on issue No. 1, the first part of issue No. 2 does not call for any decision because the company does not plead that it closed the Calcutta Depot due to circumstances beyond the control of the employer and does not seek the protection of proviso to section 26FFF(1) of the Industrial Disputes Act. In this case the company has paid full compensation to its employees of the Calcutta Depot under section 25FFF(1) read with section 25F of the Industrial Disputes Act and has not limited the compensation to the average pay for three months only.

Next as regards the relief including the compensation under section 25FFF of the Industrial Disputes Act, to which the employees of the Calcutta Depot would be entitled in the present circumstances of the case—I must say that the proposed closure and the closure itself having been found to be real, bona fide and justified, the employees of the Calcutta Depot are only entitled to the compensation as laid down in section 25FFF (1) read with section 25F of the Industrial Disputes Act, nothing more and nothing less. Section 25FFF(1) lays down that where an undertaking is closed down for any reason whatsoever, every workman who has been in continuous service for not less than one year in that undertaking immediately before such closure, shall *** be entitled to notice and compensation in accordance with the provisions of section 25F, as if the workman had been retrenched. The conditions precedent to retrenchment of workmen under section 25F of the Act are:—

(1) that the workman has been given one month's notice in writing indicating the reasons for retrenchment and the period of notice has expired or the workman has been paid in lieu of such notice wages for the period of the notice,

(2) that the workman has been paid at the time of retrenchment compensation which shall be equivalent to 15 days' average pay for every completed year of service or any part thereof in excess of six months, and

(3) notice in the prescribed manner is served upon the appropriate Government.

In the present case it is an admitted fact that six months' notice was given by the company to its workmen intimating them about the proposed closure which was to take place on 30th of September 1958. A notice was duly served upon the employees on 20th March 1958 and it is not disputed that during the period of notice the employees got their wages. It has further been proved by the company that the retrenchment compensation according to section 25F(b) was paid to the employees upon closure of the Calcutta Depot on 30th September 1958 along with other dues to which the workmen were entitled under the terms of their employment. One of the employees P.W. 1 Shri Ajit Kumar Ganguli, the Secretary of the Union, has admitted that he has got his total compensation amounting to Rs. 3,416.21nP. as per receipt Ext. C from the company on the date of closure i.e., on 30th of September 1958. No other employees come and deny the receipt of compensation upon closure in terms of section 25F of the Industrial Disputes Act. The evidence of D.W. 1 Shri Banerji, formerly Calcutta Depot Manager, is to the effect that upon closure all the employees whose services were terminated by notice Ext. 3 were paid all the compensation to which they were entitled under the law.

As the termination of service of the employees of the Calcutta Depot was consequent upon the lawful and bona fide closure of the Calcutta Depot, the retrenchment of these employees is justified under the law and as such the employees cannot legally claim any more compensation than what has been provided for in section 25F of the Industrial Disputes Act and which has already been paid to them upon the closure of the depot itself on 30th September 1958. On behalf of the company it is claimed that some more compensation should be given to them on account of the premature termination of their services in as much as an employee has a right to continue till legally discharged. In the present case from the facts and circumstances as proved by evidence it has been found that retrenchment was legal and justified and therefore, the employees of the Calcutta Depot are not entitled to any further compensation than what has already been paid to them in terms of section 25F of the Industrial Disputes Act. The workmen cannot claim any further compensation on the basis of the concept of social justice even apart from the provisions of section 25F of the Industrial Disputes Act as held in the case of Bharatia Machine Tools Co., reported in 1956 L.A.C. page 409 at page 421.

Under these circumstances, I hold that the employees of the Calcutta Depot which has been lawfully closed, are not entitled to any further relief than the compensation that has been paid to them under the provision of section 25FFF(1) read with section 25F of the Industrial Disputes Act. Issue No. 2 is thus disposed of.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Royal Calcutta Turf Club, Post Office Box No. 162, 11 Russell Street, Calcutta-16, and their workmen represented by the Royal Calcutta Turf Club Employees' Union, 249 Bowbazar Street (first floor), Calcutta. (Case No. VIII-192 of 1958.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. R. GHOSH, Judge, Third Industrial Tribunal.

For the Union: Shri D. L. Sen Gupta, Advocate.

For the Company: Shri J. K. Ghosh, Advocate with Shri N. Das Gupta, Advocate.

By order No. 4065-I.R./KW/IR/11L-355/57, dated the 25th September 1958, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Royal Calcutta Turf Club, Post Office Box No 162, 11 Russell Street, Calcutta-16, and their workmen represented by the Royal Calcutta Turf Club Employees' Union, 249 Bowbazar Street (first floor), Calcutta, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

(1) Permanency of workmen.

(2) Whether the temporary workers are entitled to get the benefit of Provident Fund Scheme?

(3) Increment for workmen other than Clerks, Sirdars, Drivers, Electricians, Carpenters and Durwans.

(4) Retiring age.

The reference was received by this Tribunal on 1st October 1958. After usual notices were served upon the parties, the Royal Calcutta Turf Club Employees' Union (henceforward to be called the Union) filed written statement on 15th November 1958 and Messrs. Royal Calcutta Turf Club (henceforward to be called the Company) filed its written statement on 3rd January 1959. After one adjournment of the date of hearing the case was heard on 14th July 1959 and as the hearing could not be completed on that date it was adjourned to 27th July 1959 for further hearing. On that date the hearing was completed, arguments of both sides were heard and the award was reserved.

AWARD

Issue No. 1: This issue relates to permanency of workmen. The Union claims that consistent with the general rules of permanency the workmen of the Company mentioned in Annexure A as well as all workmen including the clerical staff should be eligible for permanency after having completed six months' service in the concern and that the Tribunal should frame rules of permanency accordingly. The case of the Company is that the Company, namely, Royal Calcutta Turf Club has drawn up the cadre of 132 permanent workmen after a careful consideration of the work it has to carry out, namely, to conduct races for six months and a half during the whole year and that it is not possible for the Company to increase its cadre of permanent workmen for reasons of economy and insufficiency of work. The Company thus resists the claim of the Union for making all temporary workers automatically permanent on completion of six months' service. In evidence adduced before this Tribunal by the Company it has been shown that out of the 19 temporary workmen mentioned in Annexure A to the Union's written statement all have been since made permanent except 8 female workers, namely, Josia, Manakia, Halbolia, Parbatia, Phulia, Bondhia, Memy and Paso and one male worker Sudhir Mistry who was offered the permanent post and he declined to accept the same as his pay would be less. He requested the Company to take him as a driver whose scale of pay is a bit higher but he could not be made permanent as he did not take a driver's license and he was given loan to obtain his licence. This is the evidence of D.W. 1 Shri R. R. Madhusudan Reddy, an officer of the racing club. According to the Company its permanent cadre is for 132 workmen. From the document Ext. A filed by the Company it is only found that there are two classes of workmen, namely, permanent workers and temporary workers. But it does not definitely prove that the permanent cadre is 132. It is now established that only 9 workmen out of the entire lot of workmen still remain as temporary workers although they have put in long years of service ranging between 4 years and 14 years. The contention of the Company is that there is no need for framing any rules of permanency regarding the workmen of the Company inasmuch as the few workers who still remain temporary would be very soon absorbed into the permanent cadre and that Company has no intention of recruiting workers from outside in preference to the temporary workers who are in service. It is further urged on behalf of the Company that these temporary workmen are mere seasonal workers and they have got other benefits as mentioned in Ext. A and that the Company follows the practice of filling the vacancy in the permanent cadre as and when occasion arises from among the temporary workers. But the Union demands that there should be rules of permanency for the temporary workers and that they should be held to be permanent after having completed six months of service as it has been decided by awards of several Industrial Tribunals in respect of different industries. To this demand the Company's reply is that any direction upon the Company for making the temporary workmen automatically permanent after completion of a specified period of service as demanded by the Union will disturb the existing cadre of permanent workmen based primarily upon availability of work and will create unfavourable repercussions. But I am unable to appreciate this argument. In this reference there is an issue regarding the retiring age and the parties agreed that this should be fixed at 55. Therefore, there would be automatically vacancies in the permanent cadre on retirement of some of the workers and there would be no disturbance of the existing cadre of the permanent workmen to any great extent if a specified period of service is fixed for qualifying a temporary worker for permanency.

Having regard to the general rules of permanency as fixed by the Industrial Tribunals in respect of workmen of different industries and in consideration of the fact that the existing temporary workmen of the club concerned have put in long years of service without getting all the benefits which a permanent workman gets from this Company and in view of the fact the racing is conducted by the club for 6½ months in the year. I consider it to be fit and proper in the interest of social justice and industrial harmony to fix the rule of permanency as follows:—

Every workman of the club the Company concerned shall qualify himself for permanency after completion of one year's service. Those temporary workmen who have already completed one year's service should be treated as permanent on and from the date on which this award would come into operation.

Issue No. 1 referred to this Tribunal for adjudication is wide enough for making rules of permanency of workmen. Issue No. 1 is accordingly disposed of.

Issue No. 2: It is admitted that under the conditions of service laid down by the Company temporary workers are not entitled to get the benefit of any Provident Fund. It is argued on behalf of the Union that temporary workers should be allowed the benefit of Employees' Provident Fund Scheme as laid down under the Employees' Provident Fund Act, 1958. It is contended on behalf of the Company that this Act does not apply to the present Company which is not a factory. On considering the provisions of the Act concerned, I find that the contention of the Company is well-founded and that the provisions of the Employees' Provident Fund Act, 1952, do not apply to the present Company. From the evidence led on behalf of the Company both oral and documentary (D.W. 1 and Ext. A) it is found that both temporary and permanent workers enjoy some benefits in common but the temporary workmen do not enjoy the benefit of Provident Fund which is allowed to permanent workmen only. In the circumstances, I find that the temporary workers are not entitled to the benefit of the Provident Fund Scheme. So, this issue is answered against the Union.

Issue No. 3: This issue relates to increment for workmen other than Clerks, Sirdars, Drivers, Electricians, Carpenters and Durwans. According to the Union the existing pay of the workmen under the Company is very low and improper and is lower than the prevailing rate of wages in Calcutta Tramway, Calcutta Electric Supply Co., or in other words the living rate of wages in Calcutta proper where the concern operates and the employees live in. The Union accordingly claims Rs. 10 as flat increment for all workmen of the Company other than Clerks, Sirdars, Drivers, Electricians, Carpenters and Durwans with effect from January 1958. The Company contends that this issue refers to ordinary unskilled manual workmen whose consolidated minimum wages consists of Rs. 75.50 nP. per month and that having regard to the nature of their job such wages should be deemed to be adequate. It further contends that this amount together with the other benefits which such workmen enjoy under the Company constitutes more than fair wages. It is also argued on behalf of the Company that as there are no grades and incremental scales already in existence in the Company for such workmen an ad hoc increment of pay cannot be allowed and in support of this contention the Company refers to certain decisions reported in 1953 L.A.C. page 123 and page 714. In both these cases it has been held by the Labour Appellate Tribunal that in the absence of any fixed scales of pay and grades ad hoc increments should not be given. The same view was expressed in another case reported in 1959 L.L.J., Vol. II, page 47. It is not disputed that for the workmen concerned no incremental scale is in existence in the present Company. So in view of these decisions I think that these workmen cannot legitimately claim under the law any ad hoc flat increment of pay, namely, increment of their pay by Rs. 10. Secondly, in view of the total emoluments and benefits which such workers enjoy under the Company the basic pay and D.A., taken together cannot be held to be lower than the fair wages. Under section 2(rr) of the Industrial Disputes Act "wages includes dearness allowance." The basic pay of the temporary workers under this Company ranges between Rs. 25 to Rs. 30. Since August 1958 such workmen have been getting D.A. of Rs. 50.50 nP. (vide Ext. B). So total wages of the workmen concerned ranges between Rs. 75.50 nP. and Rs. 80.50 nP. The basic wage together with D.A. in Major Industries of West Bengal, namely, Jute Textile Industry, Cotton Textile Industry, Engineering Industries and Collieries range between Rs. 67.17 nP. and Rs. 71.00 nP. In the Third Engineering Tribunal the basic wage fixed for unskilled labourers was Rs. 35 per month and D.A. of Rs. 40. So the total wages comes up to Rs. 75. It is urged on behalf of the Union that in the Bengal Chamber of Commerce the minimum basic wage is Rs. 30 and D A. is Rs. 58. The Scales of Dearness Allowance given by the Bengal Chamber of Commerce have been rather generous. But this standard cannot be applied to the workers of the present Company. The amount of D.A. allowed by the Company to these workmen is fully in consistent with the present cost of living index. In these circumstances, I find that the existing total wage of the workmen does not fall much below the fair wage and is adequate. So there is no case for giving them a flat increment of Rs. 10 over and above their existing wages to burden the Company with further financial liabilities. The rule of permanency of workmen already fixed will throw further financial liabilities upon the Company as the permanent workmen will have the benefit of Provident Fund. Under these circumstances I do not allow any further increment of pay for workmen other than Clerks, Sirdars, Drivers, Electricians, Carpenters and Durwans as claimed by the Union. This issue is accordingly disposed of.

Issue No. 4: This issue relates to retiring age. Both the Company and the Union have agreed that workmen of the Company should retire on completion of 55 years. The Union contends that in no case there should be an extension of service. On behalf of the Company it was suggested that provision should be made to enable the Company to have the option to extend the services of any workman who is found medically fit to continue in service and is agreeable to continue in service. Two of the workmen P.W. 1 Shri Lotan and P.W. 3 Shri Thakuria have stated before this Tribunal that they are prepared to work even after the age of retirement to be fixed by this Tribunal if the Company would be willing to have their services extended. In view of the evidence and circumstances referred to above I decide this issue in the following terms; namely, that every workmen serving under the Company shall compulsorily retire on completing 55 years of age. Extension of service is not favoured to the detriment of the claims of the young employees but in exceptional cases where a workman is found medically fit and where both the employer and the employee agree, annual extension of services may be given up to the period of 3 years at the maximum and not beyond that.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Bird and Co. Ltd., Chartered Bank Buildings, Calcutta-1, and one of their workmen, Shri Ramananda Goswami, represented by Association of Employees' Unions, Commercial Buildings, Block No. 3, 2nd floor, 23 Netaji Subhas Road, Calcutta-1. Present:

Shri N. C. CHATTERJEE, Judge, First Labour Court.

Appearances:

For the Union: Shri N. Dutta Majumdar, Counsel, with Shri Jiten Banerjee, Joint Secretary to the Association of Employees' Unions.

For the Company: Shri N. K. Raha, Advocate of Messrs. Orr Dignam & Co., Solicitors, with Shri M. S. Bala, an Officer of the Company.

The Government of West Bengal, in the Department of Labour, by order No. 5136-I.R./IR/11L-48(A)/57, dated 30th December 1957, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Bird & Co. Ltd., Chartered Bank Buildings, Calcutta-1, and one of their workmen, Shri Ramananda Goswami, represented by Association of Employees' Union, Commercial Buildings, Block No. 3, 2nd floor, 23 Netaji Subhas Road, Calcutta-1, regarding matters specified in the Second Schedule of the Act, to this Court for adjudication:—

Schedule

Is the discharge of Shri R. Goswami justified? To what relief by way of reinstatement and/or compensation is he entitled?

AWARD

This is a case arising out of alleged illegal and unjustified discharge of Shri R. Goswami previously employed in Messrs. Bird & Co., Chartered Bank

Buildings, Calcutta-1, hereinafter referred to as the Company for the sake of brevity.

The case of the Union in short is as follows:—The workman concerned—Shri R. Goswami joined the Company as a clerk early in 1943. The duties assigned to him were mainly of clerical nature. Since April 1948 he served under the then H.O. Foodstuff Section (Mr. Caroll). Thereafter in or about September 1954 he was posted to the Personnel Department doing clerical works until the second week of January 1955. From the second week of January 1955 till February 1957 he worked exclusively in the Agency Department as a Salesman. Lastly, he was placed at Agency Accounts Section dealing with bills, vouchers and receipts, inter alia, until he was abruptly discharged on 27th July 1957 without any reason or justification whatsoever. Shri Goswami is a workman within the meaning of section 2(s) of the Industrial Disputes Act at all material times, and he was never employed in any managerial or administrative capacity in the Company. The Union, therefore, contends that the discharge of this workman is thoroughly unjustified and illegal and seeks his reinstatement with other reliefs.

The Company, on the other hand, contends in brief (1) that Shri Goswami was not a workman within the meaning of the Industrial Disputes Act, and that at the material time of the termination of his service he was not employed in clerical or manual work, but was employed in Supervisory capacity and/or his functions were of managerial and administrative nature, and his salary was Rs. 550 per mensem, (2) that the order of reference is illegal and void ab initio as the workman gave the Company a legal and valid discharge in full and final settlement of all his claims and demands against the Company and (3) that the Association of Employees' Unions is a Federation of Unions and its membership is confined to Trade Unions only, and as such this Association has got no locus standi to raise the dispute or to represent the workman in this case. The instant dispute was never taken up by the Company's employees, nor was it espoused by any Union much less the recognised Union of the Company's employees known as Bird & Heilgers Employees' Union which is not affiliated to the Association of Employees' Unions, nor was Shri Goswami a member of the Bird & Heilgers Employees' Union.

The only point referred to this Court is: Is the discharge of Shri R. Goswami justified? To what relief by way of reinstatement and/or compensation is he entitled? To this may be added two further issues as follows:—(1) Is Shri Goswami a "workman" within the meaning of section 2(s) of the Industrial Disputes Act and (2) Has the Association of Employees' Unions got any locus standi to represent Shri R. Goswami in this case and is the instant dispute an industrial dispute and is the reference competent?

Decision

I would take up the newly added Issue No. 2 first, namely, whether the Association of Employees' Unions has got locus standi to represent Shri Goswami. The Association of Employees' Unions is a Federation of Trade Unions. Employees of Messrs. James Finlay, McLeod, Balmer Lawrie, Duncan Ltd. and James Warren are members of the Association of Employees' Unions. Be it expressed that the Bird & Heilgers Employees' Union is not affiliated to the Association of Employees' Unions. On behalf of the Association of the Employees' Unions, it is said by Shri P. C. Chowdhury (U.W. No. 1) that privileges of membership of this Association are extended to all salaried employees, and so its membership is extended to units of employees as well as employees individually. In support of the competence of the Association to admit individual salaried employees, reliance is placed upon clauses 3(a), 3(d)(2) and 3(c)(2) being the amendment to rules and bye-laws under section 9 of the rules. This is shown by a certified copy of affidavit of Shri Jiten Banerjee (Ext. F-2). But this amendment is admittedly not certified by the Registrar of Trade Unions nor communicated to him. So, this amendment is not operative and cannot be taken notice of. Exhibit E is a copy of note of inspection of the Special Member Register of the Association. This shows that there are two other Special Members of this Association who are employees of Messrs. Bird & Co. besides Shri R. Goswami. They are Shri Pashupati Ghosh and Mr. Meyer. Even if it be assumed that the Association were competent to represent Shri Goswami in this case, it appears that there are only two other employees of Messrs. Bird & Co. who are members of this Association on its rolls, letting alone the question whether membership of individual employees was permissible under the rules. The law is well-settled in the Hon'ble Supreme Court case of the Newspapers Ltd. reported in 1959 L.L.J. Vol. II page 1 and in the case of C.P. Transport Service reported in 1957(I) L.L.J. page 27 that when the dispute of an individual workman is not taken up by a Union or a number of workmen in the industry, the dispute does not become an industrial dispute under the Act. This question has been discussed at full length by the Hon'ble High Court at Calcutta in the case of Express Newspapers reported in (1959-1960) 16 F.J.R. page 93. It has been laid down there that in determining whether an individual dispute has been transformed into an industrial dispute, the real test is whether the majority or a large portion of the workmen employed in the particular industry are concerned in the dispute or not. Where a Trade Union of the workmen employed in the particular industry takes up the cause of the individual workman, the presumption is that it signifies a concerted action on the part of the workmen who are members of the Trade Union. It is not possible for a Trade Union of workmen unconnected with the particular industry concerned to take up the cause of an individual workman and to transform it into an industrial dispute between a particular employer and its workmen unless a large number of workmen in the particular industry are members in that Trade Union. Thus a dispute between an employer and one of its employees cannot be transformed into an industrial dispute merely because a Trade Union which is not at all connected with the industry takes up its cause when the aggrieved workman is one of 3 workmen who are members of that Trade Union. In this connection, I would also refer to the Hon'ble Supreme Court case of the Dimakuchi Tea Estate reported in 1958(I) L.L.J. page 500. In that case, the employer had terminated the services of Dr. K. P. Banerjee, a Medical Officer of the Tea Estate and his case was espoused by the Workers' Union of which Dr. Banerjee was a member. The Industrial Tribunal held that Dr. Banerjee was not a workman under the old Act and his case could not be described as an industrial dispute and was beyond the jurisdiction of the Tribunal. The L.A.T. upheld that view and in appeal by the workmen the Hon'ble Supreme Court concluded that *any person* occurring in the definition must be construed as to be consistent with the interests and purposes of the Act. Their Lordships then quoted the learned observations of Chagla, C.J., as follows:—

"We think that Chagla, C.J., correctly put the crucial test when he said in Narendra Kumar Sen and others versus All-India Industrial Disputes (Labour Appellate Tribunal) [1953-I L.L.J. 6 at 9-10]:

"Therefore, when s. 2(k) speaks of the employment or non-employment or the terms of employment of the conditions of labour of any person, it can only mean the employment or non-employment or the terms of employment or the conditions of labour of only those persons in the employment or non-employment or the terms of employment or with the conditions of labour of whom the workmen themselves are directly and substantially interested. If the workmen have no direct or substantial interest in the employment or non-employment of a person or in his terms of employment or his conditions of labour, then an industrial dispute cannot arise with regard to such person."

We reach the same conclusion by approaching from a somewhat different stand point. Ordinarily, it is only the aggrieved party who can raise a dispute: but an "industrial dispute" is put on a collective basis, because it is now settled that an individual dispute, not espoused by others of the class to which the aggrieved party may belong, is not an industrial dispute within the meaning of s. 2(k). As Issacs, J., observed in the Australian case of George Hudson Ltd. versus Australian Timber Workers' Union (32 C.L.R. 413 at 441):

"The very nature of an 'industrial dispute' as distinguished from an individual dispute, is to obtain new industrial conditions, not merely for the specific individuals then working from the specific individuals then employing them, and not for the mement only, but for the class of emplcyees from the class of employers............ It is a battle by the claimants, not for themselves alone."

The same point arose in the case of M.S.K. Mills Co. versus Vittal Kamath and another decided by the Mysore High Court reported in 1959 (ii) L.L.J. pages 196-204 wherein at page 197 it has been laid down as follows:—

"The crucial test, therefore, of an industrial dispute is to see whether the workmen who raise the dispute in respect of the employment or non-employment or conditions of employment of a person have any direct or substantial interest in those matters or there is between them and that other person a community of interest of the type stated by their Lordships of the Supreme Court in Dimakuchi Tea Estate case. As pointed out by the Bombay High Court in the case of Narendra Kumar versus All-India Industrial Disputes (Labour Appellate) Tribunal (1953-I L.L.J. 6) the primary interest of workmen is in their own conditions of service. They cannot therefore be said to have any direct or substantial interest in the conditions of service of any other person unless those conditions are the same as the conditions of their own service.

It follows, therefore, that the subject-matter of the dispute should relate to the employment, non-employment or conditions of employment of the workers themselves, who are parties to the dispute or any of them, or where he is not a party to the dispute he should be a workman whose conditions of employment are the same as those of the workmen who are parties to the dispute, because if the conditions are different the parties to the dispute can have no interest in them, nor can they be said to be prejudicially affected by the employment, non-employment or conditions of employment of the person who is the subject of the dispute.

As observed by the Supreme Court in Dimakuchi Tea Estate case that although solidarity of labour or general interest of labour welfare may furnish in some cases the necessary nexus of direct or substantial interest in a dispute, the principle of solidarity of labour movement or general welfare of labour before it can furnish such a nexus must be based on or correlated to the principles of community of interest."

Thus in the instant case, it may be re-iterated that the crucial test is not fulfilled, and the Association of Employees' Unions being a federation of trade unions has no community of interest with this workman, and even if it were competent to admit individual workmen as its members, it was unconnected with Messrs. Bird & Co. and has no locus standi to represent this workman. There are, as already said, only two other employees of Messrs. Bird & Co. in its membership. So, it cannot be validly contended that the dispute between Messrs. Bird & Co. and Shri R. Goswami has been transformed into an industrial dispute, because a trade union, which is not at all connected with the industry takes up its cause when the aggrieved workman and two others only are members of this Association. In the circumstances, I have no hesitation in holding that the instant dispute between the Company and Shri R. Goswami has not been transformed into an industrial dispute, simply because the Association of Employees' Unions took up the cause of Shri Goswami.

I, therefore, find that the Association of Employees' Unions has no locus standi to take up the case of Shri Goswami, and apart from that question, even if it be assumed that it were so competent, I hold that the dispute between Shri Goswami and the Company has not been transformed into an industrial dispute because there are only two other workmen, namely, Shri Ghosh and Shri Meyer, who are members of the Association. Thus the instant dispute is held to be an individual dispute, and the reference is incompetent, and the Court has no jurisdiction to entertain and adjudicate it.

Then the first new point whether Shri Goswami is a "workman" within the meaning of the Act is taken up. It is common ground that Shri Goswami was initially employed as a clerk in 1943, but the Company contends that he was promoted to be an Officer in 1948 as per letter, dated 11th May of that year, when his pay was raised to Rs. 150, and the Company aims at establishing that Shri Goswami falls within the exception (iv) of section 2(s) of the Industrial Disputes Act. Exception (iv) runs thus:—

> "who, being employed in a supervisory capacity, draws wages exceeding five hundred rupees per mensem or exercises, either by the nature of the duties attached to the office or by reason of the powers vested in him, functions mainly of a managerial nature."

The Company contends that Shri Goswami was drawing more than Rs. 500 per mensem at the time of his discharge and his functions were mainly of a managerial nature, and as such he cannot be called a workman within the meaning of the Act. On the other hand, the Union contends that Shri Goswami was nothing but a clerk, and the nature of his duties was clerical, and furthermore he acted admittedly as a Salesman since 1948. There are decisions reported in 1953 L.A.C. page 620 and some others to show that a Salesman is a workman within the meaning of section 2(s) of the Act. The Company has further tried its level best to show that Shri Goswami was an Assistant of Messrs. Bird & Co. Ltd. like Mr. Bala, Mr. Hartley, Mr. Caroll and such others, and that he was given free luncheon as the Company's Officers enjoy and was admitted to the benefit of the Provident Fund Scheme of Officers. The Union, on the other hand, shows that some other senior clerks like Mr. Linge, etc., were also allowed the benefit of free luncheon, and that enjoyment of free luncheon or use of motor cars or telephones can be no safe criterion for determining the status of an Officer for the Company nor are they sure tests. The Company, I must observe, has not laid all cards on the table, and I feel the lack of some necessary documents to show the real status of Shri Goswami in the Company or for the matter of that what exactly were the amenities admissible to Shri Goswami as compared to other Officers of the Company. Furthermore, it is in evidence that there is an agreement of service between the Officers of the Company and the Company itself, but no such agreement has been produced in the case of Shri Goswami. If Shri Goswami were really an Officer, the Court would expect that there must be an agreement of service between Shri Goswami and the Company as there are between other Officers and the Company, but the absence of this agreement speaks against the Company's contention that Shri Goswami was an Officer. I am convinced from the nature of the duties performed by Shri Goswami that he was nothing but a glorified clerk, howsoever the Company might now contend that he was an Officer of the Company sometimes enjoying some benefits enjoyed usually by Officers and that he had authority to take action on his own initiative or to issue directives to other subordinates. The Company has adduced evidence to show that Shri Goswami was once deputed to attend a conciliation proceeding at Howrah on behalf of the Company, but that does not by itself clothe him with the status of an Officer in the absence of any order of the Company to show that none excepting an Officer of the Company are competent to represent the Company in conciliation proceedings. In fact, the evidence is unchallenged that there was only one clerk under Shri Goswami, Shri Indu Bhusan De, and none else. But the Company's own witness—Shri Pratul Chandra Ghosh who is a retired Head Assistant says that he had 28 clerks under him, but still he was not an Officer. The sum total of the evidence—both oral and documentary—goes to show that Shri Goswami was nothing but a clerk. Regarding his pay, the Company rests satisfied with saying that his total emoluments were Rs. 550, but has not stated what is his basic pay. The Company has not produced pay-sheets to show what his basic pay was, but the sum total of his pay is shown by them as Rs. 550. Compared with this, the pay of the retired Head Clerk was more than Rs. 600 but still he was not an Officer. The Company has not been able to give any satisfactory explanation as to the disparity in pay between Shri Pratul Chandra Ghosh (C.W. 4), Retired Head Clerk and Shri R. Goswami, the workman concerned, and yet it is not designating Shri Ghosh an "Officer", but it chooses to designate Shri Goswami as such. The reason is not far to seek. On the sum total of the evidence adduced by both parties, I hold that Shri R. Goswami is a "workman" within the meaning of section 2(s) of the Act.

Thus to sum up, it is held that Shri Goswami is a "workman" within the meaning of section 2(s) of the Industrial Disputes Act, and that the instant dispute is an individual dispute and this Court is not competent to entertain the reference and to adjudicate upon it. The point referred to this Court for determination, therefore, does not call for any determination and is left undecided.

This is my award on the preliminary points Nos. 1 and 2.

STATEMENT OF OBJECTS AND REASONS

The provisions regarding recommendation of the Public Service Commission and the appointment or renewal of appointment for a term of five years as laid down in section 19 of the Calcutta Municipal Act, 1951, are felt to be anomalous in the case of a person who is or has been in the service of the Government, inasmuch as he has already been in service on such recommendation and there seems to be no necessity for laying down any minimum period of appointment in the case of such a person. The section is accordingly proposed to be amended by the present Bill. Consequential amendment is made in section 22 also. The period of "two months" mentioned in section 22 is found in practice to be too short for observing the required formalities and, therefore, the period is extended to four months.

ANNEXURE

In the matter of an industrial dispute between Messrs. Indian Standard Wagon Co., Ltd., P.O. Burnpur, district Burdwan, and one of their workmen, Shri Satyendra Nath Ganguly, represented by the United Iron & Steel Workers' Union, Station Road, P.O. Burnpur, district Burdwan. (Case No. VIII-C-167 of 1958.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

Appearances:

For the Company: Shri S. C. Sen, Advocate.

For the Union: Shri D. L. Sen Gupta, Advocate, and Shri Satyen Banerjee, Advocate.

Government of West Bengal, Labour Department, by their order No. 3233-I.R./IR/10L-61/58, dated Calcutta, the 4th August 1958, referred to the Second Labour Court under section 10 of the Industrial Disputes Act, an industrial dispute between Messrs. Indian Standard Wagon Co., Ltd., and one of their workmen, Shri Satyendra Nath Ganguly, represented by the United Iron & Steel Workers' Union, regarding the matter stated in the schedule to the order of Reference, for adjudication.

Schedule

(1) Whether the discharge of Shri Satyendra Nath Ganguly (Ex. T. No. T. 218 W.L.D.) is justified? To what relief is he entitled?

This case relates to the discharge of Shri Satyendra Nath Ganguly who was an employee under Messrs. Indian Standard Wagon Co., Ltd., heretoafter referred to as the Company.

The case of the Union, briefly stated, is as follows:—

The Company has some contractors who supply the Company with the services of labourers. The labourers of those contractors went on strike on 10th July 1957. On 15th July 1957 as soon as Shri Satyendra Nath Ganguly entered into the workshop, the Assistant Foreman, Shri R. N. Chatterjee, took his protected area pass from him, handed over a charge-sheet to him and asked him not to join work. The charge noted in the charge-sheet is that he instigated the willing contractors' labourers not to report for duty on 13th July 1957 at 7 a.m. He gave a reply to the charge-sheet on 16th July 1957. An enquiry was held on 20th July 1957. He got the letter of dismissal on 25th July 1957. The contention of the Union is that the charge against Shri Satyendra Nath Ganguly is false, malicious, vague and actuated by a spirit of victimisation and that the decision to dismiss him is perverse.

The case of the Company is as follows:—

On 13th July 1957, some of the workmen of the Company's contractors went on strike at the instigation of some persons and that Shri Satyendra Nath Ganguly took a leading part in inciting the workers to go on strike. Consequently the Company issued a charge-sheet against him and after his reply, had an enquiry held by three officers of the Company. The enquiry was held carefully and fairly and on the report of enquiry Shri Satyendra Nath Ganguly was dismissed.

AWARD

The Company has raised a preliminary objection to the effect that this dispute is an individual dispute and not an industrial dispute on the ground that this is a dispute between the Company and Shri Satyendra Nath Ganguly as an individual workman. But this is belied by the evidence of P.W.2 Shri Himangshu Chattaraj, Joint Secretary of the Union, who says that at the instance of many workers of the Company the Union has espoused the cause of Shri Satyendra Nath Ganguly. And this is only natural; it is not as if Shri Satyendra Nath Ganguly was dismissed for insubordination or absence without leave. The charge against him is an incitement to strike. Such an issue will naturally interest all the workmen in the factory. So I consider the dispute to be an industrial dispute and reject the preliminary objection of the Company.

As to the issue in question the learned Advocate of the Company has argued that the charge against Shri Satyendra Nath Ganguly is inciting to strike which has been mentioned in sub-clause (i) of clause 20 of the Company's Standing Orders, Ext. D. This item has been included in the category of misdemeanour mentioned in clause 20. It has been held in Buckingham and Carnatic Company's case that workmen have a fundamental right to go on strike; so joining a strike which is not illegal or unjustified cannot be termed an misdemeanour. So the only interpretation that can be put on sub-clause (i) of the clause 20 of the Standing Orders is that it means instigation to illegal or unjustified strike. There is no evidence on record to show that the strike of the contractors' men was either illegal or unjustified. Hence it must be presumed that that strike was perfectly legal. If that strike was legal, incitement to such a strike cannot, by any stretch of imagination be termed misdemeanour. So the charge-sheet against Shri Satyendra Nath Ganguly is basically erroneous.

I have gone through the evidence recorded by the Enquiring Officers and their report. In view of my finding that the charge on which they held the enquiry is basically erroneous; I refrain from making a decision as to whether their finding is supportable on the basis of the evidence recorded by them. In view of what I have stated above, I hold that the discharge of Shri Satyendra Nath Ganguly is unjustified. I therefore direct that he should be reinstated and he should be given full back wages (pay and dearness allowances) from the date of suspension up to the date of reinstatement. The above direction should be carried out within a month from the date of publication of this award in the "Calcutta Gazette."

Taken at my dictation and corrected by me.

HEM RANJAN DEB,
Presiding Officer.

HEM RANJAN DEB,
Presiding Officer, Second Labour Court.

The 14th August 1959.

By order of the Governor,
S. C. MUKHERJEE,
Asst. Secy. to the Govt. of West Bengal.

No. 4391-I.R./KW/IR/10L-4(c)/Pt./57.—10th September 1959.— Whereas under the Government of West Bengal, Labour Department, order No. 5441-I.R./IR/10L-116/56, dated the 20th December 1956, as amended, the industrial disputes in the Engineering Industry in West Bengal between the Engineering Firms referred to in the said order, as amended, and their workmen represented by the Unions and Federations mentioned in the said order, as amended, were referred to the Fifth Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal, Md. Saffiq, a workman of Messrs. Braithwaite & Co. (India) Ltd., Hide Road, Kidderpore, Calcutta-23, filed a complaint in writing to the said Industrial Tribunal alleging that the said Company had violated the provisions of section 33 of the Industrial Disputes Act, 1947 (XIV of 1947);

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, filed by Md. Saffiq, an employee of Messrs. Braithwaite & Co. (India), Ltd., against the said Company in connection with G.O. No. 5441-I.R./D/10L-116/56, dated 20th December 1956. (Case No. 11 of 1959.)

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri G. KUMAR, Judge.

For the Company: Shri J. N. Chatterjee, Assistant Labour Adviser, Indian Engineering Association.

For the workman: None.

AWARD

By Government order No. 5441-I.R./D/10L-116/56, dated 20th December 1956, a dispute between several Engineering Companies and their workmen, was referred to this Tribunal for adjudication. Amongst the Companies was Messrs. Braithwaite & Co. (India), Ltd. During the pendency of the dispute, the Company discharged the petitioner Md. Saffiq who had been one of their workmen. Then he filed this instant application under section 33A of the Industrial Disputes Act alleging that he had been discharged in contravention of the provisions of section 33(2)(b) of the Industrial Disputes Act, and so, he is entitled to relief, but it was not specified in his petition what relief he claimed.

It appears that the workman did not turn up on the date of hearing, i.e., 14th August 1959, nor was he found in the Court, nor was any step taken on his behalf. However, the learned representative of the Company was heard.

It was contended on behalf of the Company that the worker was not discharged for any reasons contemplated by sub-sections (1), (2) and (3) of section 33 of the Industrial Disputes Act, but he was discharged for some other reason, i.e., for his prolonged absence on account of ill health. This was a fact. Hence it is held that the petitioner was not discharged for any of the reasons as contemplated by the said sub-sections of section 33 of the Industrial Disputes Act, and so, there cannot be any question of the Company's contravening the provisions of section 33 of the Act, and as such, the petitioner has no locus standi to file the instant application under section 33A of the Industrial Disputes Act.

As a result, the application under section 33A of the Industrial Disputes Act filed by the petitioner is rejected as not maintainable.

This is the award of this Tribunal.

Dictated and corrected by me.

Judge.

Such an application shall not be considered unless it reaches the Collector at least two weeks before reaping of the crops in such land.

(2) The Collector, on receipt of the application under sub-rule (1), or, if he so thinks fit, of his own motion, may make or cause to be made a local inquiry as to the extent of failure, if any, of the crops in any land in any season. (7) Pending consideration of the application, the appellate authority may, on sufficient grounds being shown, stay recovery of the demand, if not already paid subject to appeal. But in such case the rebate allowable under sub-section (3) of section 7 shall not be allowed even if the assessment order is modified on appeal. A copy of such stay order shall immediately be sent to the Collector who made the assessment.

S. S. ROY CHOUDHURY,
Dy. Accountant-General (Central).

Subject: Advance of pay to State Government servants to meet commitments during the ensuing Durga Puja.

No. TM/735.—11th September 1959.—A reference is invited to the Government of West Bengal, Finance Department, Audit Branch, Express Memo. No. 3189-F/FIA-6/59, dated 2nd September 1959 (copy reproduced below), in which the Government have inter alia ordered granting of an interest-free advance of pay not exceeding one month's basic pay [as defined in rule 5(3) of the West Bengal Service Rules, Part I] subject to a maximum of Rs. 200 in cases of Gazetted Officers and of employees working in the Secretariat and to a maximum of Rs. 150 in case of others, to both permanent and temporary Government servants including the whole-time piece-rate workers drawing a basic pay not exceeding Rs. 350 per mensem subject to the conditions specified in the Government order.

All Drawing and Disbursing Officers of the Government of West Bengal are hereby requested that the advance of pay mentioned above should be drawn and recovery thereof made strictly in accordance with the Government memo. referred to above. A certificate to the following effect should be furnished in each bill containing claims on account of the advance:—

> "Certified that the terms and conditions as laid down in the Government of West Bengal, Finance Department, Audit Branch, Express Memo. No. 3189-F/FIA-6/59, dated 2nd September 1959, have been fulfilled and the advance sanctioned by the competent authority in respect of the person/persons for whom the Festival Advance has been claimed in the bill".

2. To facilitate accounting, the head of account to which the amount of advance will be debited will be shown clearly on the front page of the bill as "S—Deposit and Advances—Part III advances not bearing interest—Departmental Advance—Civil Advance—Festival Advance". The Drawing Officers are requested to classify the bills accordingly and for facility of sorting of the vouchers in the Treasury should also indicate on the covering pages of the bills the departmental major head under which the pay and allowance of the Government servant is debited.

The payments will be shown by the Treasuries under the detailed head "Festival Advance" under the minor head "Civil Advance" and included in the respective departmental payment schedules (e.g., General Administration, Jails, Police, etc.).

In cases where the names of the Government servants for whom the advance is drawn are not shown in the body of the bill itself, a separate schedule detailing the names of persons and the amount of advance taken by each of them should invariably be furnished along with each bill.

The recoveries of the advance when subsequently effected from the pay bills should invariably be shown in separate schedules like G.P.F., P.L.I., H.F.A., etc., accompanying the bills in which the recoveries are effected. The number and date and amount of the bill with which the schedule will be attached should also be mentioned on the top of the schedule. The schedule should inter alia contain:—

(a) Names of Government servants.

(b) Number and date of bill/Treasury vouchers in which the advance was originally drawn.

(c) Head of account to which the pay was debited.

(d) Number of instalment of recovery made in the bill (i.e., 1st, 2nd, 3rd, etc.).

(e) In case of a person transferred from another office, whose recovery is being shown for the first time in the schedule, the details of the bill in which the advance was originally drawn for him as well as the details of bills in which the other instalments have been recovered should be shown in the remarks column of the schedule. These details should invariably be included in the L.P.C. in case of such contingency.

As the Drawing and Disbursing Officers are responsible for recovery of the advances drawn by them and as Audit is required to exercise overall check over the recoveries they are hereby requested to furnish this office by the 10th of each month with the statements of recoveries effected during the preceding months and the balances outstanding in each of these months in the enclosed form. As the instalment of recovery of the advance drawn in September 1959 will commence from December through the pay bill for November 1959 payable in December 1959, the first statement should reach this office by the 10th January 1960 positively with the headings and columns 1, 2, 3 and 4 thereof only being duly filled in. The second statement with the headings and columns 1 to 6 only duly filled in should be sent by the 10th February 1960. In this way, the statements should continue to be furnished to this office by the prescribed date every month till the outstanding advance is fully repaid.

In cases, where the recovery cannot be effected from the recipients due to their transfer to a different office the fact should be mentioned in the remarks column of the statement indicating the outstanding amount and the particular office to which he is transferred. Similarly if an incumbent with an advance outstanding for recovery is transferred from a different office the amount outstanding for recovery on the date of transfer, the number and date of the Treasury voucher in which the advance had been drawn and the name of the office from which transferred should be separately shown in columns 1 and 2 of the statement with necessary explanatory notes in column 16. In any case an elucidation would be required whenever any amount, due to be recovered, could not be realised or when any recovery was effected against an advance which was not originally drawn by the Drawing Officer effecting the recovery. In the case of the work-charged establishments and staff of the Forest Division, the Divisional Officers will submit the statements along with the monthly accounts. Instead of reference to the numbers and dates of the Treasury vouchers the particular item of the Divisional Accounts in which the debit or credit stands included is to be indicated.

To enable the Drawing Officers to furnish the necessary particulars in the Monthly Statements prescribed herein, all heads of offices are hereby requested to note in the Last Pay Certificate the number and date of the Treasury voucher in which the advance outstanding against the incumbent transferred was drawn, the amount outstanding for recovery on the date of transfer.

The above instructions may be noted by all Drawing Officers and Treasury Officers (including Sub-Treasury Officers) for strict compliance.

R. C. SURI,

Dy. Accountant-Genl. (Admn.).

(Copy of Express Memorandum No. 3189-F/FIA-6/59, dated 2nd September 1959, from the Assistant Secretary to the Government of West Bengal, Finance Department, Audit Branch.)

With a view to help certain types of Government servants so as to enable them to meet their commitments during the ensuing Durga Pujas, Government are pleased to decide that if a permanent Government servant drawing a basic pay [as defined in rule 5(3) of the West Bengal Service Rules, Part I] not exceeding Rs. 350 per month applies for an advance, he may be granted an interest-free advance not exceeding one month's basic pay subject to a maximum of Rs. 200 in cases of Gazetted Officers and of employees working in the Secretariat, and to a maximum of Rs. 150 in case of others. The authorities competent to sanction this advance are those mentioned in rule 320 of West Bengal Financial Rules, Volume I. The advance will be recovered in six equal monthly instalments, from the pay of the Government servant taking the advance, the first instalment being due on the first day of December 1959. The amount of each instalment should be rounded off to the nearest rupee, any balance being recovered in the last instalment.

2. The concession sanctioned in paragraph 1 above may also be extended:—

(a) to a temporary Government servant drawing a basic pay not exceeding Rs. 350 per month provided that the authority sanctioning the advance certifies that the advance is likely to be recovered in full, and the temporary employee is expected to continue in service for the next six months during which the recovery will be made,

(b) to whole-time piece-rate workers (permanent and temporary), the advance in their case not exceeding either one twelfth of the total pay (excluding allowances) earned during the preceding 12 months ending 31st August 1959, or Rs. 150 whichever is less, provided that the heads of offices certify that the amount will be duly recovered in six equal monthly instalments from such employees.

3. All applications for advance, on the strength of this memorandum, should be made as soon as possible and in any case before the 23rd September 1959. These advances may only be drawn before the commencement of the Puja Holidays.

4. The advance will be debited to S—Deposits and Advances, Part III—Advances not bearing interest—Departmental Advance—Civil Advance Objection Book Advance.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, filed by Shri Paku Byen, an employee of Lakshi Trading Company, Chanditala, Tollygunge, Calcutta-33, against the aforesaid Company in connection with G.O. Nos. 103-I.R., dated 9th January 1958 and 793-I.R., dated 4th March 1958.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

Present:

Shri W. BASU MAZOOMDER, Judge, Fourth Industrial Tribunal.

The allegation of the petitioner is that the Company discharged him on 12th July 1958 without following the provisions of the Industrial Disputes Act, and thereby altered the conditions of service to his prejudice. The Company denied the same. It was stated that the Company was a leaseholder in respect of Sridhar Rice Mill for a period of two years from 1955 and that the tenure of lease came to an end on 31st December 1957, and the mill remained closed since that date. And the services of the workmen including the present petitioner were duly terminated on 31st December 1957, and there was no violation of the provisions of section 33 of the Industrial Disputes Act. In view of the Company's contention it is clear that there was no discharge or punishment whether by dismissal or otherwise on account of any misconduct and, as such, it is clear that there was no violation of section 33 of the Act. The petitioner being a temporary workman was liable to be discharged on 31st December 1957 when the Company's tenure of lease came to an end.

As the petitioner was absent, so no dispute remains to be settled. The case is dismissed for default. This is my award.

And whereas during the pendency of proceedings before the said Industrial Tribunal, Shri Devendra Nath Dolui, a workman of Kamala Rice Mills, made a complaint in writing under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), to the said Industrial Tribunal against the said Company;

Present:

Shri W. BASU MAZOOMDER, Judge.

For the Union: None.

For the Company: Shri S. C. Sen, Advocate.

The applicant is absent. The opposite party lawyer is present.

In this case the allegation of the petitioner is that the Company refused employment to him from 31st March 1958 without taking permission from the Tribunal. The Company denied the same. It was stated that as it was not possible for the Company to procure paddy at a reasonable price, so the milling remained stopped for sometime past and the applicant who had been in the Company's service for only two months, was retrenched. In view of the contention of the Company it is clear that there was no violation of provision of section 33 of the Act as there was no discharge or punishment of the petitioner whether by dismissal or otherwise for any misconduct. When the petitioner is absent, I must hold that no dispute remains to be settled. The case is dismissed for default.

ANNEXURE

In the matter of an industrial dispute between Messrs. Dhakeswari Cotton Mills, Ltd., P.O. Suryanagar, district Burdwan and their workmen represented by the Dhakeswari Cotton Mill Labour Union, P.O. Suryanagar, district Burdwan. (Case No. VIII-242/58.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri M. C. BANERJI, District Judge (Retd.),
Judge, First Industrial Tribunal.

1. The Government of West Bengal, in the Department of Labour, by order No. 5125-I.R./IR/8L-6(A)/58, dated 3rd December 1958, referred, under sections 7A and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Dhakeswari Cotton Mills Ltd., P.O. Suryanagar, district Burdwan, and their workmen represented by the Dhakeswari Cotton Mill Labour Union, P.O. Suryanagar, district Burdwan, relating to the undermentioned issue to this Tribunal for adjudication.

Issue.

(1) Whether the workmen are entitled to get bonus of 18 days' wages before the Pujas as was paid to them in the previous years by the Company?

2. Notices were issued on both the parties, who filed written statements setting forth their respective cases.

3. The pleadings of the parties will be discussed at the decision of the issue here below.

4. The appearances for the parties were as follows:—

For the Union: Shri D. L. Sen Gupta, Advocate, Shri M. Saha, Advocate, and Shri Bidhu Bhusan Chowdhury, Assistant Secretary of the Union.

For the Company: Shri P. K. Ghosh, Advocate, and Shri Lenin Roy, Advocate.

AWARD.

Decisions.

Issue No. 1: Whether the workmen are entitled to get bonus of 18 days' wages before the Pujas as was paid to them in the previous years by the Company.

5. The Union states, in its written statement, that the Company and its workmen were parties to the dispute referred to this Tribunal by the Government in respect of all the Cotton Textile Mills in West Bengal by an order, dated 12th September 1956. The award in respect of this reference was published in the "Calcutta Gazette" on 10th June 1958. This award shall be referred to hereinafter as the Omnibus Cotton Textile Award. One of the issues in dispute was in respect of bonus scheme. One of the claims by some of the Unions was for granting two months' bonus as a condition of service in addition to the bonus paid on profits. The Tribunal while disposing of this demand as a condition of service, awarded in the negative and held that there was no evidence to show that such a bonus had ever been paid by the Industry. The Union states that if the existence of such a bonus could be proved in the case of any Mill, the award of the Tribunal in respect of this issue would have been different.

6. The workmen of Dhakeswari Cotton Mills No. 3 had been enjoying bonus as a matter of condition of service since 1953. The Company should pay this bonus in addition to what is awarded by the Tribunal in the Omnibus Award. The workmen of the Company had been enjoying this bonus as of right since 1953, and there had never been any occasion for the Company to withdraw the same and in 1957, the workmen enjoyed this bonus on an increased quantum. The Union prays that the workmen of the Company should be paid 18 days' bonus as a condition of service, in addition to the bonus payable on dividend as in previous years.

7. The Company, in its written statement, states that the issue referred to the Tribunal is vague and that the Tribunal cannot assume any jurisdiction for adjudication. The Company was a party to the last Omnibus Cotton Textile Tribunal. The Tribunal found that no bonus was ever paid as a condition of service in the Cotton Textile Industries in West Bengal and rejected the claim of bonus as a condition of service, as it was unworthy of support. Further, the said award published in the "Calcutta Gazette, Extraordinary", dated 10th June 1958, is still binding on the parties and as such, this Tribunal has no jurisdiction to adjudicate upon the present reference. The Company states that the Company in the years 1953, 1954 and 1955 made an ex-gratia payment of 15 days' basic wages to its workmen, taking into consideration the unsatisfactory economic condition then prevailing, as well as to keep industrial peace. In the same manner, for the years 1956 and 1957, the Company made ex-gratia payment for 18 days' basic wages to its workmen. The Company asserts that the payment so made cannot be called bonus as a condition of service. Since the enforcement of the last Cotton Textile Award, referred to above, there has been a considerable change of circumstances in favour of the workmen. There has been considerable increase in the wages of the workmen and improvement in the economic condition of the workmen. In view of these facts, the Company do not find it necessary to extend to its workmen any economic relief as it did in the years mentioned above. In view of the above facts and circumstances, the claim of the Union should be rejected.

8. I shall first take up the objection of the Company that the issue as referred to this Tribunal is vague and the Tribunal should not assume jurisdiction to adjudicate on it. The issue clearly shows that the question is whether the workmen are entitled to get bonus of 18 days' before the Pujas, as was paid to them in the previous years by the Company. The issue, therefore, shows that it is a claim for 18 days' bonus before the Pujas for the year just after the years up to which the payment of the bonus was made. It is the common case of both the parties that 15 days' basic wages were paid in 1953, 1954 and 1955, and 18 days' basic wages were paid in 1956 and 1957. The issue, therefore, clearly means that it is a claim for 18 days' bonus before the Pujas in 1958, in which year, there was a discontinuance of this payment for the first time, and the reference was made on 3rd December 1958. It is, therefore, held that there is no vagueness in the issue as referred to the Tribunal. I shall consider if the workmen of the Company were entitled to get bonus of 18 days' wages before the Pujas of 1958.

9. The Company further states that the last Omnibus Cotton Textile Tribunal found that no bonus was ever paid by way of a condition of service in the Cotton Textile Industries in West Bengal, and rejected the claim of bonus as a condition of service, as it was unworthy of support. It is also stated that the said award was published in the "Calcutta Gazette, Extraordinary", dated 10th June 1958, and was still binding on the parties and as such, the Tribunal had no jurisdiction to adjudicate upon the present reference. This objection is not worthy of support for the following reasons.

10. The issue in question, being Issue No. 5 in the last Cotton Textile Tribunal proceedings, was framed as one for revision of bonus scheme. The issue was, therefore, for the revision of the existing bonus scheme in the Industry, which was for a profit bonus according to the award of the First Cotton Textile Tribunal in 1948. The workmen made claim for production bonus, attendance bonus, and also bonus equivalent to two months' wages as a condition of service. The claim of any one of these categories of bonus was not covered by the issue on revision of the existing bonus scheme in the Cotton Textile Industry, which was based on profit. The Tribunal, therefore, had no jurisdiction to decide on the claim of production bonus, attendance bonus, or bonus as a condition of service independent of profit.

11. In regard to the claim of production bonus and attendance bonus, the Tribunal stated that there was no evidence to justify such a claim and rejected the claim. As to the claim of bonus

equivalent to two months' wages as a condition of service, which was made by some Unions, the Tribunal found that there was no evidence to show that such a bonus was ever paid as a condition of service and stated that the claim was unworthy of support and rejected it. Although the Tribunal rejected the claim for production bonus, attendance bonus or bonus as a condition of service by way of a greater caution, inasmuch as these claims of bonus were not covered by the issue which was the subject-matter of adjudication before the Tribunal, the order of rejection of the claim of production bonus, attendance bonus or bonus as a condition of service, had no binding effect on the parties. I do not, therefore, consider that the order rejecting the claim of bonus as a condition of service in the Omnibus Award published on 10th June 1958, was a bar to the Tribunal's adjudicating on the present issue on bonus as a condition of service, as referred to the Tribunal. This objection is, therefore, overruled.

12. Evidence was adduced on the question at issue. No evidence was adduced by the Union. O.P.W. 1 Shri Dhirendra Chandra Ganguli, Accountant of No. 3 Dhakeswari Mills at Suryanagar, deposed for the Company. Documents, Ext. A to Ext. G, were marked for the Company. It appears from Exts. B, B(1), B(2), C and C(1) that the Company, in spite of its unsound economic condition and losses till then, granted an economic relief to its workers to the extent of 15 days' earning of each worker's basic wages calculated on the average basic earning of six months ending on 30th September 1953. The letter, Ext. C, dated 15th October 1953, to the President of the Union, shows this notice, Ext. C(1), laying down the conditions of payment of this economic relief of 15 days' basic wages granted in 1953 to the workmen. Exhibit B, dated 20th October 1953, is another letter showing the notices, Exhibits B(1) and B(2), which lay down the conditions of payment of the economic relief to the staff (Technical Officers and Clerks and Menials) and the Durwans, Sweepers and the workers of the Civil Engineering Department. It is admitted by both the parties that the Company went into production some time in 1952, and this economic relief of 15 days' basic wages was given before the Pujas in 1953. Exhibit A, dated 1st October 1954, shows a letter of the General Secretary of the Union, stating that 15 days' economic relief was also granted in 1954. It is admitted by the Company that economic relief of 15 days' basic wages was also granted in 1954. Exhibit D, dated 18th October 1955, shows that the Company also granted 15 days' earning in basic wages of each operative as an economic relief before the Pujas in 1955. It appears from this letter that this relief was given to all factory operatives including Civil Engineering Staff, Durwans and Sweepers and that, this payment was made, although there was no justification for considering the matter of giving any bonus on the grounds of financial condition. The conditions attached to the payment as appearing in Ext. D are the same as those appearing in Ext. C(1) for 1953. Exhibit E, dated 5th October 1956, being a letter of the Company to the General Secretary of the Union, also shows grant of economic relief to the workers in spite of untoward circumstances of the Company, and it shows that in spite of untoward circumstances, the Company was pleased to increase the economic relief by 3 days, making it 18 days, in place of 15 days, as a token of additional relief to the employees. It is further stated that this increase would not be put forth as a precedent. I consider this statement of caution, as mentioned in this letter, Ext. E, to be of very great importance in the decision of the present issue. The conditions for the payment are the same as those in the previous years. Exhibit F is a letter, dated 8th September 1957, to the Labour Commissioner, Government of West Bengal, and it states in the first paragraph that with a view to implement the order given by the First Industrial Tribunal regarding Puja bonus, the Company had declared the same amount for the year 1957 as they did in the previous year, and it notified the same on 7th September 1957. This notice appears to be Ext. G. This also shows grant of economic relief for 18 days' earning of each operative's basic wages in spite of unsatisfactory working results of the Company and the conditions attached to the payment appear to be the same as they were for the year in 1953, as appearing in Ext. C(1). It may be mentioned that in 1957, the Tribunal, which was adjudicating on the Omnibus reference of the Cotton Textile Industry, advised all the units to pay the same bonus to their workmen as they did in the previous years in the interest of industrial peace and this Company, it appears, implemented the said instructions.

13. It appears from what has been stated above that since the first year of the existence of the unit, the Company has been paying an economic relief to the workmen, and in the years 1953, 1954 and 1955, it paid 15 days' basic wages to the workmen, under conditions as mentioned in Exts. B(1), B(2) and C(1), and the Company paid an increased economic relief to the extent of 18 days' basic wages in the years 1956 and 1957. The increase in the payment of economic relief in 1956 by 3 days' basic wages has been given with the caution that this increase would not be put forward as a precedent. Such a caution has not been given in respect of the payments for the other 15 days' basic wages in any year from 1953 to 1957. Although the payment in 1957 was stated to be by way of implementation of the order of the First Industrial Tribunal in the letter, Ext. F, the notice, Ext. G, shows that this payment was being made in consideration of the general economic depression prevailing in the country, which was being experienced by the employees of the Company, and that, this economic relief was declared on the occasion of the ensuing Pujas, in spite of the uneconomic condition of the Unit. It, therefore, appears that while following the instructions of the Tribunal, as mentioned in the letter to the Labour Commissioner, Ext. F, the Company notified to the workmen in Ext. G that it was making the payment of 18 days' basic wages in consideration of the general economic depression prevailing in the country and experienced by the employees. The payment was, therefore, made to the workmen in the notice, Ext. G, on the same grounds for which payments in the previous years were made.

14. The claim of customary bonus is based upon an implied grant. The inference of an implied grant cannot be drawn where there is a disclaimer by the Company at the time of paying the extra amounts of money as bonus that it should not be considered as a precedent, and the payment should be referred to some other conditions, as for example, ex-gratia payment (vide the decision of the Hon'ble Labour Appellate Tribunal in the case of India Industrial Works, reported in 1955 L.A.C., 408 at 413). The latest case on the point is by the Hon'ble Supreme Court in the case of Ispahani Ltd., reported in 1959(II) L.L.J., page 4. The Supreme Court while approving the decision of the Hon'ble Labour Appellate Tribunal in Mahaluxmi Mills Ltd., reported in 1952 L.A.C., 370 at 374, laid down the following tests as materials for inferring an implied agreement to pay a bonus:—

(1) the payment must be unbroken,

(2) it must be for a sufficiently long period, and

(3) the circumstances in which the payment was made should be such as to exclude that it was paid out of bounty.

The Hon'ble Court also laid down that it was possible to lay down the terms as to what would be the length of the period to justify the inference of implied agreement and that this would depend upon the circumstances of each case. The fact of payment in a year of loss would be an important factor in excluding the hypothesis that the payment was out of bounty and in coming to the conclusion that it was as a matter of obligation based on an implied agreement. Even if payment is not at an uniform rate throughout the period, the implied agreement to pay something could be inferred and in such a case, it would be for the Tribunal to decide what would be the reasonable amount to be paid as Puja bonus. The Hon'ble Court in this case concluded the payment to be on an implied agreement when the facts of the case proved that practically from the date of taking over the business in 1948, the company paid without any break bonus at the rate of one month's wages up to 1952, and this payment was also made in a year of loss. Applying these principles to the present case, I come to the conclusion that inasmuch as, this Company paid an economic relief to the extent of 15 days' basic wages virtually from the first year of its existence till 1957, and all these payments were in the years of loss, these payments should be referable to an implied agreement. The fact that in 1956, there was a caution that the increase of 3 days'' basic wages on 15 days' wages as on previous years, should not be taken as a precedent, clearly shows that the economic relief which should be considered as based on an implied agreement, should not include these 3 days' basic wages that was granted in 1956. It is, therefore, decided that the evidence on record justifies the conclusion that the employees are entitled to an economic relief to the extent of 15 days' basic wages as a condition of their service and based on an implied agreement. The conditions of payment shall be as mentioned in Exts. B(1), Ext. B(2) and Ext. C(1), and these should be made Annexures to this award.

15. From what has been decided above, it is awarded that the workmen of the Dhakeswari Cotton Mills No. 3 at Suryanagar were entitled to get economic relief, being the same as bonus, to the extent of 15 days' basic wages before the Pujas in 1958.

16. The issue is, therefore, answered in the affirmative.

Was the action of the Management in transferring the driver Md. Atik Khan from the Testing Department to the Head Office bona fide? To what relief, if any, is he entitled?

AWARD

This is a case arising out of alleged illegal and unjustified transfer of Md. Atik Khan from the Testing Department to the Head Office, previously employed as a driver in Messrs. Calcutta Electric Supply Corporation Limited, Victoria House, Calcutta, hereinafter referred to as the Company for the sake of brevity.

The admitted facts in this case are that Md. Atik Khan, the workman concerned in this case was initially appointed in Februory 1947, and after some time he was transferred to the Testing Department where he worked till August 1958 as a driver. In August 1958, he was transferred to the Head Office. His transfer to the Head Office from the Testing Department is the subject matter of dispute. The Union contends that this transfer is not a bona fide action on the part of the Company, and it is a mere cloak to cover up the Company's design to break the solidarity of the Union, because the workman was a leading active member of the Union, which was fighting for tiffin allowances on behalf of the drivers of the Testing Department. The Company, on the other hand, contends that transfer is a normal incidence of service, and there were no mala fides about it, and the real reason for the transfer lies in the workman's being found unsuitable for the Testing Department because of his certain commissions which will be set-forth later on. The workman has admitted that his basic pay, dearness allowance and increments were not affected by the instant transfer. The real pinch of the transfer, however, lay in the reduction of overtime allowances as will be apparent from the overtime accounts in Ext. 2. In this connection, the learned Advocate on behalf of the Union has drawn my attention to a prior warning given to the workman in the year 1958. The Company in order to prove the bona fides of the transfer examined Mr. Perry, Superintendent of the Testing Department (C.W. 1) and Mr. Khambatta (C.W. 2), who is Foreman Tester in the Company. The evidence of Mr. Perry is that Md. Atik Khan was transferred to the Head Office, because he was not considered to be a suitable driver to drive the motor vans of the Testing Department for the following reasons:—(1) On 31st July 1958 while Mr. Perry was proceeding in his car along the Outram Road from West to East at about 5-45 p.m. Atik Khan was found not himself driving one of the motor vans of the Company, but as stranger was doing it with Atik Khan sitting beside him, (2) reports were received in the past that Atik allowed outsiders to drive the motor vans and the motor fixing mistries of the Company had also complained that Atik Khan was found late in picking them up on the way and (3) reports were also received from Mr. Khambatta seeing Atik allowing outsiders to drive the motor vans These motor vans ordinarily convey about 100 meters which may be valued at Rs. 10,000 approximately. So, Atik Khan obviously went out of his way in allowing the outsiders to drive the motor vans of the Testing Department carrying goods valued to the tune of Rs. 10,000. This is corroborated by Mr. Khambatta (C.W. 2), who also deposed that he warned Atik in the past for his allowing an outsider to drive the van of the Testing Department between 11 and 12 noon on a day on Wellesley Street. Mr. Khambatta has deposed to other instances while Atik took the Company's van to Collin Street at his residence for the purpose of taking luncheon and rest. Mr. Khambatta also deposed that warnings were given to Atik, but they proved abortive. It appears from records that a warning was recorded in his Service Card (Ext. A) for the incident on 31st July 1958. The Union has contended that this warning was unjustified. Whether this warning was justified or unjustified does not really call for any decision in the present case, as no such point has been referred to this Court for determination. Incidentally, however, I may observe that Atik admitted his offence before Mr. Perry, and I have no reason to dis-credit the evidence of Mr. Perry on this score. The charge-sheet against Atik is marked Ext. C and the enquiry proceedings in this connection is marked Ext. B As against this, there is a mere denial from Atik on this score, which is far out-weighed by the evidence on behalf of the Company. The Union also examined U.W. 3 Khalil Ahmed and

U/W. 4 Ram Sudhish Roy in its attempt to establish that transfer from the Testing Department to the Head Office and vice versa or elsewhere is something unknown to the drivers, but the evidence coming from the aforesaid two witnesses does not conclusively prove the Union's contention, because Khalil could not say whether there was any transfer prior to 1950, and Ram Sudhish also similarly deposed that he does not know of transfer of drivers from the Testing Department. Strictly speaking, whether there were transfer or not from one department to another does not matter much. The Company is the employer of the drivers, and in the exigency of service having regard to its needs and requirements or for reasons of discipline, the Company has got absolute right to effect transfer, and transfer is an incidence of service, and the employees cannot make any reasonable grievance thereof. The fact remains that overtime allowances which were previously granted to the staff of the Testing Department were abolished with effect from 1st July 1957, and thereafter tiffin allowance is not now being granted to any drivers of the Company. So, the Union's contention that the transfer was effected in order to put down this agitation for tiffin allowances does not longer hold good.

As regards overtime allowance which is the real pinch of this transfer, I must say that the drivers or any other employees cannot as of right claim any overtime allowance. It is the Company's sole discretion to allow or not to allow any member of its staff to work overtime. So, if for certain misconducts on the part of this driver he was transferred from the Testing Department to the Head Office where he could not expect to draw so much overtime allowance, this transfer cannot be a reasonable ground of his grievance. In the circumstances, I must find that the action of the Company in transferring Atik Khan from Testing Department to Head Office is not tainted with mala fides, nor can I stigmatise it as unfair labour practice on the part of the Company. Rather, the step was taken for administrative reasons and for reasons of discipline. The point for determination is, therefore, answered in the affirmative, and the workman is not entitled to any relief.

Before parting with the case, I would dispose of Union's another contention that Government had issued a corrigendum regarding the point of reference without any authority, and Government's action in this respect was ultra vires. I may say straight-away that this contention of the Union has got no force, and Government was perfectly within its jurisdiction in amending the order.

This is my award.

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Indian River Transport Co., Ltd., 4 Lyons Range, Calcutta-1, and their workmen represented by Jahaji Sramik Union, 26/8 Dum Dum Road, Calcutta-2. (Case No. VIII-234 of 1958.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. R. GHOSH, Judge, Third Industrial Tribunal.

For the Union: Shri Panchanan Bhattacharji, Vice-President of the Union, instructed by Shri Gour Mohan Ghorai, Secretary of the Union.

For the Company: Shri D. K. Chowdhury, Labour Adviser.

By order No. 4976-I.R./IR/4L-47/57, dated the 26th November 1958, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Indian River Transport Co., Ltd., 4 Lyons Range, Calcutta-1 and their workmen represented by Jahaji Sramik Union, 26/8 Dum Dum Road, Calcutta-2, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

(1) Whether the workmen named below are entitled to receive any wages and other dues from the company. If so, what are their dues and on what terms the company should pay those dues?—

(i) Shri Jugal Kishore Manna, (ii) Shri Bamapada Maity, (iii) Shri Mahadev Chakraborty, (iv) Shri Gajendra Nath Handa.

The reference was received by this tribunal on 2nd December 1958. After usual notices were served upon the parties the union, viz., Jahaji Sramik Union filed its written statement on 19th February 1959, and the company, viz., Messrs. Indian River Transport Co., Ltd., filed its written statement on 14th March 1959. The date of hearing was fixed on 27th February 1959. But on union's prayer, the hearing was adjourned to 19th August 1959, on which date the hearing was taken up and concluded, arguments were heard and award was reserved.

AWARD

Issue No. 1: It is an admitted fact that the four persons, namely, Shri Jugal Kishore Manna, Shri Bamapada Maity, Shri Mahadev Chakravorty and Shri Gajendra Nath Handa were employees under Messrs. Indian River Transport Co., Ltd., and were permanent workmen working since January 1954 (vide paragraphs 1 and 2 of written statement of the union as well as paragraph 1 of the company's written statement wherein the company admits the correctness of the statements made in paragraphs 1 and 2 of the union's written statement). These workmen were working on the river transport route of the company between Kolaghat and Rani Chak. According to the union this route was closed by the company on and from 1st of August 1957. According to company's written statement, paragraph 2, the steamer service between Kolaghat and Rani Chak had to be closed as a result of non-navigability of the river. The admitted document of the company (Ext. 1 on admission) is a notice, dated 16th of July 1957, whereby the company intimated the public as well as also the Station Master, Gopigunj, that as there was no prospect of improvement in the navigability, the company was forced to close down the river transport service between Kolaghat and Rani Chak permanently on and from 1st of August 1957. It is thus admitted on both sides that the river transport service of the company between Kolaghat and Rani Chak was permanently closed on and from 1st August 1957.

Now the legal aspect of the question will be, whether the closing down of this transport service on and from 1st August 1957 will be treated as a closure of business of the company as the company alleges. It is found from evidence that Indian River Transport Co., Ltd. is still in existence, only the route from Kolaghat to Rani Chak had been closed but other routes have not been closed (vide P.W. 1 Shri Gajendra Nath Handa). His evidence is not challenged on behalf of the company. It is, therefore, clear that the entire business of the company has not been closed. It is now well-settled by judicial decision of the Hon'ble Supreme Court in the case of P.S. Mills, Ltd vs. P.S. Mills Mazdoor Union reported in 1957 L.L.J., Vol. I, page 235, as well as by the decision of the Bombay High Court in Berar Oil Industries vs. Majumdar (N.H.) reported in 1958 L.L.J., Volume I, page 226, that termination of services of workmen on account of closure of a section or department would only amount to retrenchment within the meaning of section 2(oo) of the Industrial Disputes Act. The Hon'ble Supreme Court has held in the aforesaid decision that where one of the units of a company is closed, what happens is retrenchment and not a closure of the business. So, in the present case what actually happened on 1st of August 1957 was not a closure in the eye of law but retrenchment of the employees on that particular route, i.e., the discharge of surplus labour or staff by the employer for stoppage of service on account of non-navigability of river between Kolaghat and Rani Chak.

It has been said on behalf of the union and there is also documentary evidence on the side of the union to show that employees concerned were not given any notice by the company terminating their services. According to P.W. 1 they were working for some time even in August 1957 and it is found from Ext. 5, the Parcels Way Bill. Be that as it may, it is clear from evidence that the route between Kolaghat and Rani Chak was closed for all practical purposes on and from 1st of August 1957 and, therefore, in the eye of law the employees who could not be profitably employed by the company after that date should be deemed to have been retrenched with effect from 1st August 1957 and this is my finding on that point. I accordingly hold that there was no legal closure as alleged by the company on 1st August 1957 but that there was retrenchment of the employees working on that route with effect from that date under the law.

Now comes the question as to the dues and compensation, to which the four workmen concerned, namely, Shri Jugal Kishore Manna, Shri Bamapada Maity, Shri Mahadev Chakravorty and Shri Gajendra Nath Handa are entitled from the company. The only issue under the reference is whether these workmen are entitled to receive any wages and other dues from the company and, if so, what would be their dues and on what terms the company should pay those dues. The chart filed by the union, Ext. 6, as well as the documents, Exts. 2, 3 and 4, as also the evidence of one of the workmen concerned, namely, Shri Gajendra Nath Handa (P.W. 1) go to show that Shri Gajendra Nath Handa, the Station Master, used to get as his pay Rs. 72 per month inclusive of the sweeping allowance of Rs. 12. The wages of Shri Bamapada Maity, Shri Mahadev Chakravarty and Shri Jugal Kishore Manna were Rs. 50, Rs. 64 and Rs. 50 per month, respectively. This is not denied by the company. The union claims that wages of these four employees are due from November 1956 up to 1st August 1957 and that these wages have been wrongfully withheld by the company. The company in its written statement admits that the salaries of these workmen are due from November 1956 to 25th April 1957. Company files a copy of the notice (Ext. A), dated 25th April 1957 to show that the services of the employees including the four employees in the present reference were terminated with effect from 25th April 1957. But P.W. 1 Shri Gajendra Nath Handa denies receipt of any such notice by the employees. The company ultimately concedes that the wages of these four employees in question are due from 1st November 1956 till end of July 1957 and I find this position to be correct and substantiated by evidence. I, therefore, hold that the three employees, namely, Shri Jugal Kishore Manna, Shri Bamapada Maity and Shri Mahadev Chakravarty will get their arrear wages at the rate of Rs. 50, Rs. 50 and Rs. 64, respectively per month from the company for the period from 1st November 1956 up to the end of July 1957. With regard to Shri Gajendra Nath Handa, he will get his arrear wages at the rate of Rs. 72 per month from 1st November 1956 till end of July 1957. This gentleman also claims some extra amount as his dues under the terms and conditions of his employment. His evidence is that over and above his monthly pay of Rs. 72 he used to get an allowance of 2 to 3 pice per passenger under his appointment letter, Ext. 4 and his monthly income from this allowance was Rs. 100 per month on the average. Exhibit 4, his appointment letter, of course, shows such a contract between him and his employer, the present company. Save and except the oral evidence of P.W. 1 Shri Gajendra Nath Handa there is no documentary evidence to support his claim on this point. He did not call for any documents from the company to substantiate his claim regarding this extra allowance for the period under claim. In the circumstances, I disallow this claim so far as Shri Gajendra Nath Handa is concerned for want of proper data or evidence. This much is about the arrear wages due to the four employees in question from the company for the period from 1st November 1956 till end of July 1957.

With regard to the "other dues" as per issue No. 1 under the present reference the union claims retrenchment compensation. As I have already found that the effect of closing down the particular route of the company meant retrenchment of the workmen and not a closure. So under section 25F of the Industrial Disputes Act, these four employees are entitled to compensations as per clauses (a) and (b) of section 25F of the said Act, namely, each of the four employees mentioned above will get from the company, in addition to the arrear wages determined above, the notice pay equivalent to one month's wage and retrenchment compensation equivalent to 15 days' average pay for every completed year of service or any part thereof in excess of six months. So, in the present case, each of the four employees concerned whose length of service was from 1st of January 1954 up to 31st July 1957, i.e., four years of completed service according to the computation under section 25F(b) of the Industrial Disputes Act will get retrenchment compensation equivalent to 2 months' average pay.

To sum up the total dues of each of the four employees work out thus—

(1) Shri Jugal Kishore Manna.—Arrear wages at the rate of Rs. 50 per month from 1st November 1956 to 31st July 1957, one month's notice pay of Rs. 50 plus retrenchment compensation equivalent to 2 months' average pay at the rate of Rs. 50 per month.

(2) Shri Bamapada Maity.—Arrear wages at the rate of Rs. 50 per month from 1st November 1956 to 31st July 1957, one month's notice pay of Rs. 50 and retrenchment compensation equivalent to two months' average pay at the rate of Rs. 50 per month.

(3) Shri Mahadev Chakravarty.—Arrear wages at the rate of Rs. 64 per month from 1st November 1956 to 31st July 1957 plus notice pay of Rs. 64 as also the retrenchment compensation equivalent to two months' average pay at the rate of Rs. 64 per month.

(4) Shri Gajendra Nath Handa.—Arrear wages at the rate of Rs. 72 per month from 1st November 1956 to 31st July 1957 plus notice pay of Rs. 72 as also the retrenchment compensation equivalent to two months' average pay at the rate of Rs. 72 per month.

Now as to the last part of Issue No. 1, viz., in what terms the company would pay those dues, the company has not pleaded its inability to pay the amount to be determined by the Tribunal in this case at a time. In the circumstances, I direct the company to pay to the above four employees their arrear wages, notice pay and retrenchment compensation as determined by this Tribunal within two months from the date of publication of this award.

This is my award.

1. The Government of West Bengal, in the Department of Labour, by order No. 4100-Dis. D/8L-14/56, dated 12th September 1956, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial disputes that had arisen or were apprehended in the Cotton Textile Industry in West Bengal between the employers of 17 Composite Mills, 8 Purely Spinning Mills and 19 Power Loom Factories mentioned in a Schedule to the Order of Reference and their workmen represented by 23 Trade Unions, also specified in a Schedule, to the First Industrial Tribunal for adjudication. This Order of Reference was amended by the Government of West Bengal

by way of Corrigenda No. 4473-Dis./D/8L-14/56, dated 8th October 1956, No. 5233-I.R./D/8L-14/56, dated 7th December 1956, No. 915-I.R./IR/8L-4/57, dated 22nd March 1957 and No. 3434-I.R./IR/8L-4/57, dated 4th September 1957. The award arising out of this Order of Reference was made by the Tribunal on 22nd May 1958, and it was published in the "Calcutta Gazette, Extraordinary," dated 10th June 1958.

2. As in the opinion of the Government, difficulties regarding the following questions had arisen as to the interpretation of the award abovementioned, the Government of West Bengal, in the Department of Labour, by order No. 4994-I.R./IR/8L-40/58, dated 26th November 1958, referred, under section 36A of the Industrial Disputes Act, 1947 (XIV of 1947), the said questions, as mentioned below, to this Tribunal for decision.

Questions

(a) Whether Messrs. Central Cotton Mills Ltd., 175 Girish Ghosh Road, P.O. Belurmath, Howrah, have to implement the Award in the matter of industrial dispute between Cotton Textile Industry in West Bengal published under Government order No. 2075-I.R., dated 26th May 1958 ("Calcutta Gazette, Extraordinary", dated 10th June 1958), on the question of casual leave?

(b) Whether the lump payment with regard to casual leave under the Award has to be made by the Management before the Pujas every year and not only in 1958?

(c) Whether all the workmen in the Engineering Section of the Mill have to be paid a general increase in the basic wage to the extent of Rs. 8.02 nP. per month?

Decisions

Question No. (a): Whether Messrs Central Cotton Mills Ltd., 175 Girish Ghosh Road, P.O. Belurmath, Howrah, have to implement the Award in the matter of industrial dispute between Cotton Textile Industry in West Bengal published under Government order No. 2075-I.R., dated 26th May 1958 ("Calcutta Gazette, Extraordinary," dated 10th June 1958), on the question of casual leave?

3. The question is whether the Central Cotton Mills Ltd., 175 Girish Ghosh Road, P.O. Belurmath, Howrah, have to implement the Award in the matter of industrial dispute between Cotton Textile Industry in West Bengal, published under Government order No. 2075-I.R., dated 26th May 1958, on the question of casual leave. At the date of the first Order of Reference on 12th September 1956, No. 16 in the list of Composite Mills was Shri Radha Krishna Cotton Mills No. 2, Belur, Howrah. By Corrigendum No. 915-I.R./IR/8L-4/57, dated 22nd March 1957, Shri Radha Krishna Cotton Mills, No. II, Belur, Howrah, was substituted by Central Cotton Mills Ltd., 175 Girish Ghosh Road, P.O. Belurmath, Howrah. The Award was made as against Central Cotton Mills Ltd., 175 Girish Ghosh Road, Belur, Howrah. The Central Cotton Mills Mazdoor Union states that the Central Cotton Mills Ltd. is an assignee of Messrs. Radhakrishna Cotton Mills Ltd., and is bound by all the terms of employment and conditions of service in the Mills of Messrs. Radhakrishna Cotton Mills Ltd. The aforesaid Messrs. Radha Krishna Cotton Mills Ltd. was a party before the First Cotton Textile Industrial Tribunal and was bound by the Award as made by that Tribunal in respect of casual leave to be granted to the workmen. The Central Cotton Mills Ltd. is accordingly bound to implement the present Award on the question of casual leave and to make lump payment with regard to casual leave before the Pujas every year besides the year 1958. The workers of the Mill, as represented by the Cotton Textile Workers' Federation also stated their claim to the same effect. The Company, in its written statement, states that the Company is a public limited concern incorporated in 1956 and purchased the premises, precincts and machinery from Messrs. Radhakrishna Cotton Mills Ltd., who stopped working of the Mills long ago before the date of purchase. According to the new terms and conditions of service, the workmen were not entitled to casual leave. The 1958 Award granted lump payment only to the workmen who were deprived of casual leave by the Award. It is therefore, claimed that those employees who are not getting the benefits of casual leave before the date of the 1958 Award, could not claim any lump sum payment for withdrawal of casual leave by the Award.

4. I have considered the matter very carefully, and I have to state that the question should be answered in the affirmative for the following reasons. Messrs. Radha Krishna Cotton Mills Ltd. No. II was a party to the First Award of 1948, and therefore, had to grant casual leave to the workmen under the provisions of that Award. The Central Cotton Mills Ltd. purchased on 25th April 1956, the right, title and interest in the Radha Krishna Cotton Mills No. II by a document, which was produced before me at the time of the hearing of this case. The original document was not retained by me, and a true copy thereof was retained in the record of the Court for reference. This document was compared by the Court and the portion of the deed of conveyance which was necessary for the purpose of the present enquiry was only kept as Ext. A. The paragraph which is of importance for the hearing of this case is paragraph 4. No other evidence was adduced by either party. Paragraph 4 of Ext. A shows that the purchaser covenant with the vendor that they shall employ all the employees of the vendor in its Mill No. 2 whose names appear on the Attendance Register as on the 23rd day of August, 1955, on the same terms and conditions on which they were employed by the vendor. This condition of the conveyance shows that the Central Cotton Mills were bound to allow the benefits of casual leave to the workmen of the Mills as they were being granted by the Radhakrishna Cotton Mills No. II under the First Award of 1948.

5. The Central Cotton Mills Ltd. was represented by the Bengal Millowners' Association in the main Tribunal proceedings. The present proceeding under section 36A of the Act is for decision of a question regarding any difficulty or doubt as to the interpretation of a provision of an Award.

The decision should, therefore, be made on the provision of the Award as made therein. The question of casual leave has been decided in paragraph 11(5) at page 2088 of the Award. It is stated that the First Award allowed casual leave for 5 days on full pay for all and a part of the clerical staff had 10 days casual leave with full pay under the Bengal Shops and Establishments Act. The Association objected to the existence of casual leave for the manual workers on the ground that this led to absenteeism, causing dislocation of work in the factory. This objection related to all the workers in the Industry. It was not disclosed that in the case of Central Cotton Mills the casual leave was not given to the workmen at the date of the proceedings before the Tribunal. The Tribunal, therefore, proceeded on the footing that all the workmen in the Industry enjoyed the casual leave with pay for 5 days and they were workers mentioned in 3 groups in paragraph 11(5) at page 2088, which show that two of the groups have been deprived of their casual leave with pay and have been given casual leave without pay for a certain period, and one group of employees, being the clerical employees employed in the office, have been allowed casual leave with pay. The Tribunal grants the lump-sum payment by way of compensation to the extent of 10 days' wages in the case of some workers and 6 days' wages in the case of others for withdrawal of the benefit of casual leave to those employees who are deprived of the benefit of casual leave with pay by this Award. The Tribunal clearly means that these employees are those mentioned in categories (1) and (3) in the paragraph 11(5) of the Award. It should be clearly understood that the expression "those employees who are deprived of the existing benefit of casual leave with pay by this Award" means the employees mentioned immediately above the sentence in sub-paragraphs (1) and (3) of paragraph 11(5). The Award does not contemplate any employee or group of employees who are not covered by the 3 groups (1), (2) and (3), mentioned in paragraph 11(5). The Award, therefore, covers all employees in the Industry in this paragraph and all employees in the categories (1) and (3) in this paragraph shall be paid the lump sum payment in lieu of casual leave as mentioned in this paragraph according to its provisions. The employees mentioned in sub-paragraphs (1) and (3) of paragraph 11(5) also include the employees of Central Cotton Mills. It is, therefore, clear that the Central Cotton Mills Ltd., 175 Girish Ghosh Road, Belurmath, Howrah, have to implement the Award of 1958 on the question of casual leave. This question is accordingly answered in the affirmative.

Question (b): Whether the lump payment with regard to casual leave under the Award has to be made by the Management before the Pujas every year and not only in 1958?

6. The Union states that the lump payment with regard to casual leave is to be made before the Pujas in every year besides the year 1958. The Central Cotton Mills Ltd., in its written statement, states that it will not have to make any payment in lieu of casual leave at all.

7. It has been decided above that the Central Cotton Mills Ltd. shall have to implement the 1958 Award in respect of casual leave as mentioned in paragraph 11(5) at page 2088 of the Award. This paragraph shows that the lump payment shall be made to the workers concerned 15 days before the Pujas and shall be calculated at the rate at which the worker was being paid in the month of August of the calendar year for which this payment is made. This statement in the Award clearly shows that the lump payment with regard to casual leave under the Award has to be made by the Management before the Pujas every year and not only in 1958. This question is, therefore, answered in the affirmative.

Question No. (c): Whether all the workmen in the Engineering Section of the Mill have to be paid a general increase in the basic wage to the extent of Rs. 8.02 nP. per month?

8. The question is whether all the workmen in the Engineering Section of the Mill have to be paid a general increase in the basic wage to the extent of Rs. 8.02 nP. per month. Both the Unions claim that this question should be answered in the affirmative. The Company, in its written statement, states that it is not bound in terms of the Award to pay a flat increase of Rs. 8.02 in the basic wage to all the workmen in the Engineering Department and that what the Award contemplate is that those who were getting less than Rs. 21.87 as basic wage should have their wage pulled up to the extent of Rs. 8.02, so that they may get the minimum basic wage of Rs. 28.17 as laid down in the Award. It is further stated that a flat rise of Rs. 8.02 to all workmen of the Engineering Department, irrespective of their present earnings, will definitely go against the spirit of the whole Award.

9. The question is far from any difficulty. The wages of the workers of the Engineering Section has been seperately dealt with in paragraph 7(13) at page 2077 of the Award. It has been stated that the basic wage of the employees of the Engineering Section, which includes such occupation as the Mechanical or Electrical Fitters, Tin-smiths, Turners, Carpenters, Lorry Drivers, Firemen, Tindals, Departmental Machinemen, Tapemen-cum-Machine Carrier, etc., shall be increased to the extent of Rs. 8.02 per month. There is no doubt that the workers having such occupations as mentioned in this paragraph shall have an increase of Rs. 8.02 per month and these workers are the workmen in the Engineering Section of each Mill including the Central Cotton Mills. The question is answered in the affirmative.

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said Award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Adikali Rice Mills, 20 Basanta Lal Saha Road, Calcutta-33, and their workmen represented by Rice Mill & Dal Mills Workers' Union, 455A Diamond Harbour Road, Calcutta-34. (Case No. VIII-C-188/57.)

For the Union: Shri S. Mukherjee, Pleader.

For the Company: Shri N. K. Mukherjee, Advocate.

The Government of West Bengal, in the Department of Labour, by order No. 5025-I.R./IR/11L-628/57, dated 20th December 1957, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Adikali Rice Mills, 20 Basanta Lal Saha Road, Calcutta-33, and their workmen represented by Rice Mill & Dal Mills Workers' Union, 455A Diamond Harbour Road, Calcutta-34, regarding matters specified in the second schedule of the Act, to this Court for adjudication:

Schedule

Is refusal of employment of Sk. Hakim, Sk. Alauddin, Sk. Najim, Sk. Sajamuddin and Khadu Das unjustified? What relief are they entitled to?

AWARD

This is a case arising out of refusal of employment to Sk. Hakim, Sk. Alauddin, Sk. Najim, Sk. Sajamuddin and Khadu Das by Messrs. Adikali Rice Mills, 20 Basanta Lal Saha Road, Calcutta-33, hereinafter referred to as the Company for the sake of brevity.

The Union's case in short is that the Company victimised the aforesaid 4 workmen for their active trade unionism, and suddenly threw them out of employment on and from 18th January 1957. The Union accordingly seeks their reinstatement with other ancillary reliefs.

The Company contends that these workmen were previously attached to the Boiler Department, and they voluntarily left their jobs and refused to accept employment though offered by notices, dated 18th and 19th January 1957.

Decision

12th August 1959 was the date fixed for trial when both the Union and the Company put in a joint petition of compromise amicably settling their case out of Court. The terms of compromise appear to be fair, reasonable and lawful and may be given effect to. The dispute may, therefore, be treated as settled in terms of the petition of compromise which do form a part of the Award.

By order of the Governor,

No. 4392-I.R./KW/IR/10L-4(C)/Pt/57.—10th September 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 5441-I.R./IR/10L-116/56, dated the 20th December 1956, as amended, the industrial disputes in the Engineering Industry in West Bengal between the Engineering Firms referred to in the said order, as amended, and their workmen represented by the Unions and Federations mentioned in the said order, as amended, were referred to the Fifth Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal, Shri Kubera Aluka, a workman of Messrs. Braithwaite & Co. (India) Ltd., Hide Road, Kidderpore, Calcutta-23, filed a complaint in writing to the said Industrial Tribunal alleging that the said Company had violated the provisions of section 33 of the Industrial Disputes Act, 1947 (XIV of 1947);

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its Award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said Award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, filed by Shri Kubera Aluka, an employee of Messrs. Braitwaite & Co. (India) Ltd., against the said Company in connection with G.O. No. 5441-I.R./D/10L-116/56, dated 20th December 1956. (Case No. 10 of 1959.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri G. KUMAR, District Judge, Fifth Industrial Tribunal.

Shri Kubera Aluka, represented by the Braitwaite Sramik Union .. Petitioner.

versus

Messrs. Braithwaite & Co. (India) Ltd., Hide Road, Calcutta-23 ... Opposite Party.

Appearance:

For the Petitioner: None.

For the Opposite Party: Shri J. N. Chatterjee, Assistant Labour Adviser of Indian Engineering Association.

AWARD

By Government order No. 5441-I.R./D/10L-116/56, dated 20th December 1956, a dispute between several Companies including Messrs. Braithwaite & Co. (India) Ltd. (hereinafter referred to as the Company), and their workmen, was referred to this Tribunal for adjudication. The applicant Shri Kubera Aluka was a workman of the Company. His services terminated by the

Company with effect from 9th April 1958, while the aforesaid reference was pending before this Tribunal. He has filed this instant application under section 33A of the Industrial Disputes Act alleging that the Company has violated the provisions of section 33(2)(b) of the Act. In this application, he has not prayed for any specific relief. However, it may be presumed that he has filed the instant application for reliefs he may be entitled to.

The case of the Company is that the applicant was not discharged or dismissed or punished under any of the circumstances as contemplated by sub-sections (1), (2) and (3) of section 33 of the Act, but as he absented himself without leave with effect from 9th April 1958, the Company wrote a letter to him on 24th April 1958 asking him to resume his duties within 8 days, and the letter was returned undelivered, the Company waited up to 8th May 1958 for the return of the applicant, but he did not turn up; so his service was regarded as automatically terminated with effect from 9th April 1958 as provided by clause (5) of section 18 of the Standing Orders of the Company.

The worker did not appear on the date fixed for hearing of the application, i.e., on 22nd August 1959. There is no reason to disbelieve the case of the Company as made out in its written statement and it is held that the application absented himself from his duties without permission from 9th April 1958 for an indefinite period and the Company was justified in terminating his services as provided by clause (5) of section 18 of its Stand-Orders.

As a result, it is held that the Company did not take action against the applicant under any of the circumstances as contemplated by sub-sections (1), (2), (3) of section 33 of the Act, and therefore, no question of the Company's contravening any of the provisions of section 33 of the Act arises, and so it is held that the applicant has no locus standi to make an application under section 33A of the Act, and the instant application is, therefore, rejected as not maintainable.

This is the award of this Tribunal.

Dictated and corrected by me.

G. KUMAR,
Judge.

Shri P. K. SARKAR, Judge, Second Industrial Tribunal.

Present for the Companies: Shri J. K. Ghosh, Advocate of Messrs. Orr Dignam & Co., Solicitors, instructed by Shri S. L. Banerji, Administrative Officer of the Companies.

By Government order No. 4370-I.R./IR/11L-324/58, dated the 13th October 1958, the above industrial dispute was referred to the Fourth Industrial Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication. Thereafter by a subsequent Government order No. 3514-I.R./IR/11L-324/58, dated the 28th July 1959 the aforesaid reference was withdrawn from the said Fourth Industrial Tribunal and was transferred to this Second Industrial Tribunal under section 33B of the Industrial Disputes Act on the ground that there had been a heavy congestion of cases in the file of the Fourth Industrial Tribunal, and that it was necessary to transfer the case to some other Tribunal for speedy disposal. Both the parties had filed their written statements before the Fourth Industrial Tribunal and the case was ready for hearing when it was received by this Tribunal on transfer on 31st July 1959.

The case was fixed for hearing on 18th August 1959 when the parties appeared and prayed for a short adjournment in order to come to a mutual settlement of the disputes by negotiation. A short adjournment was given, and on the date next fixed, viz., the 27th August, both the parties filed a joint petition of compromise and desired not to proceed with the case any further.

The following were the issues for adjudication as per the schedule to the order of reference:—

1. Revision of grades and scales of pay.
2. Retiring age.
3. Leave.
4. Gratuity.
5. Officiating allowance in case of work in a higher post.
6. Daily allowance of drivers.
7. Free tiffin.
8. Is the retirement of Shri Sudhamoy Bose justified? To what relief is he entitled?
9. Is the discharge of Shri Arun Kumar Banerjee justified? To what relief by way of reinstatement and/or compensation is he entitled?

According to the joint petition of compromise filed by the parties all disputes between them relating to the issues referred for adjudication have been amicably settled, and at present there is no existing dispute between the parties over the said issues calling for adjudication by the Tribunal. It is also stated in the said petition that the parties do not want to proceed with the case any further

In the circumstances, I award that there is no dispute existing between the parties relating to the issues under this reference. I incorporate the joint petition of compromise to my present award as Appendix A and it will form a part thereof.

AWARD

This case arises out of reference made by Government order No. 5074-I.R./IR/10L-141/58, dated 1st December 1958, and subsequent Corrigendum No. 5483-I.R./IR/10L-141/58, dated 24th December 1958, regarding a dispute between Messrs. Alkali Chemical Corporation of India Ltd., Rashra, Hooghly (hereinafter referred to as the Company for the sake of brevity), and their workmen employed at the Rishra Workshop, represented by two Unions, namely, (1) Alkali Chemical Mazdoor Union, Rishra, Hooghly, and (2) Alkali Chemical Corporation of India Ltd., Rishra Works Employees' Union, Rishra, Hooghly.

Both the Unions and the Company have filed separate written statements, but the real nature of the dispute cannot be easily comprehended from these written statements or from the order of reference and for that purpose, some facts admitted by all the parties need be recounted. These are as follows:—

In September 1957, there was a comprehensive agreement between the Company and the Unions regarding the wages, bonus, etc., of the workmen The workmen were divided into four categories as specified in Annexure A to the agreement. Category No. 1 ,was characterised as hourly-rated workers. Only they are interested in the instant dispute; the rest are not. In the same Annexure A, the pay structures of the hourly-rated workers were fixed. As only they are concerned in this dispute, item No. 1 of the Annexure A to the agreement will be made a part of the Award in this case.

It appears that these workers were divided into six grades. In grade No. 1 were included the workers on trial or probation; in the remaining five grades, different types of workers were included as will appear from the aforesaid agreement between the Company and the Unions.

It often happens that hourly-rated workers of a particular grade have sometime to work as Relievers. From the Company's written statement, it appears that these Relievers of a particular grade have sometime to relieve workers of their own grade or of grades either lower or higher than their own. When these Relievers of a particular grade are working in that capacity for workers of a lower grade or of the same grade they get the pay what they are actually drawing in their own grade and there is no dispute between the parties on this score, but the dispute has arisen regarding the pay that the Relievers are to get when they relieve workers of grades higher than that of their own. In this connection, it is to be noted that when the workers of a particular grade relieve workers of higher grades they are employed to relieve no worker other than those of the next senior grade to their own, e.g., a worker of grade II is always employed when necessary to relieve a worker of grade III.

Thus, the point for determination apparently is what should be the wages of a worker who acts as Reliever of a worker of the next higher grade than his own.

This is the real dispute between the parties, but the issue framed by Government in the order of reference is as follows:—

> "Should Relievers also be placed in the grades of charge hands "

In view of this framed issue and of the real dispute as formulated above, it has been contended on behalf of the Company that this Tribunal is not entitled to adjudicate upon the real dispute as it is not covered by the framed issue. Seemingly, there may be some substance in this contention of the Company, but substantially it has no validity.

Issues regarding industrial disputes are not ordinarily framed after the parties are properly joined for the purpose as is done in Civil Suits. What seems to be done is that some Officer of the Government's Department of Labour takes up disputes between the parties who do not seem to place and argue their cases in full before him and consequently he is not placed in possession of all the material facts relating to the dispute as a judge is done before the framing of issues in Civil Suits; so the same officer of the Government's Department of Labour has to bring forth the issues somehow or other; mostly, these issues turn out to be correct, but cases are not infrequent wherein it is found that proper issues have not been framed. However, the non-framing of proper issues by the Labour Department of the Government is by itself no reason for throwing out a dispute by a Tribunal without adjudication. The Tribunal is to see whether the real dispute between the parties can be made to fit in with the issues mentioned in the Government order of reference and whether the real point in dispute arises incidentally out of the said issues.

In the instant case, there is an expression, i.e., "charge hand" in the issue mentioned in the order of reference. It has transpired at the time of argument that whenever a workman of a particular grade acts as a Reliever in the next higher grade, he has to work as a charge hand; so, it is apparent that a Reliever in question is covered by this issue. The other part of the issue is whether such a Reliever is to be placed in the grade of a charge hand. This may be considered as a misnomer and it may be held that this part of the issue entitled the Tribunal to decide whether the said Reliever should get the pay of a charge hand or not. In other words, it can be safely held that the real point in dispute formulated above is covered by the issue mentioned in the Government order of reference.

As a result, the Company's contention, that this Tribunal is not competent to adjudicate upon the real dispute, because no such specific issue has been framed by Government in its order of reference, is over-ruled, and it is to be decided what wages a workman of a particular grade shall get when he relieves a workman of the next higher grade.

At present the Company pays the difference between the initial wages of the higher grade and the actual pay such a reliever is drawing in his own grade, which means that if the wages which the Reliever is drawing in his own grade is higher than the initial wages of the next higher grade, he gets no additional wages for acting as a Reliever in the said higher grade. However, at the time of argument it has been candidly conceded on behalf of the Company that such a Reliever should get some officiating allowance besides the wages he is drawing in his own grade. Now the quantum of the officiating allowance is to be fixed on the principle that where a junior acts for another in a higher grade, he would be entitled to the minimum in the higher grade and if his original salary was higher, then he would be eligible for that salary, plus one stage in the grade in which he acts [vide Automobile Manufacturers Employees' Union and General Motors Ltd., reported in 1952(I) L.L.J., page 205]. From Annexure A to the agreement it will appear that workers in grade I of the hourly-rated workers get a fixed wages of 40 pies per hour, while the job differential of the upper grades is 5 pies per hour per day, that means that a new entrant to grade II gets an initial wage of 45 pies per hour, one to grade III gets initial wage of 50 pies per hour, and so on.

It is demanded by the Unions that when a worker of a lower grade officiates in the higher grade as a Reliever he should get his own wages in his own grade, plus this job differential, i.e., 5 pies while, it is contended on behalf of the Company that such a worker should get the initial wages of the higher grade if the wages he is drawing in his own grade be less than that, but if the wages he is drawing be higher than the initial wages of the grade in which he will be officiating, in that case he will get only 2 pies per hour extra, as that would be tantamount to one stage in the grade in which he will act.

The Unions, on the other hand, claim that the Reliever should get 5 pies per hour extra. They assume that the 2 pies per hour per annum increment in the wage structure as evidenced by Annexure A is not really an annual increment but it is a reward for long service. Now, the wage structure was fixed by agreement between the Union and the Company, as well as by appraisement of work made by experts on behalf of the Company. After this appraisement the company published a Blue-book wherein at some place this 2 pies per hour increment per annum was described as a reward; but, in the same book, details of the wage structure were given wherefrom it would appear that this 2 pies per hour increment per year is a component part of the wage structure and it is not a reward. If that were so, there should not have been any maximum limit in the wage structure as has been provided for in Annexure A.

Another assumption made by the Unions is that whenever a man of a lower grade officiates in a higher grade he is to get 5 pies per hour extra, as that is the job differential of that grade, but this assumption is incorrect, because the job differential of a particular grade is allowed to a worker because he is fully equipped with the ability and qualifications for working in that grade and so a worker cannot claim this job differential of a particular grade unless he be permanently employed therein. The Relievers must be presumed not to have the full abilities and qualifications of a workman of a higher grade than their own, though they may be in cases of exigency asked by the Company to work in a higher grade. So such officiating workmen cannot claim as a matter of right, in addition to the wages they are getting in their own grade, the job differential of the higher grade, namely, 5 pies per hour.

As a result, it is held that the Company's contention is correct, and, it is awarded that a worker officiating as a Reliever in a higher grade next to his own, will get the initial wages of that grade if the wages he is drawing in his own grade according to Annexure A be lower than the said initial wages of the higher grade, but if the wages he is drawing according to Annexure A in his own grade be higher than the initial wages of the next higher grade he will get the wages he is drawing, plus 2 pies per hour extra. (But, this reservation will always be there, viz., that when a workman of a particular grade is permanently absorbed in a higher grade, he will get the job differential of the higher grade, plus the other components of the wage structure which he is entitled to.)

This is as regards the basic wages a Reliever should get when he officiates in the next higher grade. If there be other allowances payable in proportion to the basic wages earned by a worker, the extra wages, if any, earned by him as a Reliever should also be regarded as his basic wages in computing the said allowances.

This is the award of this Tribunal. It will be operative from the 1st August 1959.

ANNEXURE

In the matter of an industrial dispute between the New Terai Tea Association (Panighatta T.E.), P.O. Belgachi, Dist. Darjeeling, and their employee Dr. K. B. Roy represented by the West Bengal Plantation Workers' Federation, Bagrakote, Jalpaiguri. (Case No. VIII-C—104 of 1958.)

For the West Bengal Plantation Workers' Federation: Shri D. L. Sen Gupta, Advocate, with Shri J. N. Mitra, President of the Federation.

Under section 10 of the Industrial Disputes Act, Government of West Bengal, Labour Department, by their order No. 2004-I.R./IR/9L-28/58, dated Calcutta, the 17th May 1958, referred to the Second Labour Court, an industrial dispute between Messrs. New Terai Tea Association and their employee Dr. K. B. Roy, represented by the West Bengal Plantation Workers' Federation, for adjudication.

Issue formulated in the order of reference is as follows:—

> Is the termination of services of Dr. K. B. Roy justified? What relief is he entitled?

The case of the Union, briefly stated, is as follows:—

Dr. K. B. Roy, the employee in question, was as Assistant Medical Officer at the Panighata Tea Estate of Messrs. New Terai Association Ltd. He served the above Tea Estate with uniform good record of service for about 10 years and he was a member of the Executive Committee of the Terai Cha Bagan Karmi Sangha, representing employees of the above Tea Estate. The above Terai Cha Bagan Karmi Sangha having become inactive, Dr. K. B. Roy started to organise another Union of the said Tea Estate in or about the summer of 1957. For his above trade union activities the management designed to victimise him. He arranged to hold a general meeting of the workers of the said Tea Estate on the 17th of August 1957, in spite of the opposition of Mr. P. L. Achard, the then Manager of the said Tea Estate. This highly enraged Mr. Achard who determined to victimise Dr. K. B. Roy for organising the said Union. Thereafter some false and frivolous allegations were made against Dr. K. B. Roy and ultimately he was served with a charge-sheet dated 7th December 1957. Dr. K. B. Roy submitted his reply to the charge-sheet on 10th December 1957. The management without holding any enquiry terminated his services by a letter, dated 31st December 1957.

The case of the Company, is, however, as follows:—

When Dr. K. B. Roy was appointed, the then Manager of the Tea Estate Mr. C. A. Leavy Burton and later his successor Mr. P. L. Achard were dissatisfied with his work and his negligent conduct towards the labourers and the patients. The Management also received several written complaints from the staff and the labourers and also the Assistant Manager against the careless and negligent conduct of Dr. K. B. Roy. He was reprimanded on numerous occasions verbally and in writing by the above two Managers during their respective tenures of office for his neglect of duty. Finally the Manager issued a charge-sheet to Dr. K. B. Roy on 7th December 1957 and the latter submitted his explanation on 10th December 1957. Thereafter an enquiry was held into the charges, on the conclusion of which the Board of Enquiry came to the finding that Dr. K. B. Roy was guilty of the charges brought against him. The management did not wish to inflict the extreme punishment of dismissal, having regard to the position of Dr. K. B. Roy as the Assistant Medical Officer. The management therefore terminated his services with effect from 31st December 1957. The Company denies that Dr. B. K. Roy was discharged for his alleged trade union activities.

The Company has raised two initial objections. First is that while the name of the Company is New Terai Association Ltd., in the Government Order of Reference it has been described as the New Terai Tea Association As such, the Company contends that the present dispute does not relate to it. I at once come to the finding that the addition of the word 'Tea' and omission of the word 'Ltd.' in the order of reference do not raise any doubt as to which Company is meant by Government. So I reject this objection.

The next objection of the Company is that this is not an industrial dispute as the rest of the workmen of the Company are not interested in the dispute of Dr. K. B. Roy. The case of Dr. K. B. Roy has been taken up by the West Bengal Plantation Workers' Federation. That organisation affiliates trade unions and has no workmen as its member. It is in evidence that Terai Cha Bagan Karmi Sangha was affiliated to that federation. It is admitted in the written statement of the Union that the said Sangha became inactive long before the present dispute arose. Dr. K. B. Roy later became a member of the United Plantation Workers' Union. It is admitted by Dr K. B. Roy in his evidence that that Union is not affiliated to the West Bengal Plantation Workers' Federation. As I have observed above, the workmen of Panighata Tea Estate are not members of the West Bengal Plantation Workers' Federation. As such, the fact that the Federation has taken up the cause of Dr. K. B. Roy does not ipso facto show that his case has interested the other workmen of the Tea Estate. It may be that a large number of workmen of the Tea Estate are members of the United Plantation Workers' Union, but that Union has not taken up the case of Dr. Roy. As that Union is not affiliated to the Federation, the Federation has no locus standi in the dispute between the Company and Dr. Roy. So I hold that the dispute is an individual dispute and not an industrial dispute.

As regards the issue mentioned in the order of reference, both sides have adduced oral and documentary evidence in support of their respective cases. There is nothing on evidence to show that the management became angry with Dr. K. B. Roy for alleged trade union activities, on the contrary, the evidence shows that Dr. Roy was found negligent of his duty on several occasions between 1954 and 1957. The correspondence between Mr. Achard, the Manager, and Dr. K. B. Roy shows that the former had no ill feeling against the latter. On the contrary, the former wanted that the latter should be up to the mark. Dr. K. B. Roy himself admits in evidence that on one occasion the Manager wrote him a letter expressing his dissatisfaction over his conduct. Dr. K. B. Roy had a discussion with the Manager. The Manager then told him that the labourers were agitated over the matter and that if any letter was issued, labourers would be appeased. This shows unmistakably the attitude of the Manager towards Dr. K. B. Roy. Far from showing any intention of victimisation, this clearly shows that the Manager wanted that Dr. K. B. Roy should do his duties properly. The evidence shows that the attitude of the Manager has all along been reasonable; on the other hand, Dr. K. B. Roy has tried to cover his lapses and disobedience by lame excuses; he even went to the verge of insubordination on several occasions.

In the written statement of the Union it has been alleged that no enquiry was made into the charges. But the evidence including that of Dr. Roy proves that an enquiry was held on 10th December 1957. I have perused the report of enquiry (Ext. 'B') carefully. I hold that the enquiry was conducted properly and I agree with the finding. Fairness of the Company is also proved by the fact that the Company has offered Dr. K. B. Roy wages up to 31st December 1957, one month's wages in lieu of notice, and compensation of Rs. 1,845.00 nP.

In view of the above considerations I hold that the termination of services of Dr. K. B. Roy was justified. As such, he is not entitled to any relief.

No. 4472-I.R./IR/10L-95(A)/59.—14th September 1959.—Whereas an industrial dispute between Messrs. Jay Engineering Works, Ltd., 183A Prince Anwar Shah Road, Calcutta-31, and their workmen represented by the Jay Engineering Workers' Union, 392 Prince Anwar Shah Road, Calcutta-31, relating to the matters specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred by the employer and the workmen to arbitration to the Arbitrator named in the Arbitration Agreement published under the Government of West Bengal, Labour Department, order No. 2460-I.R./IR/10L-95(A)/59, dated the 3rd June 1959;

And whereas the arbitration award on the said industrial dispute given by the said Arbitrator was received by the State Government on the 27th August 1959;

Now, therefore, in pursuance of the provisions of sub-section (1) of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

Messrs. Jay Engineering Works Ltd., 183/A Prince Anwar Shah Road, Calcutta-31 and their workmen represented by the Jay Engineering Workers' Union, 392 Prince Anwar Shah Road, Calcutta-31, referred the following disputes to me for arbitration under sub-section (1) of section 10A of the Industrial Disputes Act, 1947 by an arbitration agreement, dated 26th May 1959:—

(1) Dispute regarding grading of workers working as helper to mason and carpenter in the Yard and General Department.

(2) What percentage of "Non-production Bonus" a Store Issue Man is entitled to get as per agreement, dated 21st August 1958.

(3) What percentage of "Non-production Bonus" a Sardar is entitled to get as per agreement, dated 21st August 1958.

The parties appeared before me and argued their case. They also filed written statements. I visited the Tool Store, Finished Goods Store, Masonry and Carpentry Sections of the works in the presence of both the parties on 21st July 1959.

My award is as under:—

(1) Helpers to Masons and Carpenters are admittedly unskilled mazdoors. The reason that these helpers may occasionally do the work of a mason or carpenter does not render the job of a helper a skilled one. Management have affirmed that these helpers are never asked to do the job of a mason or carpenter. If they do it, they do so without the knowledge of management for learning the trade.

My decision is that these helpers are unskilled mazdoors and are eligible for emoluments of an unskilled worker. In case management direct them to work as carpenters or masons casually or temporarily, their emoluments should be that of a carpenter or mason as the case may be.

(2) Store Issue Men have been placed in the category of unskilled workers by management. I have carefully examined the work of a Store Issue Man in the Tool Room and Finished Products Room. A Store Issue Man in the Tool Room has to supply tools from the racks against requisitions which are handed over to him by the Clerk-in-Charge. Although a broken tool accompanies the requisition, the Store Issue Man in finding out the tool among several thousand varieties has to depend on his knowledge of the shape, size and sometimes also the descriptive name of the tool.

In the Finished Products Room also the helpers have to weigh and arrange the components in the racks according to shape, size and description.

In my opinion, the job of these helpers is not unskilled as has been made out by management. My decision is they should received 90 per cent. Non-Production Bonus.

(3) The Sardars working as Head Jemadar, Head Durwan or Head Cooks, etc., have the responsibility of supervising the work of the menials in the Yard and General Department. The nature of responsibility is of course, different from that attached to the job of a Supervisor in the works on the manufacturing side but undeniably a Supervisor of menials has certain amount of responsibility; it may be in running the canteen kitchen or in keeping the premises clean or in maintaining security of the Yard. In my opinion, these Sardars cannot be treated as unskilled workers. Bearing in mind the nature of their duties and responsibilities, I decide that they should get 75 per cent. Non-Production Bonus.

To sum up: (1) Helpers to Masons and Carpenters are unskilled workers and are not entitled to higher wages as long as they are not asked by management to work as masons or carpenters. (2) Store Issue Men are not unskilled workers and are entitled to 90 per cent. Non-Production Bonus. (3) Sardars are not unskilled workers having supervisory duties. They should get 75 per cent. Non-Production Bonus. This is my award.

AWARD

A dispute between Messrs. A. & J. Main & Co., Ltd., and their Head Office employees represented by A & J Main Employees' Association was referred for adjudication to this Tribunal by Government order No. 237-I.R./IR/11L-318/57, dated 20th January 1958.

During the pendency of the reference case before this Tribunal the Company is said to have stopped the due increment to the employees concerned in the dispute on 1st April, 1959. So 32 workmen filed an application under section 33A of the Industrial Disputes Act alleging that the said stoppage of increment was in contravention of the provision of section 33 of the Industrial Disputes Act, and they prayed for passing order directing the Company to pay the increment.

They have filed a petition today alleging that the matter has been settled and there is no dispute regarding increment and pray that a no-dispute award may be passed. But as the Company is not a party to the instant application of date filed by the workmen, it is to be regarded that they will not proceed with their application under section 33A of the Industrial Disputes Act.

As a result the application under section 33A of the Industrial Disputes Act is rejected for non-prosecution.

This is the award of the Tribunal.

Nundy & Co., P-62, Bentinck Street, Calcutta-1, and their workmen represented by Nundy Company Employees' Union, 95 Dindayal Shaw Street, Calcutta-28, regarding matters specified in the second schedule of the Act, to this Court for adjudication.

Schedule

(1) Whether the Management is justified in withdrawing the customary privilege of festival holidays enjoyed by the workmen? How many days of festival holidays are they entitled to?

(2) Whether the discharge of Narayan Chandra Maity, Kartick Chandra Mondal and Bishnupada Das is justified? To what relief are they entitled?

AWARD

This is a case arising out of alleged illegal and unjustified withdrawal of the customary privilege of festival holidays and, of the discharge of Narayan Chandra Maity, Kartick Chandra Mondal and Bishnupada Das by Messrs. Nundy & Co., P-62 Bentinck Street, Calcutta-1, hereinafter referred to as the Company for the sake of brevity.

Decision

First I take up Issue No. 1 regarding festival holidays. It is admiitted by Shri Harendra Nath Maitra (U.W. 1), Secretary to the Union, that 10 days are the certified festival holidays in the Standing Orders as certified by the Labour Commissioner, and that there was no festival holiday on account of Saraswati Puja in 1957, which is the crux of the whole dispute in this case. In spite of the Standing Orders, the parties seem to be in dispute as regards the number of festival holidays, and the evidence of Shri Madhusudan Nandy (C.W. 1) is very much discrepant and cannot be relied on. I accept the statement of the Union's Secretary that there are 10 festival holidays certified by the Labour Commissioner. So, the festival holidays as certified by the Labour Commissioner in the Standing Orders stand at 10, and this Court will not interfere with the number of festival holidays so certified. It may be observed that the Union cannot, as of right, claim, festival holiday on account of Saraswati Puja. This matter is thus disposed of.

Next, I come to Issue No. 2, i.e., alleged illegal discharge of Narayan Chandra Maity, Kartick Chandra Mondal and Bishnupada Das. This matter has been simplified by the admission of C.W. 1, Shri Madhusudan Nandy, that he is willing to take back Narayan Chandra Maity and Kartick Chandra Mondal, and that he has already reinstated Bishnupada Das. It may be stated in this connection that prior to the commencement of the hearing in this case there was no trouble about the issue of reinstatement, but the dispute arose with regard to wages which should be paid for the period of their forced unemployment. Having regard to the circumstances of this case, I think, two months' full wages would be quite adequate. The Company is therefore, directed to pay two months' full wages to the three workmen concerned in this case within a month of the publication of this Award.

To sum up, it is found that the Management will not interfere with the number of 10 days festival holidays as certified by the Labour Commissioner in the Standing Orders, and as regards Issue No. 2, the Company will reinstate Narayan Chandra Maity and Kartick Chandra Mondal within a month of the publication of this Award and grant them two months' full wages including Bishnupada Das who has already been reinstated, within the same period treating the continuity of their service as unbroken.

This is my Award.

Issues.

(1) Whether the firm was really closed down as contemplated in the joint agreement, dated 25th October 1957.

(2) To what additional benefits the workmen, whose services were terminated in accordance with the terms of the above agreement, are entitled?

Reference was received by this Tribunal on 3rd November 1958. After usual summons upon the parties the Union (Thacker's Employees' Union) filed its written statement on 8th December 1958. The Company [Messrs. Thacker Spink & Co. (1933) Private Ltd.] filed its written statement on 16th January 1959. Lists of documents were filed by the parties on 17th February 1959. After some adjournments the hearing was taken up on 6th July 1959 when the case was opened and it was adjourned on Union's prayer to 20th July 1959 for evidence. The hearing and arguments were concluded on 24th July 1959 and award was reserved.

AWARD

Issue No. 1: Messrs. Thacker Spink & Co. (1933) Private Ltd. was admittedly incorporated in 1933. Its main business, according to the Company, consisted of importing foreign publications on its own account and selling them and publishing "Indian Medical Gazette" and "Thacker's Directory". According to the Union the Company is a prosperous one and is a selling agent of many publications as also of its own publications. The case of the Union before the Tribunal is that in the middle of 1957 the Company threatened the employees that it would close down the business on account of financial difficulties and that in case the employees would fail to come to terms with the Company, they would get no compensation. The matter was accordingly taken up with the Conciliation Officer and under the threat of the Management an agreement was arrived at between the parties on 25th October 1957. According to that agreement the Management agreed to pay to its employees in case of complete closure of the business, within one month from the date of closure (1) one month's notice pay with D.A., (2) three months' salary with D.A. as compensation and (3) salary with D.A. for the accrued leave. Employees on being discharged agreed to accept these payments in full satisfaction of all their claims against the Company. The notice of retrenchment served upon the employees is dated 31st October 1957 whereby the employees were offered the above payments and were informed that their services stood terminated on the expiry of 31st October 1957 as the Board of Directors decided to close down the Company's business with effect from 1st November 1957 and discharge all the staff of the Company.

The Union now contends that the aforesaid agreement, dated 25th October 1957, was illegal and mala fide inasmuch as it was made in contravention of the provisions of section 25FFF of the Industrial Disputes Act as it then stood after amendment—the plea of purported closure being only the financial difficulty, secondly that there was in fact no real closure but a pretence of a closure as the Company has been duly running its business in regular manner retrenching many employees and also recruiting new employees even after the alleged date of closure and thirdly that the Company without closing its business and in retrenching the workmen utilised the agreement in the matter of payment of compensation and other benefits to the prejudice of the workmen in a mala fide manner. Thus, according to the Union the firm in question was not really closed down as contemplated in the joint agreement, dated 25th October 1957, and that the retrenchment of the workmen concerned was illegal and unjustified.

The Company seeks to challenge these allegations or contentions of the Union both on point of law and on point of fact. According to the Company's contention this Tribunal has no jurisdiction to entertain or to adjudicate upon the alleged dispute under reference as there is no industrial dispute within the meaning of Industrial Disputes Act inasmuch as the Union does not represent the present workmen or employees of the Company who are not interested in the alleged dispute and secondly, that the persons whose names appear in Annexure C to the written statement of the Union, namely, the retrenched workmen are not workmen of the Company because after the closure of the business on and from 1st November 1957 these persons ceased to be the workmen or employees of the Company and the so-called Thacker's Employees' Union came to an end. On point of facts the Company's contention is that since early part of 1956 the Company had been carrying on its business under great financial strain and had no other alternative than to close down the business of the Company on and from 1st November 1957 on grounds of financial difficulties and import restrictions amongst others as enumerated in paragraph 5 of its written statement. It further contends that under the above circumstances, the agreement was entered into by the parties on 25th October 1957 which is bona fide, valid and binding on the parties, that under the terms of the notice of termination of services, dated 31st October 1957, all the dues payable to the employees under the said agreement by the Company were duly paid, that only a skeleton staff was retained to wind up the business of the Company, and that the business of the Company was totally closed down for 6 or 7 months since 31st October 1957. The Company also states in its written statement that the shareholders and the Management of the Company felt deeply for closing down the business of the concern Thacker Spink and they tried hard to find out possible means to revive its business and that ultimately Newspapers and Publications Private Ltd.

of Patna came to the help of the Company and one of the representatives of the said Company was taken in as the Managing Director and he was given the full control and Management of the Company. Thus according to the Company the business of the Company was totally and bona fide closed down on and from 1st November 1957 and that the employees were lawfully and validly discharged.

On these pleadings of the parties it is to be decided whether the firm, namely, Messrs. Thacker Spink & Co. (1933) Private Ltd., 8 Esplanade East, Calcutta, was really closed down as contemplated in the joint agreement, dated 25th October 1957. This is the only question which calls for decision by this Tribunal according to issue No. 1 of the dispute under reference.

I shall first consider the legal objections taken on behalf of the Union regarding jurisdiction of this Tribunal to entertain or to adjudicate upon the dispute referred to it under the orders of the Government of West Bengal, Labour Department, dated 11th October 1958. One of the objections is that as the persons whose names appear in Annexure C of the Union's written statement were duly discharged from their services on the closure of the business of the Company and were paid their dues in terms of the agreement, dated 25th October 1957 (Ext. G), they have ceased to be the workmen or employees of the Company since 1st November 1957 and the so-called Thacker's Employees' Union has also come to an end and that as such there was no longer any dispute between the employer and its workmen within the meaning of the Industrial Disputes Act to be referred to the Tribunal by the appropriate Government for adjudication. I am unable to accept this contention as making out the correct proposition of law. Alleged closure according to the Company took place on and from 1st November 1957. The reference was made by the appropriate Government to this Tribunal on 11th October 1958, i.e., about a year after the alleged closure and the dispute referred to this Tribunal has been described as a dispute between Messrs. Thacker Spink & Co. (1933) Private Ltd. and their workmen represented by the Thacker's Employees' Union. It is not disputed that the retrenched workmen were members of the Thacker's Employees' Union before the alleged closure and that they were workmen under the employment of the Company within the meaning of section 2(s) of the Industrial Disputes Act. The only question to be decided here is whether the retrenched employees in question continued to be the workmen within the meaning of aforesaid definition even after their alleged retrenchment and the closure of the business on 1st November 1957 for the purpose of raising the present dispute. The definition of "workman" is wide enough to cover any person who has been dismissed, discharged or retrenched in connection with the dispute or whose dismissal, discharge or retrenchment has led to that dispute. In the instant case the retrenched workmen represented by their Union challenge the propriety and legality of the alleged closure and the retrenchment and the issues which have been referred to this Tribunal for adjudication regarding the dispute in question are whether there was real closure as contemplated in the agreement, dated 25th October 1957, and to what additional benefits the workmen whose services were terminated in accordance with the terms of the above agreement are entitled. So, the retrenched workmen who are involved in this dispute were "workmen" within the meaning of section 2(s) of the Industrial Disputes Act whose retrenchment has led to the present dispute. The Union was certainly in existence when the present dispute arose. Even if it is assumed that there was bona fide and real closure of the business of the Company, it cannot be said that after the alleged closure there could not be raised any industrial dispute by the workmen because the industry was closed or dead. It was held in the decision by the Hon'ble Supreme Court in Pipraich Sugar Mills Ltd. versus Pipraich Sugar Mills Mazdoor Union, reported in 1957 L.L.J. Vol. I, page 235, that when a business has been closed and it is either admitted or found that the closure is real and bona fide, any dispute arising with reference thereto would fall outside the purview of Industrial Disputes Act. But it has also been held in the same case that this does not mean that to refer an industrial dispute which arose during the existence of the concern, the industry must be also in existence at the time of reference of such dispute. The power of the State to make a reference must be determined with reference not to the date on which it is made but to the date on which the right which is the subject matter of the dispute arises and the machinery provided under the Act would be available for working out the right which had accrued prior to the dissolution of the business. In a subsequent case decided by the Punjab High Court in Sorilal versus 2nd Industrial Tribunal and another reported in 1959 L.L.J. Vol. I, page 70, the same view has been expressed. In the present case the retrenched workmen dispute the fact and bona fides of closure and legality of their retrenchment under the terms of the alleged agreement (Ext. G). As such the right which is the subject matter of the present dispute arose not on the date on which the reference was made to this Tribunal but on the 31st October 1957 when they were served with notice that their services would be terminated with effect from 1st November 1957 upon complete closure of Company's business. So, the cause of action to raise an industrial dispute on the part of these workmen arose not after the closure of the business on 1st November 1957 but must be deemed to have arisen simultaneously with the closure. As such there was an industrial dispute within the meaning of the Industrial Disputes Act in existence when the appropriate Government referred the dispute to this Tribunal on 11th October 1958 for adjudication. If it is ultimately found that there was no bona fide or real closure, the position would not be different at all. In that case also the dispute must be deemed to be an industrial dispute. I, therefore, hold that the reference is valid in law and this Tribunal has jurisdiction to entertain and adjudicate upon the dispute referred to it for adjudication.

Another legal objection taken is that the present employees of the Company are not members of the Thacker's Employees' Union and that they have not supported the present dispute and as such the reference is bad. But I do not think that this objection is of any substance at all in view of my above findings. Moreover, from the evidence on record it is found that out of the retrenched workmen some 18 or at least 13 were re-employed by the Company as a skeleton staff and several new hands were also recruited. All the old employees were members of the Union and it is the evidence of P.W. 1 Shri Sosanka Sekhar Roy, who was a member of the executive committee of the Thacker's Employees' Union and was employed in the concern till January 1958, that a number of the present employees of the Company are supporting the present dispute. This is not challenged. The dispute referred to this Tribunal is, therefore, an industrial dispute between the Company and its employees and as such the reference is good and this Tribunal has jurisdiction to adjudicate upon it. The legal objections raised by the Company are thus negatived.

Now I come to merits. As I have already said the only point for consideration under issue No. 1 is whether the firm [Messrs. Thacker Spink & Co. (1933) Private Ltd.] was really closed down as contemplated in the joint agreement, dated 25th October 1957. According to the Company its business was realy closed down with effect from 1st November 1957 on account of difficulties mainly financial and also on account of import restrictions, and that the closure was genuine and bona fide. The Union disputes the very fact of closure and it contends that there was no real closure of the business with effect from 1st November 1957 or at any time but that it is still continuing. Union further contends that the closure was a mere pretence to deprive the workmen of their benefits under the Statute. Now, with regard to the allegations of the Company that the financial difficulties and the import restrictions led to the closure, the Company has adduced evidence both oral and documentary. It is definitely proved by the evidence adduced on behalf ot the Company that since 1955 the Company was running the business at a loss and had huge financial liabilities to meet. The financial year of the Company is from July to June. The balance sheets and profit and loss accounts for the years 1955, 1956 and 1957 (Exts. A and B series) would go to show that Company was incurring loss in business every year and had to borrow money from Maharajadhiraj of Darbhanga every now and then, as it is found from the minutes of the meetings of the Board of Directors (Ext. C series) from the Solicitor's letter, Ext. N, dated 21st June 1957, as also from the evidence of D.W. 1 Shri S. R. Maitra, Director of the Company, from May 1952 to March 1958. It came to such a pass that on 29th August 1957 and on 30th August 1957 there was a meeting of the Directors of the Company and it was resolved in the meeting that a meeting of the creditors of the Company should be called to consider the question of voluntary winding up of the Company in view of its the then insolvent position. Accordingly, proper steps were taken by advertising the notice of the meeting in the Official Gazette and other newspapers as shown by Ext. D. Creditors' meetings were held on 10th October 1957 (vide Ext. F_2) and the meeting was adjourned to 26th October 1957. On 26th October 1957 the meeting of the shareholders was held and it was resolved that in view of the financial position of the Company the Company's business was to be closed down and notice of discharge to be given to all employees on payment of agreed compensation, i.e., as per the alleged agreement, dated 25th October 1957. It is, therefore, clear from the evidence on behalf of the Company that up to 26th October 1957 there was a prospect of voluntary liquidation of the Company but ultimately closure and not liquidation of the business was decided upon by the shareholders of the Company. It is contended on behalf of the Union that all these steps taken by the Company in order to come to a decision about closure of the business was a mere pretence or a stage-managed affair. But it cannot be denied from the documents on record that the financial position of the Company was worsening every year and that it was difficult for the Company to carry on its normal business without incurring loss and without obtaining loans from other persons, namely, Maharajadhiraj of Darbhanga. Against this background of the financial position of the Company, the memorandum of agreement entered into by the employers and employees of the present Company, Ext. G, was entered into. The employees' Union had filed a petition before the Assistant Labour Commissioner praying for payment of retrenchment compensation to the employees because they apprehended that the management would close down the business. Subsequently a conciliation proceeding was started by the Assistant Labour Commissioner and after joint meetings of the parties the employers and employees agreed that in case of complete closure of the Company, the employees who would be discharged, would accept in full satisfaction of all their claims against the Company, one month's notice pay with D.A., three months' salary with D.A. as compensation and salary with D.A. for the accrued leave. It is not disputed on behalf of the union that the employees agreed to these terms of settlement. But the contention of the Union is that this agreement is mala fide and illegal in view of the fact that the workmen were induced by threat and misrepresentation of facts to agree to such terms. According to the Union the offer was given from the side of the Company through D.W. 2 Shri Girindra Mohan Mishra, the Adviser of Maharajadhiraj of Darbhanga. Shri Mishra (D.W. 2) admits in his evidence that the workers approached him and there was a prospect of liquidation and he gave offer to the workmen and advised them to accept 3 months' pay as compensation and the workmen seemed to have agreed to this compensation. Be that as it may, Union admits that the workmen agreed to the terms incorporated in the agreement (Ext. G) and it is also proved from evidence on record that after the notice of discharge given to them on 31st October 1957 (Ext. I) they were paid the sums of money as per terms of the agreement (Ext. G).

But what the Union really disputes is that as there was no real closure of the business and as the business is still continuing with some of the old employees and some new hands recruited on fresh terms, that the workmen cannot be held bound by the terms of the agreement (Ext. G) which were to take effect only in case of complete closure and that as such the termination of their services on the plea of closure of the Company is not justified in law.

So the sole question which awaits decision under this issue is whether there has been a real closure of the business of the present Company on and from 1st November 1957. It is now well-settled by a series of judicial decisions that in case of real and bona fide closure the business or the industry itself ceases to exist or is dead and that in case of a mere pretence of a closure, i.e., when a closure is mala fide there is no closure in the eye of law (vide decisions of the Hon'ble Supreme Court reported at pages 235, 243 and 253 of 1957, L.L.J., Vol. I). It was also laid down in the case of Messrs. British India Steam Navigation Co., Ltd. versus Shri S. Salvadore and 45 others reported in 1953 L.A.C., page 717 that the closure of a business or undertaking means the winding up of the entire business and undertaking at a particular local area at least. It is, therefore, to be seen in the present case whether the business of Messrs. Thacker Spink (1933) Private Ltd. which was admittedly in existence up to 31st October 1957 ceased to exist on and from 1st November 1957. The Company admits in its written statement that there was a closure of the business on 1st November 1957 and only a skeleton staff was retained on fresh terms to wind up and to sell the existing stock. It further admits that the business of the Company was totally closed down from six or seven months since that date and that thereafter in about March 1958 the business was revived with the help of a financier in Messrs. Newspapers & Publications Private Ltd. of Patna. In a meeting held by the Directors on 19th March 1958 (Ext. C_{11}) the Directors resolved that in view of the shareholders' resolution Nos. 1 and 2 of 15th March 1957, the Directors decided to revive the normal activities of the Company and authorise Shri K. Acharyya, the Managing Director, to take necessary steps in the matter. The evidence of D.W. 3 Shri Narendra Mishra would show that he joined the present Company on 24th April 1958 as Manager and when he joined he found the business still going on. From his evidence and from the salary book (Ext. R) it is found that about 30 or 35 persons were working in the Company and the present total strength of the staff is 45. When Shri Mishra joined in April 1958 there were 16 employees working, out of whom 14 were old employees and D.W. 3 might have recruited 12 to 15 employees after he had joined. From the cash books filed before the Tribunal it was shown that since November 1957 there has been sale of books. The evidence of P.W. 1 Shri Sasanka Sekhar Roy, who was an employee of the concern till January 1958 shows that the sale of books continued as before even after 31st October 1957 and that during this period books were also published by the Company. The present Manager D.W. 3 cannot tell anything about the present sale position. D.W. 2 Shri Manindra Mohan Mishra who was Adviser of the Maharajadhiraj of Darbhanga and who gave the offer to the workmen and advised them to accept the terms which were embodied in the agreement (Ext. G), has said on oath that the business of the Thacker Spink was revived some months after the closure.

From the above facts disclosed in evidence, both oral and documentary, it is clear that the business of the Company did not cease to exist on and from 1st November 1957, but that it was continuing and has been continuing even up to this date with the same Board of Directors and under the same name and style though with outside help from Messrs. Newspapers and Publications Private Ltd. of Patna and there was a resolution already referred to by me in the meeting of the Board of Directors that the normal business activities of the Company should be revived. It is, of course, true that the business is continuing in some curtailed form and not on the same scale as before. But still it cannot be said that there was any closure of the business complete or partial on 1st November 1957 or on any subsequent date. In the circumstances, I must find that there was no real closure of the business of the present Company in the eye of law as contemplated in the joint agreement dated 25th October 1957 (Ext. G). It has been argued on behalf of the Company that the revived business was a new business and that there was a real closure of the old business on 1st November 1957 to all intents and purposes. But this argument does not appeal to me to be of any weight in view of the facts discussed above. It cannot be doubted for a moment that there was no closing down of the business at all in the eye of law on and from 1st November 1957. It has been continuing all along though on reduced scale and, therefore, I hold that the firm was not really closed down on 1st November 1957 as contemplated in the joint agreement, dated 25th October 1957. I dispose of issue No. 1 accordingly.

Issue No. 2: Now I come to discuss Issue No. 2, which runs as follows: "To what additional benefits the workmen, whose services were terminated in accordance with the terms of the above agreement, are entitled?" I have already found in connection with Issue No. 1 that there was no real closure of the business of the Company on and from 1st November 1957. Therefore, the workmen cannot be held tied to the terms of the agreement, dated 25th October 1957 (Ext. G), which were to take effect only on complete closure of the business. The termination of the service of the workmen in accordance with the terms of the said agreement and as per notice, dated 31st October 1957 (Ext. 1) was, therefore, not justified in law. It was not a retrenchment either in the strict sense of the term as the ground for termination of service was financial difficulty leading to the closure of the business and the discharge of the workmen was to take place on closure of the business. The principle of "last come first go" was not observed in terminating services of these workmen. So, there being no real closure of the business, the workmen are certainly entitled to the benefits or reliefs permissible under the Statute, namely, the Industrial Disputes Act. In a reference under section 10 of the said Act the Tribunal is empowered to give appropriate relief to the workmen connected with the dispute when it is found that the termination of their services under the Company is not legal and justified. In the present case the termination of the workmen as per Annexure C of the written statement of the Union is found to be wrongful, illegal and unjustified. Therefore, the discharged workmen are entitled to normal relief by way of reinstatement payment of back wages for the period of their forced idleness being discretionary with the Tribunal. In the present case the workmen were not at fault. They agreed to the terms of the settlement as per Ext. G on the apprehension that the business would be closed down and they agreed to the terms embodied in Ext. G which was to be effective only upon complete closure of the business. In the circumstances of the present case I find that the workmen cannot be denied the normal relief to which they are entitled by way of reinstatement.

Company is, therefore, directed to reinstate the discharged workmen as per list (Annexure C to the Union's written statement) or such of them as would offer themselves for reinstatement within 30 days from the date of publication of this award and the reinstatement would be on old terms and conditions of service. Those of the discharged employees who would not offer themselves for reinstatement within this prescribed period, will forfeit their right to be reinstated in terms of this award.

Considering the financial position of the Company I do not award any back wages to the discharged workmen for the period of their forced idleness, namely, from 1st November 1957 till the date of their reinstatement except what has already been paid to them in terms of the agreement (Ext. G). Those workmen who would offer themselves for reinstatement within the given period, shall be given continuity of service.

This is my award.

PART IVA.—Bills introduced in the West Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

WEST BENGAL LEGISLATIVE ASSEMBLY SECRETARIAT

NOTIFICATION

No. 2140L.A.—25th September 1959.—The following report of the Joint Committee on the West Bengal *Khadi* and Village Industries Board Bill, 1958, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

REPORT OF THE JOINT COMMITTEE ON THE WEST BENGAL *KHADI* AND VILLAGE INDUSTRIES BOARD BILL, 1958.

We, the undersigned members of the Joint Committee to which the West Bengal *Khadi* and Village Industries Board Bill, 1958, was referred, have considered the Bill and have the honour to submit our Report with the Bill as amended by us annexed.

1. The Joint Committee held three sittings and considered the Bill carefully clause by clause. The Committee was asked to submit its Report by the 30th April, 1959; but the Committee could not do so as it could not finish its deliberations by that date. We crave leave of the House to submit its Report after the expiry of the time.

2. The Committee has made certain amendments to the Bill. But the Bill as amended by the Committee has not, in the opinion of the Committee, been so altered as to require republication. The Bill as introduced in the Assembly was published in the *Calcutta Gazette Extraordinary* on the 7th July, 1958.

3. The main changes which have been made in the Bill by the Committee are as follows:—

(*i*) *Clause* 2(*d*).—The definition of "Village Industries" has been made specific.

(*ii*) *Clause* 4.—The maximum number of members of the West Bengal *Khadi* and Village Industries Board has been fixed. The principle of distribution of membership as well as of representation has also been outlined.

(*iii*) *Clause* 8.—A proviso has been added so that casual vacancies among certain classes of members of the Board are filled up by appointment of new members of the same classes.

(*iv*) *Clause* 10.—This clause has been redrafted mainly to provide for transfer of the rights of the State Government in relation to the notified industries to the Board.

(v) *Clause* 11.—The meetings of the Board are to be held more frequently namely at least once in three months instead of at least once in a year.

(vi) *Clause* 26.—Provision has been made for reports of the Board to be laid before the State Legislature.

(vii) *Schedule.*—Certain more industries have been included.

4. Other changes which have been made for clarification of meaning, and necessary verbal or consequential changes, and changes of minor nature have been shown in the text of the Bill as annexed.

5. We recommend that the Bill be passed as now amended.

Joint Minute of Dissent by Shri Satyendra Narayan Mazumdar, M.L.A., Dr. Narayan Ray, M.L.A., Shri Apurba Lal Majumdar, M.L.A., and Shri Monoranjan Hazra, M.L.A.

We submit a minute of dissent to this report for the following reasons:—

1. The present Bill seeks to constitute the existing *Khadi* and Village Industries Board as a Statutory Board which means that the State Legislature will have very little control over the actual functioning of the Board.

Secondly the composition of the Board and its functioning are to be governed by the lines laid down by the All India *Khadi* and Village Industries Board. The major part of the finance necessary for the functioning of the State Board will come from the All India Board. As such we found that there was very little scope for suggesting major changes in the composition and functions of the Board. Naturally the question came to our mind that what is the necessity of enacting the proposed piece of legislation when the Legislature itself will have to do very little with the product of that legislation?

2. It is good that the Joint Committee agreed to recommend that the reports of the Board would be laid before the State Legislature. But unless the Legislature has the right to discuss the said report the above provision would be really ineffective.

AWARD

This is a dispute between Messrs. Bongaon Electric Supply Co., Ltd. (Managing Agents: Messrs. R. N. Chatterjee & Co.), 135, Canning

Street, Calcutta-1 (hereinafter referred to as the Company) and their workmen represented by the Bongaon Electric Supply Workers' Union (hereinafter referred to as the Union), 35B Wellington Street, Calcutta-13, referred to this Tribunal for adjudication by Government order No. 1387-I.R./IR/10L-53/59, dated 7th April 1959.

The following issues have been framed by Government for decision:

Schedule

(1) Wages and scales of pay.

(2) Dearness allowance.

(3) Introduction of Provident Fund Scheme.

(4) Confirmation in service

(5) Bonus for the year 1958.

(6) Whether the Company is justified in terminating the services of Shri Manick Chand Kundu? Is he entitled to reinstatement and/or compensation?

Before taking up the issues for decision, some facts which are undisputed should be stated. The dispute concerns the Company and its workmen, namely, sub-station attendants, linesmen, office peons, coolies, durwans and sweeper. The Company was started in 1954 and it commenced its business of electric supply in Bongaon area. It does not generate electric energy, but purchases it from some other concerns and supplies it to its consumers and practically functions like a sub-station of the Calcutta Electric Supply Corporation. From a list supplied by the Company (Ext. G), it appears that there are 4 linesmen, 7 coolies, 2 durwans, 1 office peon and a part-time sweeper, but there were two other workers, namely, (1) Shri Manick Chand Kundu, who had worked as switch board attendant but whose services were terminated with effect from 1st February 1959 under circumstances which will be discussed when one of the issues framed by Government which is in respect of his discharge by the Company will be taken up; and (2) Shri Amar Nath Garulia, who has been suspended by the Company.

Now the issues are taken up for decision.

Findings and decisions

(Issues 1 and 2)

These two issues are taken up together for the sake of convenience as the questions of basic wages and dearness allowance are inter-dependent.

From Ext. G it will appear that the Company does not pay basic wage and dearness allowance separately to any worker but pays a consolidated sum to each worker as his monthly salary. This monthly salary of the linesmen varies from Rs. 100 to Rs. 70 per month; that of the coolies from Rs. 45 to Rs. 40; the durwan and office peons are getting at the rate of Rs. 40 per month, and the sweeper who is working part-time is paid only Rs. 12 per month.

The Union urges that the basic wages and pay-scales are to be fixed at par with what are prevalent in the Calcutta Electric Supply Corporation and dearness allowance is to be awarded at the rate of Rs. 45 per month per head.

It has been conceded on behalf of the Company that the basic wages and dearness allowance should be separately specified in case of each worker and the salary paid to most of them falls below the minimum living wages that a worker of an industry like the instant one is required to be paid, but the Company is almost in its infancy and it is said to have incurred loss in the initial years of its existence, though the balance-sheet for the year ending 31st March 1958 (Ext. H) shows a net profit of Rs. 1,893. So, it has been contended on behalf of the Company that an increase of Rs. 10 per capita in the salary that is being paid by the Company now may be made in regard to the lowly paid workers and that no scale of pay should be fixed until and unless the Company makes sufficient progress. The learned representative of the Union has accepted the position that the fixing of scales of pay may be postponed till the Company is placed on a sound financial footing, but the wages and dearness allowance must be fixed according to what are paid by the Calcutta Electric Supply Corporation. It is contended on behalf of the Company that wages, etc., should be fixed on the principle of (1) region-cum-industry basis, and (2) also keeping an eye on the financial position of the Company. It further contends that if the salary that is now being paid to the workers be increased disproportionately, it would not be possible for the Company to meet it out of the profits and the Company would be put to loss.

As regards these contentions, it is held that the wages paid by the Calcutta Electric Supply Corporation to workers of the same status as that of those in the instant case cannot be claimed by the latter, but the Company must pay the minimum living wages to its workers as are paid by the Electric Supply concerns situate outside Calcutta.

The Union has placed reliance on an award in a dispute between the Naihati Electric Supply Co. Ltd. and the Naihati Electric Supply Workers' Union passed by the Sixth Industrial Tribunal, West Bengal, on 17th September 1954 and published by Government order No. 4625-Dis./D/10L-112/54, dated 28th September 1954, and also upon the award, dated 13th October 1958, of the Third Major Engineering Tribunal, published by Government Notification No. 4427-I.R./IR/10L-4(D)/57, dated 15th October 1958.

In the Naihati Electric Supply award, the initial basic wage of coolies was fixed at Rs. 30 + Rs. 35 as dearness allowance per month; that of switch board attendants at Rs. 45 + Rs. 35 as dearness allowance per month and that of skilled mistries at Rs. 45 + Rs. 35 as dearness allowance per month. The Third Major Engineering Tribunal fixed the initial basic wage of unskilled workers at Rs. 35, semi-skilled workers at Rs. 40 and skilled workers at Rs. 75 and that of highly skilled at Rs. 110. It is to be observed that this Engineering Tribunal award was in respect of workers of the Engineering Industries situate in and outside Calcutta, and the (1) unskilled and semi-skilled categories of workers may be held to correspond respectively to some extent to coolies and office peons and durwans taken together, and (2) linesmen; and switch board attendants in the instant case. However, it must not be presumed that the latter are altogether identical with the former, but for arriving at a proper decision regarding what should be the minimum living wages paid to the latter, the former's initial basic wages and dearness allowance as provided for in the Third Major Engineering Award, may be taken into consideration. Dearness allowance was awarded by the said Tribunal on the slab system, namely, for the pay range up to Rs. 50, dearness allowance Rs. 36; for the pay range from Rs. 50 to Rs. 100, dearness allowance Rs. 45; for the pay range from Rs. 100 to Rs. 150, dearness allowance Rs. 53, and thereafter dearness allowance at the rate of Rs. 6 was allowed for Rs. 50 and fraction of Rs. 50.

In view of the pay and dearness allowance fixed by the aforesaid two awards, it must be held that the salary that is being paid by the Company in the instant case is below the minimum living wages in the cases of most of the employees. There is no doubt that the Company must pay the minimum living wages to this class of employees. It is to be observed that the Naihati Electric award was passed in 1954 and the cost of living has gone much higher since then. Taking into consideration all the facts and circumstances and the two awards mentioned above, it is decided that for the present the coolies, durwans and office peons of the Company in the instant case are to be paid Rs. 32 as initial basic wages + Rs. 36 as dearness allowance per month. The linesmen are to be paid at the rate of Rs. 50 as initial basic wages per month and dearness allowance at the rate of Rs. 36 per month provided that the linesmen who are now getting more than Rs. 86 per month should get the same amount out of which the sum of Rs. 50 would be regarded as their basic wage and the balance as dearness allowance. For example, a linesman named Shri Gobinda is now getting Rs. 100 per month. He will continue to get the same amount of which Rs. 50 will be regarded as his basic wage and Rs. 50 as dearness allowance.

In the list of workers supplied by the Company (Ext. G), no one has been shown as switch board attendant and it is said by the Superintendent of the Company (O.P.W. 1) that some of the coolies do that job, but the job of a switch board attendant requires much more skill than that of a cooly and is more onerous; so, a man or men who will perform the work of the switch board attendant must get more pay than a cooly and the pay of a switch board attendant is fixed at Rs. 50 as initial basic wage and Rs. 36 as dearness allowance per month.

As regards the sweeper who is a part-time worker no special case has been made out by the Union as to why he should get more wages than what he is getting now, but it is to be observed that he is getting Rs. 12 per month from the Company for his part-time work as his monthly wages. Thus, he should get some dearness allowance which is fixed at Rs. 8 per month. So, he should get Rs. 12 as his basic part-time wages and Rs. 8 as his basic part-time dearness allowance.

It is to be observed that the wage and dearness allowance fixed above are the bare minimum living wages; for, it is said by the Pundits in Industrial Philosophy (that is matters pertaining to industrial capital, labour, wages, etc.), that an industrial worker is to be given such minimum wages that would enable him to maintain himself and two other adult members in his family according to his status. It can be observed without any fear of contradiction that in view of the high cost of living prevailing now, a workman earning Rs. 70 to Rs. 100 per month would scarcely be able to provide with his earnings himself and two adult members of his family with only "Dal" and "Bhat" or "Roti" sufficient to keep their body and souls together and also with necessary clothings and nothing else. So, no precedent or argument or sophistry is required to support the amount of wages as awarded above to the workers in the instant case.

From the balance-sheet of the year 1958 (Ext. H), it appears that the Company made a net profit of Rs. 1,893; so it is apparent that the Company is gradually progressing and earning profits and it does not behove the Company to contend that it would not be able to meet the increased financial burden by way of the additional wages and dearness allowance awarded above, from its profit. Here it is to be observed that the monthly pay load of the workers, as it appears, is about Rs. 850 per month inclusive of the wage of the discharged worker as well as of the suspended one. The pay load according to the rates fixed above by this award will be almost double of this amount. In view of the net profit of Rs. 1,893 made by the Company in the year 1958 there can be no doubt that it would be able to meet the salary of the workmen out of the net profits to be made according to the rates fixed by the award. Even if it be supposed that the Company will not be able to do so from its profits, that is no reason why the workers should not get the bare minimum living wages; the amount paid on this score must have to be regarded by the Company as a capital layout; for the Company is investing money in buildings, machineries, apparatus, etc., and it should similarly spend money on its human material, namely, the workers and it should not expect to found its future progress and prosperity on their starving bodies and souls. It is also to be observed that a concern like the Company is a locally monopolistic one and it would not fail to earn sufficient profits very soon unless its Management falls in dishonest hands. In view of this fact, i.e., in view of the future and almost sure progress of the concern, the Company should not grudge paying the minimum basic wages to its workers.

The basic wages and dearness allowance as fixed above will come into force with effect from 1st August 1959 and retrospective effect is not given thereto in view of the Company's present financial position. The pay and dearness allowance fixed above shall remain in force until and unless it be altered or modified either by agreement or according to the statutory provisions.

These two issues, namely, Issue Nos. 1 and 2, are decided accordingly.

(Issue No. 3)

In view of the fact that the number of the workmen of the Company is below 50, Provident Fund Scheme according to the provisions of the Employees' Provident Funds Act, 1952, cannot be introduced. It is contended on behalf of the Union that though the Provident Fund Scheme cannot be introduced, some provisions may be made for gratuity or retirement benefit, etc., but it is very difficult to hold whether the question of providing for gratuity, etc., arises out of the issue No. 3 as framed by Government. Further, in view of the current financial position of the Company and in view of the fact that it is in its infancy it does not seem to be desirable to impose for the present any burden by way of gratuity, etc. The workmen will be at liberty to claim these things in future, if they so desire.

Issue No. 3 is decided accordingly.

(Issue No. 4)

Rules for confirmation in service are required to be framed when employees are first appointed as trainees or probationers. The evidence of the Superintendent (O.P.W. 1) is that employees are appointed in this Company not as trainees or probationers, rather, they are appointed permanently.

Further, whenever an employee is appointed on probation or as trainee, his confirmation is primarily a management function and the management is to decide whether that employee should be confirmed or not. The management is to lay down the period of training of a probationer. It has also the right to extend the period if it does not think the employee fit to be made permanent within the stipulated period. So, no hard and fast rule on this point can be imposed upon the management by this Tribunal. It is to be observed in this connexion that a worker taken on probation or training, but not confirmed, though fit, capriciously or mala fide by the management, will always have the right to raise an industrial dispute over his case through his Union.

This issue is decided accordingly.

(Issue No. 5)

It is a fact that the Company has given the workers ex-gratia bonus equivalent to 15 days' wages to the employees for the year 1958. The Union claims further bonus equivalent at least to one month's wages in view of the fact that the salary paid by the Company to most of the workmen was below the minimum living wages during the year 1958. The Company made a net profit of Rs. 1,893 in 1958 excluding the ex-gratia bonus aforesaid. It cannot be gain-said that the workmen had their contribution in the earning of this profit and this amount of net profit must be held to be in no way less than the available surplus as adumbrated in the Full Bench Formula. It is to be observed that the balance-sheet of the Company has been prepared according to the relevant provision of the Electricity (Supply) Act, 1948; so it is held that some further bonus as claimed by the workmen should be given to them in view of the inadequate wages paid to most of them by the Company in 1958. This additional bonus is awarded to be 1/16th of the total salary earned in 1958 by each worker whose name was in the muster-roll of the Company in the said year.

(Illustration)

Suppose, worker "W" did not work throughout the whole year of 1958, but during part of it and his earning during this part was Rs. 300, he will get an additional bonus of Rs. 18.75 nP. If the same worker "W" had worked during the whole year and had been paid the salary of the whole year, he will get the additional bonus at 1/16th of his entire earnings as salary. The word "salary" will mean the consolidated pay paid to each worker by the Company as is evidenced by Ext. G.

The additional bonus is to be paid within one month of the publication of the award. The year for calculation of the bonus should be, the financial year 1958 ending 31st March 1959, as the Company's balance-sheet has been prepared according to the financial year.

(Issue No. 6)

The case of the Union is that Shri Manick Chand Kundu was appointed on a permanent basis as a switch board attendant with effect from 1st March 1958. He was spokesman of the employees and Assistant Secretary of the Union, and so, he was picked up for victimisation and dismissed with effect from 30th January 1959.

The Company's case on this point is that Manick was appointed as an apprentice by letter, dated 1st March 1958, specifying terms of appointment providing, inter alia, that he was a trainee and shall have a temporary status terminable within 3 years from the date of joining and he would be examined by the Company's technical expert from time to time with a view to assess his progress and if during the period of apprenticeship his work was found unsatisfactory, his service would be discontinued. He was examined on 28th November 1958 by the Company's representative and it was found that he was not making progress. He was given a further chance and was again examined on 21st March 1959, and it was found that he had not improved a bit. So the Company found him unsuitable for the job and terminated his service. He was not the spokesman of the employees, nor did the Company know that he was the Assistant Secretary of the Union, nor was he victimised by the Company for these alleged reasons.

It is contended on behalf of the Union that Manick was not given any appointment letter, but he was appointed orally on a permanent basis.

The first thing to be determined in regard to the matter is whether Manick was appointed on probation for 3 years as alleged by the Company and whether he was given an appointment letter to that effect as alleged by the Company. There is no record of the Company except an office copy of a letter alleged to be the appointment letter given to Manick (Ext. F1). This letter has been proved by the Superintendent of the Company (O.P.W. 1) who has no personal knowledge of it as he was appointed in the Company's service in August 1958. There is no office record to show that actually such a letter (Ext. F1) was issued to Manick or that actually he received the same. On the contrary, the evidence of O.P.W. 1, is that no other employee of the Company was appointed as a probationer or trainee or on a temporary basis; so it is very difficult to hold that in Manick's case a deviation was made as is sought to be made out by Ext. F1. Reliance has been placed on behalf of the Company on the receipt (Ext. E) obtained from Manick on 31st January 1959 when his salary was paid before his discharge. There is a recital in the receipt that the salary was being received by Manick as a trainee switch board attendant. Manick's evidence is that there was no such entry in (Ext. E) when he received the payment. It seems likely that there was no such entry in Ext. E at the time when Manick signed it and it seems that the Company had been on the look-out to show that he was a trainee switch board attendant as is apparent from the creation of the alleged appointment letter (Ext. F1). Even if it be supposed that the words "trainee switch board attendant" were in Ext. E when Manick signed it, that would not make him a trainee, if really he had been appointed as a permanent hand. There is no reason to disbelieve his case and evidence on this point that he was appointed on a permanent basis in view of the fact that no other workmen of the Company had ever been employed on probation or on training and of the fact of the Company's futile attempt to prove him a trainee by creating Ext. F1.

As Manick is found to have been appointed on a permanent basis the Company could not discharge him on the plea of his having failed to pass the test, without starting a regular proceeding for his discharge and without affording him all reasonable facilities to defend himself and to explain his alleged misconduct or inefficiency.

Even if really he had been appointed as a trainee, as is contended by the Company on the alleged terms mentioned in Ext. F1, the Management would certainly have a right to decide whether he was fit to be kept in service or discharged, but that right also must be exercised according to the principles of natural justice, e.g., the Company must have held the tests of efficiency of Manick in the proper manner. It is a fact that Manick was tested by the Company's Consulting Engineer once on 28th November 1958 and again on 23rd January 1959, but the first-hand reports of these tests are not forthcoming. The officer who held the tests of Manick has not been examined. Only some correspondence between the Resident Engineer at Bongaon and the Management of the Company shows that Manick was inefficient, but whether his inefficiency was such as would make him liable for discharge before the termination of the alleged period of probation of 3 years as is sought to be evidenced by the appointment letter (Ext. F1) is not proved by the best evidence on its side, namely, the evidence of the officer who examined Manick, so even if it be held that Manick was appointed as a trainee on terms and conditions as elaborated in Ext. F1, his discharge before the alleged period of 3 years' probation must be held to have been unjustified, unreasonable, unfair, mala fide and capricious.

The reason for the Company's eagerness to get rid of Manick is not far to seek. The Company, admittedly, paid some ex-gratia bonus for 1958 but the Company did not voluntarily do so. This was a result of repeated representations made by the workmen. Manick says he took a leading part in the attempts for getting the said bonus and also he was the Assistant Secretary of the Workers' Union. There is no reason to disbelieve the evidence of Manick on this point and it is held that for this the Company wanted to victimise him and practically discharged him on the plea of his failure in the alleged tests. If the Company had acted bona fide in this matter, there is no reason why the officer who held the tests has not been tendered for examination before this Tribunal so that it might have been possible to determine whether the standard of the test he (the officer) put to Manick was commensurate with the work for which he was appointed, namely, that of the switch board operator. Further, in the absence of the said officer or of his signed report, it can, by no means, be held on the strength of the correspondences between the Resident Engineer at Bongaon and the management that the aforesaid officer had found Manick inefficient for the work for which he had been appointed.

So, it is held that even if Manick had been appointed as a trainee, his discharge before the expiry of the alleged period of 3 years' training, was mala fide and due to unfair labour practice and motive of victimisation on the part of the Company. Further, it is held that Manick was not appointed as a trainee, but was appointed on a permanent basis, and so his discharge without starting a proceeding for that purpose against him and affording him an opportunity to explain his conduct, was quite illegal and unjustified.

As a result, it is held that Shri Manick is to be reinstated and the Company is directed to reinstate him within a month of the publication of the award treating the continuity of his service as unbroken. The Company is further directed to pay him as compensation half of his monthly salary which was Rs. 50 per month with effect from the date of his discharge till the date of reinstatement. If he be not reinstated within one month of the publication of this award, he will get compensation equivalent to salary and dearness allowance fixed above for a switch board operator on and from the expiry of the said one month, till he is reinstated or engaged in other employment elsewhere. The amount of compensation payable to him since his discharge up to 31st March 1958 will be added to the amount of the salary earned by him previous to such discharge for computation of the additional bonus payable to him for the year 1958.

This is the award of this Tribunal.

AWARD

This is a dispute arising out of the rate of contributions to Provident Fund between Messrs. Air Survey Company of India Private Ltd., 2/1 Jessore Road, Dum-Dum, Calcutta (hereinafter referred to as the Company for the sake of brevity) and its workmen.

The workmen claim that Provident Fund contribution should cover the dearness allowance or the rate should be doubled with effect from 1952 retrospectively.

The Company resists the claim of the workmen. The Company is maintaining Provident Fund since 1948 and Company's contribution is 6¼ per cent., and the workmen also contribute to the said fund at the same rate. The Company contends that its financial position is unsound, and that the Company is not an "industry" within the meaning of the Employees' Provident Funds Act, 1952.

The point for determination is what should be the rate of Company's contribution to Provident Fund.

Decision

It is common ground that this Company is not an "industry" within the meaning of the term as defined in the Employees' Provident Funds Act, 1952. "Industry" means any industry specified in section 1, and includes any other industry added to the schedule by notification under section 4. Under section 4 the Central Government may, by notification in the Official Gazette, add to Schedule I any other industry in respect of the employees whereof it is of opinion that a provident fund scheme should be framed under this Act, and thereupon the industry so added shall be deemed to be an industry specified in Schedule I for the purpose of this Act. The Company has not yet been brought within the scheme of the Provident Funds Act, and the Act is not yet applicable to the Company. The Union contends that the Provident Fund Act should be made applicable to this Company and that the Company has no justification for standing outside this Act.

Still the Company is maintaining Provident Fund Account and contributes 6¼ per cent. and the Union contends that the contribution should include dearness allowance too. It is contended on behalf of the Company that its financial position is unsound, and no change in the rate of Company's contribution to the Provident Fund Scheme is warranted. For the Union it is contended that the plea of unsound financial position is not tenable. At any rate, to me it seems that no sufficient and cogent evidence has been advanced before the Court to enable it to disturb the existing rate of contribution by the Company. If the evidence on the side of the Union were adequate, the Court had certainly jurisdiction to award any increase in the rate of Company's contribution as will appear from the case-law [Baroda Borough Municipality and their workmen (Bhangi Kamdars)] reported in 1956 L.L.J., Vol. II, pages 548-551. I may only observe that the demand for contribution should cover dearness allowance or the rate should be twice as much, is not established. I am, therefore, of the opinion that the rate of Company's contribution to Provident Fund should not be disturbed.

This is my award.

Hind Milling Industries, 12 Chintamoni De Bathing Ghat Road, Ramkrishnapur, Howrah, and their workmen represented by the West Bengal Confectionery and Food Products Mazdur Union, 90 Lower Chitpur Road, Calcutta-7, regarding matters specified in the second schedule of the Act, to this Court for adjudication:

Schedule

Whether the dismissal of Shri Chandrama (Mistri) is justified? To what relief including reinstatement is he entitled?

AWARD

This is a case arising out of alleged illegal and unjustified dismissal of Shri Chandrama (Mistri) previously employed in Messrs. Hind Milling Industries, 12 Chintamoni De Bathing Ghat Road, Ramkrishnapur, Howrah, hereinafter referred to as the Company for the sake of brevity.

The Union's case in short is that the Company victimised this workman on 22nd November 1957 for his active trade unionism without any chargesheet, enquiry or reason whatsoever. The Union, therefore, seeks his reinstatement with ancillary reliefs.

The Company, on the other hand, seeks to justify the dismissal of the workman on the ground that he had committed theft of 27 maunds of Moong Dal from the godown of the Mills during the night of Thursday, the 21st November 1957, while he was on duty. The Company accordingly charge-sheeted him and the contents of the charge were explained to him, but he left without submitting any explanation. Thereafter, the Company issued another charge-sheet and he was called upon to show cause why he should not be dismissed. Thereafter the workman submitted an explanation denying the charges and on 17th January 1958 there was an arbitration agreement, and the case of this workman along with others was referred to Shri B. D. Jhunjhunwalla and the guilt of this workman was proved beyond doubt, and he was accordingly dismissed.

Decision

This case was fixed for hearing on 28th December 1959, but in the meantime on 13th August 1959 both parties put in a joint petition stating that the dispute has been settled out of Court, and the workman agreed to accept Rs. 100 as ex gratia payment in full and final settlement of all his claims against the Company and expressed his desire not to proceed with the case. The terms of compromise appear to be fair, reasonable and lawful and may be given effect to. The dispute is, therefore, disposed of in terms of the petition of compromise which do form a part of the award.

In the matter of an industrial dispute between Messrs. 20th Century Fox Corporation (India) Private Ltd., Theatre Department, 136 S. N. Bannerjee Road, Calcutta-13, and their workmen represented by Bengal Motion Picture Employees' Union, 126A Dharamtolla Street, Calcutta. (Case No. VIII-109/58.)

1. The Government of West Bengal, in the Department of Labour, by order No. 2243-I.R./IR/11L-204/58, dated 3rd June 1958, and Corrigendum No. 4807-I.R./IR/11L-204/58, dated 18th November 1958, referred, under sections 7A and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. 20th Century Fox Corporation (India) Private Ltd., Theatre Department, 136 S. N. Banerjee Road, Calcutta-13, and their workmen represented by Bengal Motion Picture Employees' Union, 126A, Dharamtolla Street, Calcutta-13, relating to the undermentioned issues to this Tribunal for adjudication:

Issues.

(1) Gratuity.

(2) Bonus for 1955-56.

2. Notices were issued on both the parties, who filed written statements setting forth their respective cases.

3. The pleadings of the parties will be discussed at the decision of the issues here below.

4. The appearances for the parties were as follows:—

For the Union: Shri Haripada Chatterjee, General Secretary.

For the Company: Shri S. K. Mallick, Solicitor of Messrs. Sandersons & Morgans, Solicitors.

5. The issues that were framed for the decision of this case are the same as those mentioned in the order of reference, and are as follows:—

Issues.

(1) Gratuity.

(2) Bonus for 1955-56.

AWARD

Decisions.

6. **Issue No. 1: Gratuity.** -The Union states that the employees of Elite Cinema under the Company have been claiming for introduction of retiring benefits including the system of gratuity since the early part of 1957, and the Company has been denying them on various grounds. The employees claimed gratuity at the rate of one month's full wage for each completed year of service on retirement, resignation or on termination of service by the Company. In the conciliation proceeding that was started on the dispute over this claim, no settlement could be arrived at owing to the unfair attitude of the Company. The Union prays in this proceeding for introduction of a scheme of gratuity at one month's wages for each completed year of service with retrospective effect for the total period of service at this Theatre, both in the case of retirement and resignation, as well as in the case of termination of service by the Company on any ground.

7. The Company states that on the 20th December 1955 its employees made certain demands in respect of their conditions of service and other matters. A copy of the said demands is annexed to the Company's written statement and marked with the letter "A". During the conciliation proceedings of the said dispute, a settlement was reached between the parties and on 11th July 1956, a Memorandum of Settlement was duly signed before the Conciliation Officer. By the said Memorandum of Settlement, the pay scales were revised with retrospective effect from 1st January 1956 and all other demands of the employees were withdrawn. The employees also agreed to undertake not to press those or any other demands upon the Company during the tenure of the said Settlement, which would remain binding upon the parties up to 20th May 1964. In view of the said Settlement and the undertaking of the employees, no industrial dispute between the Company and its workmen over payment of gratuity or any other demand exist or could exist or arise at any material time after the 11th July 1956. The Company, therefore, states that the order of reference for adjudication of the alleged dispute with regard to payment of gratuity is illegal and ultra vires. The Company further pleads that the claim of the Union for payment of gratuity is unjustified. The Company states that it obtained lease of the Elite Cinema from Western India Theatres on or about June 1954, for a period of 10 years, and the period of its said lease will expire on 20th May 1964. One of the conditions of service of the employees, therefore, is that employment should not extend beyond that period. The Company has been carrying on its business at a loss ever since June 1954, when it took over, and the said loss is mounting up every year. Despite the adverse circumstances mentioned above, the Company revised and increased the scale of pay of its employees with retrospective effect from 1st January 1956, with a view to purchase peace. The Company is unable to pay any gratuity in addition to the present benefits, which have been granted to its employees. In the circumstances, the demand for payment of gratuity is unreasonable and excessive and should be rejected.

8. No oral evidence was adduced by either party. The Union filed document, Ext. 1, and the Company filed documents, Ext. A to Ext. H(8), which were marked on parties admission.

9. The dispute relates to the terms of employment of the employees of the Elite Cinema, which is owned and managed by the Company. The present Company took lease of the Cinema on or about June 1954 for a period of 10 years ending on 28th May 1964. Page 3 of Ext. A shows a charter of demands, dated 20th December 1955, on—

(1) revision of pay scales and dearness allowance,

(2) introduction of schemes of Provident Fund and Gratuity,

(3) medical benefit, and

(4) bonus.

Page 1 of Ext. A shows a settlement of the dispute in a conciliation proceeding, in which the management officials, all the employees of the establishment and the Conciliation Officer signed on 11th July 1956. The terms of the agreement are as follows:—

> "**Terms of Agreement:** That the employees of Elite Cinema have agreed to accept the revision of the pay scale on the basis as detailed in the attached list and in accepting this with retrospective effect from January 1, 1956 all the other demands as put up by the employees are hereby withdrawn and the employees who have all signed hereunder hereby undertake not to press those or any other demands over the employers during the tenure of this agreement (which is for the period of lease up to May 28, 1964) or duration of operation of this theatre, whichever is earlier. The issue of bonus will be left open and will be decided every year according to profits."

It, therefore, appears that the employees accepted the revision of pay scales with retrospective effect from 1st January 1956, and the other demands were withdrawn with the further condition that these demands would not be made again during the tenure of the Agreement, which was for the period of the lease up to 28th May 1964. The issue of bonus was left open to be decided every year according to profits. An agreement or settlement arrived at in a conciliation proceeding under section 12(5) of the Industrial Disputes Act is absolutely binding on the parties thereto under sections 18 and 19(2) of the Act. Private agreements between the employers and the workmen in relation to the service conditions are not absolutely sacrosanct before an Industrial Tribunal. An Industrial Tribunal could refuse to give effect to them or modify them at the instance of either party while adjudicating upon a reference. But an agreement in a conciliation proceeding has got a special sanctity upon which the law has its imprimature, and to which the law has given sanctity and which the law has made binding. The legal effect of a settlement arrived at in a conciliation proceeding under section 12 of the Industrial Disputes Act is that neither party to the settlement is permitted to challenge that settlement during its duration. When the legislature provides for a particular agreement to be binding upon the parties to an industrial dispute, it clearly intends that there is industrial peace with regard to the subject-matter of the agreement for the duration of that agreement and it is obvious that if there is to be industrial peace for the period contemplated, then neither party to that settlement can be allowed to raise an industrial dispute with regard to that settlement. These principles have been enunciated in the case of Poona Mazdoor Sabha by the Hon'ble Bombay High Court, reported in 1956(II) L.L.J., 319, by the Hon'ble Punjab High Court in the case of Gobordhan Das and another, reported in 1957(II) L.L.J., 460, and by the same High Court in the case of Aminchand Pyarilal, reported in 1958(I) L.L.J., 604. The same principles have also been enunciated by the Hon'ble Labour Appellate Tribunal in the case of Popular Press, and Bank Line (India) Ltd., reported in 1954 L.A.C., 28 and 329. It is, therefore, clear that the Union is not entitled to raise any claim in respect of gratuity, which was withdrawn by the employees at the time of the settlement in conciliation proceedings on 11th July 1956, which was binding between the parties till 28th May 1964.

10. On merits also, it would appear that the claim for a long-term benefit by way of gratuity is anything but justified. Ext. C to Ext. C(3) are accounts of the Company for the years 1954 to 1957. It appears that the Company suffered loss in each of these years. The claim of a long-term benefit by way of gratuity is not, therefore, justified on financial considerations.

11. Considering all these circumstances, it is decided that the claim of gratuity as made by the Union should be and is rejected. This issue is accordingly answered.

12. **Issue No. 2:. Bonus for 1955-56.**—There was a claim of bonus by the Union and this claim was opposed by the Company on the ground that they did not earn any profit from which any bonus could be granted. On the appeal of the Union and at my request, the Company agreed to make an ex-gratia payment equivalent to their 15 days' basic salary. An agreement between the parties has been filed and appears as Appendix A to this award. It is stated by both the parties that this payment is purely ex-gratia and is made without creating any precedent for the future, and that this payment shall not be treated as an admission on the part of the Cinema Management or the Union of any custom of payment of bonus in this Industry. On a perusal of the terms of the Agreement in Appendix A, I find that they are reasonable and should be accepted. I, therefore, accept the Agreement in Appendix A and award in accordance with the terms therein. Appendix A shall form a part of this award. This issue is accordingly answered.

The petitioners are the permanent employees of Messrs. Macfarlane & Co., Ltd., and their allegations are of the same character. In each case the allegations are as follows:—

(1) That the petitioner is a permanent employee of Messrs. Macfarlane & Co., Ltd.

(2) That he used to be freely supplied by his employers with half-a-pound pure milk and quarter pound of gram everyday.

(3) That the said supply was a condition of service being an item of emoluments enjoyable by the petitioner.

(4) That the said supply has been stopped from the 29th of April 1958.

(5) That the stoppage of abovementioned supply amounts to adverse change of condition of service.

The prayer is that the employer may be directed to restore the supply of milk and grams and to pay the price of the same till the practice is resumed.

All the cases were contested by the Company and their case is as follows:—

That the nine petitioners were employed on the chrome plant. The opposite party sympathetically offered ½ pound of pure milk and quarter pound of gram to be supplied to them free of charge to enable them to keep themselves in fit state of health and to improve their efficiency. This offer was made available to the said 9 (nine) workers only from 13th February 1958 for the period of 3 months and when the chrome plant would be working, as an experimental measure.

A circular, dated 11th February 1958, was issued making free supply of milk and gram available to the petitioners as a temporary measure. The said benefit was not a term or condition in the contract of service nor discontinuance thereof amounted to any contravention.

That the chrome plant stopped working from 29th April 1958 and the petitioners ceased to work on the chrome plant from the said date. The consideration for giving free supply of milk and gram having been discontinued along with stoppage of the crome plant, there was consequent stoppage of supply of free milk and gram. Free supply of milk and gram was allowed temporarily from 13th February 1958 to 28th April 1958 only ex-gratia and by way of experiment. There was accordingly no term or condition in the contract of service for such free supply of milk and gram and there has been no contravention in the conditions of service.

And that free supply of milk and gram is not the subject matter of dispute, in the order of reference and, as such, contravention though not admitted, is not in regard to any matter connected with the dispute and in view thereof, the complaint under section 33A is not maintainable in law.

Point for decision

Are the applications maintainable? To what reliefs are the petitioners entitled?

AWARD

Point No. 1: The petitioners' case is that they were each given a free supply of half-a-pound pure milk and quarter pound of gram, and this supply was a condition of service being an item of emoluments enjoyable by them. And the Company unlawfully stopped the supply of the same with effect from 28th April 1958 and this stoppage amounted to an adverse change of condition of service. The Company's case, in short, is that by a circular, Ext. B, dated 11th February 1958, there was free supply of milk and gram as a temporary measure and this benefit was not a term or condition or contract of service, and this discontinuance thereon did not amount to any contravention of the conditions of service.

I will first refer to the circular, Ext. B, dated 11th February 1958. It runs as follows:—

> "The Management wishes to introduce for a period of 3 months free supply of milk (½ pound) and a quarter pound of gram to all permanent workers working in the chrome plant to experiment whether efficient working and the general health of the permanent workers working in the chrome plant are improved. This will, in no way, be treated as permanent benefit and the Management will have the right to discontinue the same on expiry of the said period as the Management may think fit and proper."

If the circular is taken to be correct, obviously it will be seen that there was a free supply of milk and gram to the present petitioners as a temporary measure, and it was not to be claimed as a permanent benefit by the workmen concerned. In his evidence, P.W. 1, Shri Amarchandra Das, one of the applicants, has said that he is serving in this Company since 1953, and became permanent in 1955, and since then he and the other petitioners were getting milk and gram free of charge, and the supply of the same was stopped from 1958. Since then they are purchasing milk and gram for the sake of their health in order to do their work in the Crome Plant Department of the Company. Further, he has said that he heard that free supply of milk and gram was prevailing from before he joined the Company. P.W. 2, Shri Sen Gupta, who has been working as a Chemist of this Company since 1955, has stated in his evidence that there was free supply of milk and gram since 1955. According to him, lead is used in the Chrome Department where the petitioners are working, and there is possibility of securing lead poisoning by each worker working in the said department and in order to counteract that poisoning each worker should take calcium out of milk, and in addition to that each worker should take one half-boiled egg, or gram which is the substitute of egg. He has also stated that he advised the workers to take gram and milk regularly for the safety of their lives even on their own expenses. He has added that since 1955 there was free supply of milk and gram to each worker working in the Chrome Section. O.P.W. 1, Shri Chatterjee, the Works Manager of the Company, has stated in his evidence that from 13th February 1958 there was supply of milk and gram to the nine petitioners as a temporary measure under the circular, Ext. B, dated 11th February 1958, and prior to the same there was no supply of milk and gram to the workers of the Chrome Department. The supply of milk and gram, free of charge, continued from 13th February 1958 and this was discontinued as the chrome plant got broken. The position that was given by the Company is that free supply of milk and gram was allowed temporarily only to the nine workers of the Chrome Section, i.e., to the nine petitioners, from 13th February 1958 to 28th April 1958. O.P.W. 2, Shri Mukherjee, the Secretary of the Company, has proved the appointment letters regarding the petitioners of the present case (vide Ext. A series). Further he has said that under the circular, Ext. B, dated 11th February 1958, there was free supply of milk and gram to the workers, i.e., to the present petitioners from 13th February 1958 to 28th April 1958, and prior to this there was no supply of milk and gram to them. On 29th April 1958 the plant got broken and the supply of milk and gram was stopped from that date.

In the evidence P.W. 2, Shri Sen Gupta, Chemist, has admitted that he does not work in the Chrome Section. So, it is very difficult for me to believe his statement that there was supply of milk and gram to the workers of Chrome Section, i.e., to the present petitioners, from 1955.

P.W. 1, Shri Das, is a highly interested person as he is one of the petitioners. So his evidence that since 1955 they were getting free supply of milk and gram cannot be readily taken into confidence. O.P.W. 1, Shri Chatterjee, the Works Manager, has stated that under the circular, Ext. B, dated 11th February 1958, there was supply of milk and gram to the present petitioners, free of charge, and this was done as a temporary measure. The same thing was spoken by O.P.W. 2, Shri Mukherjee, the Secretary of the Company. I find no good ground for disbelieving them. The circular, Ext. B, is found to be a reliable document and it is held that with effect from 13th February 1958 there was free supply of milk (½ pound) and gram (¼ pound) to all permanent workers working in the Chrome Section to experiment whether efficient working and the general health of the permanent workers working there were improved. It appears from the evidence of O.P.W. 1 Shri Chatterjee, the Works Manager, that monthly production of chrome is 10 to 12 tons. Of course, he cannot say what quantity of lead is necessary for the factory. However, it cannot be denied that sufficient quantity of lead was being used in the Chrome Section and the workers handling lead were susceptable to lead poisoning. It was admitted by P.W. 2, Shri Sen Gupta, the Chemist, that he did not see any lead-poisoning case and did not come across any such case where compensation was claimed. The position that comes out to clear is that actually there was no such lead-poisoning case in this Company. O.P.W. 1, Shri Chatterjee, has stated that on several occasions the Factory Inspector visited the factory, and they had got fitness certificate for the workers of Chrome Section. He did not see any case of lead-poisoning amongst the workers. The fact, however, remains that the Company introduced free supply of milk and gram to all permanent workers of the Chrome Section as a temporary measure with effect from 13th February 1958, and it continued till 28th April 1958 and it was discontinued from 29th April 1958 as chrome plant got broken. In the cross-examination, Shri Mukherjee, O.P.W. 2, has stated that for over two months the chrome plant remained broken. It would go to show that the Chrome Section continued to work after two months, and it is now in working stage. But the free supply of milk and gram to the workers has not been introduced by the Company again.

The question is whether the petitioners' claim for restoration of free supply of milk and gram should be allowed or not. The definite case of the petitioners is that this free supply of milk and gram to each worker was a condition of their service being an item of their emoluments. Now on a reference to the appointment letters, Ext. A series, it would appear that the free supply of milk (½ pound) and a quarter pound of gram was never made a condition of service to any of the present petitioners; nor the same was an item of their emoluments. Each of the petitioners was to get a sum of money per month as basic salary besides another sum of money on account of dearness allowance. Besides the same they did not get anything as a part of their wages. The contention of the petitioners is that the appointment letters, Ext. A series, give out only the express terms regarding their remuneration and the free supply of milk and gram was an implied term in relation to their remuneration. In the cross-examination, Shri Das, P.W. 1, one of the petitioners, has admitted that the temporary men working in the Chrome Section were not supplied with milk and gram. He claimed 26 nP. for each day stating that each of them was spending this sum for taking milk and gram upon purchase since the company discontinuded the free supply of milk and gram to each of them. He added that this claim for 26 nP. was by way of "extra allowance" for milk and gram besides the monthly pay. By "extra allowance" he meant "compensation". Next he added that by "compensation" he meant "the compensation to make up the injury to health on account of their working in the Chrome Section". The position is, accordingly, clear that the present claim for free supply of milk and gram is being made by the petitioners as "extra allowance" or "compensation". This will not certainly come with the definition of the wages as given in section 2(rr) of the Industrial Disputes Act. The question is whether the petitioners are entitled to get free supply of milk and gram as a permanent benefit or additional remuneration for their work in the Chrome Section. In this connection I would refer to the evidence of P.W. 1, Shri Das, who has admitted in the cross-examination that he has got nothing to show that there was supply of milk and gram free of cost previously to the employees. So it is found clear that with effect from 13th February 1958 the Company introduced the free supply of milk and gram to the permanent workers of the Chrome Section, i.e., to the present petitioners, for the period from 13th February 1958 to 28th April 1958 as an experimental measure. This did not give the petitioners any permanent right to have free supply of milk and gram to them for all times to come. The system continued only for three months and, as such, it did not ripen into a right on the principle of long user. It has not been established by the petitioners that they could claim free supply of milk and gram under any customary right. My attention was drawn to the West Bengal Factories Rules, 1958 (published in the "Calcutta Gazette, Extraordinary," dated 18th June, 1958) and at page 2261 some rules have been framed for being observed in the factories engaged in manufacturing or handling of lead. It is stated there that the Manager of the Factory will have to make arrangement for periodical examination of persons employed. Provision has also been made for maintaining a mess-room or canteen for the employees. It is not mentioned therein that the employees will have to be supplied with milk or gram free of charge. I have perused the award, dated 26th May 1959, of the original case where grades and scales of pay of different categories of workmen, dearness allowance, and other matters were considered. Nothing is found mentioned therein to the effect that the employer will have to make free supply of milk and gram to the workers working in the Chrome Section. If the supply of milk and gram free of charge were conditions of service or a term of employment of the present petitioners, then certainly there would have been a claim raised for the same in that case. If it is taken up that the free supply of milk and gram was not a matter connected with the main dispute then obviously there was no violation of the provisions of section 33(1)(a) of the Act and, as such, the present case under section 33A is not maintainable. Whatever that may be, it has not been proved that the free supply of milk and gram was a condition of the petitioners' services under the company or a term of their employment or a part of their emoluments. Consequently, the petitioners' case that there was violation of provisions of section 33(1)(a) of the Act is not found to be substantiated. The present cases under section 33A of the Act, therefore, cannot be maintained. They are liable to be dismissed. In conclusion it is held that the petitioners are not entitled to get any relief in these cases. This judgment will govern all the cases.

This is my award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Otis Elevator Company (India) Private Ltd., 21 Netaji Subhas Road, Calcutta-1, and their workmen represented by Otis Elevator Employees' Union, 19 Strand Road, Calcutta-1. (Case No. VIII-2 of 1959.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. K. SARKAR, Judge, Second Industrial Tribunal.

Present for the Company: Shri J. N. Chatterji, Assistant Labour Adviser, Indian Engineering Association.

Present for the Union: Shri Jiten Banerji, an officer of the Union.

By Government order No. 5520-I.R./IR/10L-135/58, dated the 26th December 1958, the above dispute was referred under section 10 of the Industrial Disputes Act, 1947, to the Fourth Industrial Tribunal for adjudication and, subsequently, by Government order No. 3685-I.R./IR/10L-135/58, dated the 3rd August 1959, it was withdrawn and transferred to the present Tribunal under section 33B of the Industrial Disputes Act, 1947, for speedy disposal as there had been a heavy congestion of cases in the file of the Fourth Industrial Tribunal. Both parties had filed written statements before the said Tribunal, and after receipt of the records of the case in this Tribunal on 13th August 1959, the date of hearing was fixed on 17th August 1959. The hearing commenced on that date and it was concluded on 21st August 1959. Three witnesses were examined, two on behalf of the Union and one on behalf of the Company, and certain documents and papers were accepted in evidence and marked as exhibits.

There was only one issue referred for adjudication and the issue was originally in this form, viz., "Whether the workmen are entitled to additional bonus for 1955-56?". Subsequently by a corrigendum, dated 19th February 1959, the issue was amended, and the amended issue now stands thus:

"Additional bonus for the years 1955 and 1956".

The issue was put in this form because the employees of the Company had already received Puja Bonus in both of the years 1955 and 1956 equivalent to one month's basic pay.

The Company, Messrs. Otis Elevator Co. (India) Private Ltd., carries on the business of installation, adjustment and testing of elevators and escalators. It imports portions of the equipment from abroad and manufactures most of the parts either in Bombay or in Calcutta, and assembles the same at sites. The Company also maintains and repairs the installations which are covered by the Company's maintenance contracts.

The Company has its head office in Bombay which started functioning in January 1954. The Calcutta office of the Company started functioning on 1st September 1954. In the year 1956 another branch was opened at Delhi. The Company is associated with Messrs. Waygood Otis Ltd., London, and before September 1954 Messrs. Balmer Lawrie & Co., of Calcutta were the agents of Messrs. Waygood Otis Ltd., London. Similarly, another Company, Messrs. Turner Hoare & Co. of Bombay were the agents of Waygood Otis Ltd., London, before the Bombay office of the present Company started functioning. The agency of Messrs. Balmer Lawrie & Co. in Calcutta was terminated by an agreement dated the 18th August 1954. Ext. 4 is a copy of that agreement. By this agreement Messrs. Balmer Lawrie & Co. made over to the present Company all its existing service contracts as agents of Waygood Otis, London, and the present Company assumed complete responsibility for their fulfilment. All the employees of Balmer Lawrie & Co. who were employed in this particular agency business were transferred to the present Company, and they were paid all their dues together with all retirement benefits by Balmer Lawrie & Co., up to September 1954. The said employees became employees of the present Company which accepted all the liability of social benefits for such employees. A new Provident Fund scheme was introduced for them by the present Company. According to the Accountant of the present Company there were 89 employees of this Company in Calcutta in 1955 and 1956, including the higher-grade staff.

On the 11th July 1955 the Otis Elevator Employees' Union which represents the workmen of the Company in Calcutta wrote to the manager of the Company asking for urgent revision of the terms of employment and enclosed therewith a charter of demands. This charter of demands, Ext. 1, included scales of wages, dearness allowance and other matters, and there was also an item in it regarding bonus, the demand being that three months' bonus calculated on the basic pay should be given to the employees out of the profit for each year. On the basis of this charter of demands, a reference was made by the Government under section 10 of the Industrial Disputes Act to the Third Industrial Tribunal on the 6th November 1956, but the demand for bonus was excluded therefrom. The Union's case is that the demand for bonus was not referred to the Tribunal because it was not a demand in relation to any specific year. Subsequently on the 21st October 1957, the Secretary of the Otis Elevator Employees' Union wrote to the manager of the Company making a specific demand for bonus equivalent to three months' basic wages arising out of the profits made by the Company for each of the years 1955 and 1956.

The Company, it should be stated, had paid a bonus to its employees in Calcutta during the Pujas of 1955 and 1956 equivalent to one month's basic pay. The high-salaried staff was also included in this payment but the actual payment for 1955 was made to such staff, not in 1955, but in 1956. Similar bonus was paid for 1955 and 1956 to the employees of all grades including the high-salaried staff in Bombay also, but the payments were made in Bombay during Dewali and Christmas. The employees of the Delhi Office received similar bonus for 1956. In the Union's letter, dated the 21st October 1957, the claim was for payment of profit bonus out of the available net surplus for each of the two years, calculated according to the Full Bench Formula of the Labour Appellate Tribunal laid down in the case of the Mill Owners' Association versus the Rastriya Mill Mazdoor Sangh, Bombay.

The Company has pleaded that having regard to the prior charges, as laid down in the Full Bench Formula of the Labour Appellate Tribunal and the subsequent decisions, there is no available surplus either in the year 1955 or in the year 1956, out of which any bonus can be paid to the employees. It has also pleaded that the trading activities of the Company in 1955 and 1956 were not satisfactory, and that the small profits earned justified only payment of bonus equivalent to one month's basic wages, as had been paid during the Pujas to the Calcutta employees and during Dewali and Christmas to the Bombay and Delhi employees. Finally it has been pleaded on the Company's behalf that the demand for 1955 is belated.

With regard to the last point it should be remembered that the Union had submitted a charter of demands on the 11th July 1955 including a demand for profit bonus. Though it was not related to any specific year the Company having functioned for less than a year at the date of that demand, it could not have been related to any previous year. The Union might naturally have expected that the dispute regarding bonus also would be referred for adjudication in 1956, but when that was not done the demand in the present form was made in 1957 for both 1955 and 1956. In the circumstances the demand for bonus for 1955 cannot be deemed to be belated.

The Company has produced its balance sheets for both the years 1955 and 1956. The accounts of the Company are kept in its Bombay office. No accounts are kept in the Calcutta office and, according to the Accountant of the Bombay office, all account-papers of the Calcutta office are transmitted to Bombay daily for the purpose of accounting. The Company does not show in its accounts manufacturing and trading accounts separately. All sales are shown together in the Company's accounts as sales completed, and all repairs and maintenance are shown as services completed. It is clear from the balance sheets, and it is also not disputed on behalf of the Union, that the Company maintains one consolidated account for all its branches in India.

Now, taking the balance-sheet of the year 1955 it is found that in that year the authorised capital of the Company was Rs. 4½ lakhs of 4,500 share of Rs. 100 each, and the subscribed and fully paid up capital was Rs. 2 lakhs. The net profit transferred to the balance-sheet was Rs. 35,645. This net profit was accepted as correct on behalf of the Union. According to the formula laid down by the Labour Appellate Tribunal in the Mill Owners' Association versus The Rashtriya Mill Mazdoor Sangh, Bombay, which has been approved by the Supreme Court in several decisions, to this net profit should be added back the sums kept apart as reserves and provisions in order to arrive at the figure of gross profits. In the Company's statement, Ext. C, a sum of Rs. 46,316 has been added back to the net profit of Rs. 35,645 by way of reserves and provisions. This amount is not disputed by the Union. Shri Basu Mallick, the Chartered Accountant who was examined on behalf of the Union, has also added back this sum in his statement. He has, however, added back another sum of Rs. 1,568 which had been shown on the debit side of the balance-sheet under the head of Stock Adjustment. Shri Basu Mallick's evidence is that usually such adjustments should not appear in the profit and loss account because the stock at the closing of the year should always represent the actual stock. The Accountant of the Company has explained that according to the system of accounting in this Company, any difference with the book value of the stock is adjusted under a separate head, though this is not in accordance with the Indian Companies Act. He has also stated that in assessing the book value this amount has been taken into account and subtracted. The figure represents the loss of stock handled from day to day due to breakage, etc. The amount is small and in the circumstances stated I cannot accept Shri Basu Mallick's opinion that this sum should be added back to the net profit. So the figure of gross profits would be Rs. 81,961.

Next, according to the formula, deductions are to be made for prior charges in order to arrive at the net surplus available for bonus. As to normal depreciation which is a prior charge, a sum of Rs. 10,294 has been deducted by the Company (Ext. C) while Shri Basu Mallick has deducted Rs. 10,000. The difference is very small and I accept the figure of the Company. The return on capital at 6 per cent. together with return on reserves at 4 per cent amounts to Rs. 12,112. There is no dispute regarding this amount. Income-tax amounting to Rs. 27,503 (at the rate of 7 annas per rupee) has been deducted by the Company. There is also no dispute about this figure. The total of these deductions is Rs. 49,909 and the resulting figure is Rs. 32,052.

The Company has further deducted a sum of Rs. 12,521 as extraneous receipt or profit on the ground that the workmen did not contribute in any way to the earning of this profit. This has been seriously disputed by the Union and Shri Banerji on behalf of the Union has contended that this sum can on no account be counted as profit earned without the participation of the workmen. This sum is made up of two items, one amounting to Rs. 1,297 is said to be the sale proceeds of scrap and drums and the other amounting to Rs. 11,224 is said to be the amount of spread on two contracts recovered from Waygood Otis Ltd., London. In the recent decision of the Supreme Court in the case of Tata Oil Mills Co., Ltd., versus Their workmen, reported in 16 F.J.R., page 349, the question of what is or is not extraneous profit was fully discussed and it was laid down that though there must be contribution of the workmen in earning profits before they are entitled to profit bonus, it was not necessary that direct connection between the efforts of the workmen and the particular item of profit earned must be established before the profit can be taken into account for the purpose of arriving at the available surplus. In that case one of the items which the Company claimed to be an extraneous receipt was the sale proceeds of empty barrels and cans and scrap, but the Company's claim was negatived on the ground that the income was earned in the normal course of business and also because the sale proceeds of such things reduced the cost price of materials used in production and thereby increased the profits. The sale proceeds of scraps and drums cannot therefore be treated as extraneous profits and Shri Chatterji, on behalf of the Company, conceded the point.

The second item of Rs. 11,224 described as amount of spread on two contracts recovered from Waygood Otis, London, is made up of two amounts, viz., Rs. 4,197 and Rs. 7,027, as has been explained by the Accountant of the Company. It is said that Waygood Otis, London, received orders directly from UNICEF for supply of certain materials to the Penicillin Factory at Pimpri, near Poona, and that the contract for supply of these materials constituted the first contract mentioned in Ext. C, viz., contract No. 267325. The cost of the materials supplied was Rs. 9,443 and Waygood Otis, London, charged Rs. 13,640 for the same. The difference Rs. 4,197 was made over by Waygood Otis, London, to Otis, India, because this contract was executed in the Indian zone. The elevator equipments supplied by Waygood Otis, London, were erected by Otis, India, and certain local materials were supplied by the latter.

With regard to the other item of Rs. 7,027 Waygood Otis Ltd., London, had obtained a contract from the Imperial Chemical Industries Ltd., India, for supply of elevator equipments and the contract was for £4,072, and the cost £3,543-2s.-9d. The difference £528-17s.-3d., equivalent to Rs. 7,027, was made-over by Waygood Otis, London, to Otis India because the contract was executed in the Indian zone and the erection was made by Otis, India.

The contention of Shri Chatterji on behalf of the Company is that both these items should be treated as extraneous profits because Otis, India, had nothing to do with these contracts. It is argued that Otis, India, did neither place the indents, nor import the goods, nor clear them, nor despatch them to site. It is not, however, correct to say that Otis, had nothing to do with these contracts. Though the goods were supplied directly from London, erections were all made by Otis, India. It is true that the erections were made under separate contracts with the Penicillin Factory and the Imperial Chemical Industries, but that would not make any difference because these contracts for erection were made with reference to the elevator equipments supplied from London. These contracts were made in 1954 about the time when Otis, India, had just begun to function in Bombay and the mode of business which is since being followed by Waygood Otis, London, in relation to Otis, India, had not yet been adumbrated. At present the system is that Waygood Otis, London, makes no contract with any concern in India without reference to Otis, India. It supplies all materials to Otis, India, which charges for them and makes the erections. It is very likely that Waygood Otis, London, does not charge Otis, India, the same rates for the equipments as they charge outsiders. The Accountant of the Company denied that Otis, India, received any commission or rebate for materials supplied by Waygood Otis, London, but he did not say that the latter charged them the same rates and prices as they did others. In the matter of these two contracts higher rates must have been charged and so the cost only was appropriated by Waygood Otis, London. In these circumstances the differences appear to have been paid to Otis, India, as a sort of commission in keeping with the system subsequently introduced, though the Accountant would not admit it. The workmen of Otis, India, worked on the materials supplied from London, and made the erections just as they do now, and it would not make any difference that the materials were supplied directly by Waygood Otis, London, and that Otis, India, did not indent them.

In the case of Tata Oil Mills versus Their workmen, 16 F.J.R., 349, three kinds of extraneous profit were enumerated. The first category included profits which had not been earned in that particular year, for example, a refund of Income-tax or excess profit tax. The second category was profit arising out of fortuitous circumstances altogether unconnected with the efforts of labour, and the third was income arising out of sale of fixed or capital assets. It was contended for the Company that these two items of profit fell within the second category as profit arising out of fortuitous circumstances. An instance of the second category mentioned in the above case was an amount of income which had arisen in consequence of a change in the method of valuation of the Company's assets. These two items cannot be said to be of that category. The real test laid down by the Supreme Court in the above case is to see whether or not a particular item of profit was earned in the normal course of business, even though direct participation of the workmen in earning that profit had not been established. If it was earned in the normal course of business, it would not be an extraneous item of profit to be excluded from calculation. Reference was made on behalf of the Union to the case of Greaves Cotton & Co., Ltd., decided by the Labour Appellate Tribunal, Bombay, and reported in 1954, L.A.C., 599. In this case there was an item of income in the Company's accounts described as Sales Commission. The Company was the sole Sales Commissionaire in India for certain articles of British manufacture, and sometimes it happened that direct supplies were made by the British manufacturers to purchasers in India who imported them into the area covered by the Company's agreement. In such cases the manufacturers passed a credit note to the Company for the corresponding amount of commission. The Labour Appellate Tribunal held that such income was not extraneous, but a normal trading profit directly arising out of the main business of the Company. Very similar is the case here and the amounts in question were also deposited in the Company's accounts by means of credit notes. Having regard to the practice which came to be followed soon after, viz., that Waygood Otis, London, ceased to supply any goods directly to any concern in India within the zone of Otis, India, but only supplied to the latter and Otis, India, made profit by selling the same to concerns in India, it is clear that these two items were also earned by Otis, India, in the normal course of business and they should, therefore, be construed as normal trading profits according to the test laid down by the Supreme Court. The result is that the sum of Rs. 32,052 should be taken to be the net surplus available in 1955 for the purpose of bonus, and the deduction of Rs. 12,521 made by the Company under the head of extraneous receipts should be disallowed.

With regard to the year 1956, the net profit shown in the Profit and Loss Account is only Rs. 2,395. This amount has been accepted by the Union. Adding reserves and provisions as in the Company's statement Ext. C1, amounting to Rs. 93,531 which figure has not been disputed by the Union, the total is Rs. 95,926. Shri Basu Mallick, the Chartered Accountant examined by the Union, has further added Rs. 5,438, shown on the debit side in the Profit and Loss Account under the head Stock Adjustment, to the net profit. But on grounds already stated in connection with the similar item of 1955, there seems to be no justification for the same. The normal depreciation and the income-tax deducted by the Company amount to Rs. 69,897. Income-tax has been deducted at the rate of 51.5 per cent. in a rupee. Shri Basu Mallick has deducted 0.44 nP. in the rupee, because he has not taken into account the rate of income-tax for the accounting year 1956 (assessment year 1957-58). The rate had been changed in the meantime and the income-tax is found to have been correctly deducted by the Company Deducting the figure of Rs. 69,897 we get Rs. 26,029. From this figure should be further deducted the return on capital at 6 per cent., the total paid-up capital being Rs. 4½ lakhs. Shri Basu Mallick has deducted 4 per cent. on this capital because the date of increase of the capital was not known. But it is clear from the evidence of the Accountant of the Company that the addition of capital took place in February and March 1956 and the Company has, therefore, correctly deducted 6 per cent. on the additional paid-up capital of Rs. 2½ lakhs for 10 months. So deducting Rs. 24,500 on this head we get Rs. 1,529 from which should be deducted 4 per cent. return on reserves amounting to Rs. 953 as in Ext. C1 leaving a balance of Rs. 576 only.

The Company has deducted in this year also a sum of Rs. 4,859 as extraneous receipt. This is composed of two items—Rs. 4,342 and Rs. 517. As regards the last item, it is described as spread on contract received from Flohr Otis, Berlin, which is said to be another associate company of Otis, India, like Waygood Otis, London. The evidence of the Accountant of the Company is that Flohr Otis, Berlin, supplied some materials to Hirakud, India and made over the difference between the cost and the sale price because the contract was within the zone of Otis, India. The necessary papers have not, however, been filed and, in any case, the same considerations will apply to this item as to the two items of spread on contract mentioned in the statement for 1955. The income must have been earned normally by way of commission and should therefore be taken as normal trading profit. The other amount, viz., to Rs. 4,342 is not a receipt in cash but represents the value of excess materials provided by Waygood Otis, London, and returned from jobs executed at Reserve Bank Building, Nagpur, for Turner Hoare & Co. Ltd., who were the former agents in Bombay. The materials are said to have been supplied by Waygood Otis, London, to Turner Hoare & Co., but the work was done by Otis, India, after the latter's agency had ceased. The materials found to be in excess after the completion of the work were made over to Otis, India, without any payment. No papers regarding this item have, however, been filed, admittedly these materials were added to the stock and the workmen of the Company must have worked on them when those materials were utilised for other purposes. These materials therefore increased the profits of the Company and so their value cannot be an extraneous income according to the test laid down in Tata Oil Mill's case, already referred to. This item is a normal trading profit and so cannot be deducted for the purpose of calculation of net surplus.

So, we get a sum of Rs. 32,052 as net surplus for 1955, and Rs. 576 as net surplus for 1956 without taking into account the amounts already paid as bonus for the two years. In the year 1955, a sum of Rs. 3,718 was paid and charged in the accounts as bonus. This sum was paid to the employees of the Calcutta office except the high-salaried staff during the Puja of 1955. The bonus for 1955 was paid to the high-salaried staft of Calcutta office and to the staff of Bombay office in 1956 and has been shown in the accounts for 1956. The total amount paid as bonus for 1955 was Rs. 14,234. Out of this, Rs. 3,718 was paid in 1955 and the balance Rs. 10,516 was paid in 1956. For the year 1956 a sum of Rs. 19,241 was paid as bonus and this sum has been separately shown in the profit and loss account for 1956. The bonus paid for 1955 has not been shown in the profit and loss account but is included in the salaries according to the Accountant. Adding the sum of Rs. 3,718 paid as bonus in 1955 to the figure of net surplus found above we get Rs. 35,770 and if we deduct the total sum paid as bonus for 1955 we get Rs. 21,536.

On the basis of the roll starength of the Company in 1955 a sum of Rs. 14,234 represents one month's basic wages of all the employees of the Company including the high-salaried staff in Bombay and Calcutta. So the above amount is sufficient to cover only one month'sc basic pay of all the employees for 1955. But since the sum of Rs. 14,234 includes the basic pay of the high-salaried staff also, Shri Banerji for the Union has contended that the high-salaried staff should be excluded from the payment of profit bonus. If their pay be excluded the balance will cover more than one month's basic pay of the rest of the employees. Shri Banerji has further argued that the sum available is sufficient for payment of 3 month's basic wages to the employees represented by the Union of the Calcutta Office, since the total amount paid to them was Rs. 3,718 only as representing their basic wages for one month. I do not think, however, that either the high-salaried staff should be excluded or that the amount available should be distributed among the lower-grade staff of the Calcutta Office only excluding the staft of the Bombay Office. As to the last point it was urged that no claim had been made by the Bombay Office staff for additional bonus.

In the case of Burn & Co. and Their employees, A.I.R. 1957 S.C.38, it was found that the amount of net surplus available was not sufficient for payment of additional bonus to all the workmen of the different factories of the Company, though it was sufficient for payment to the workmen of the particular factory who had claimed it. The Labour Appellate Tribunal had in these circumstances granted additional bonus to the said workmen, but the Supreme Court reversed that decision and in doing so Venkatarama Ayyar, J., observed as follows:

> "In law, a claim for bonus will be admissible only if the business had resulted during the year in sufficient profits. And as the reasons for the grant of bonus is that workers should share in the prosperity to which they have contributed, all of them would have the right to participate in it. Therefore, profits can be said to be sufficient to declare a bonus only if they are sufficient to make a payment to all of them. If the profits are not sufficient for that purpose, then the very condition on which bonus could be declared would be absent, and no question of granting any bonus would arise...
>
> Nor can such a claim be sustained in equity. The entire profits of the Company are the result of the labour of all the workmen and employees in all its units. To grant a bonus to a section of them on the basis of the total profits of the Company will be to give them a share in profits to which they have not contributed." (At page 46.)

On the above principle there is no scope for any discrimination in the matter of bonus between the workmen of the different branches of the Company or between those who had claimed bonus and those who had not claimed it. On the very same principle no discrimination can be made between the higher grade and the lower grade staff in the matter of bonus. All of them have contributed in earning the profits and all of them are accordingly entitled to share in their distribution. Shri Banerji for the Union referred in this connection to two decisions of the Labour Appellate Tribunal in Associated Cement Co. and their workmen, 1955, II, L.L.J. 145, and Beardsell & Co. and their workmen, 1955 I, L.L.J. 58, but these decisions are of no assistance to him. In these cases the Labour Appellate Tribunal took the view that the officers who supplied the brain, the initiative and the organisational ability required for the business of the concern should not be excluded from payment of bonus in a year of prosperity though the Tribunal objected to the officers getting any preference in the matter of bonus or to any special scheme of bonus which favoured them at the cost of the workmen adversely affecting the net surplus available for the latter. In these cases the officers had been specially favoured in the matter of bonus and so the excessive payments made to them were cut down for the purpose of the formula. In the case before me the officers were not specially favoured in the matter of bonus. They also received one month's basic pay as bonus like the workmen and so no question of cutting down the payment made to them can arise. Nor can they be execluded in the calculation of the amount necessary for payment as additional bonus.

With regard to the year 1956, adding the total sum of bonus for 1955 and 1956 paid in that year which is Rs. 29,757 as shown in Ext. C1, to the net surplus found above which is Rs. 576 we get Rs. 30,333. Deducting the amount paid as bonus for that year which is Rs. 19,241, as in Ext. C1, we arrive at the figure Rs. 11,092. According to the roll strength of the Company in that year in all its three branches—Bombay, Calcutta and Delhi—the basic pay for one month would amount to Rs. 22,470. The amount has not been disputed by the Union. So the amount available is not sufficient to cover one month's basic pay.

It has been argued on behalf of the Company that it started functioning only in the year 1954 and in 1955 it could not pay any dividend to the share-holders. Taking all the circumstances into consideration I award that the workmen will get additional bonus equivalent to one month's basic pay for the year 1955 only, and that the claim for such bonus for the year 1956 should be rejected. The Company should pay the bonus awarded within one month from the date of the publication of the award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Orient General Industries, 6 Ghore Bibi Lane, Calcutta-11, and their workmen represented by the Orient Fan Mazdoor Union, 139 Narkeldanga Main Road, Calcutta-11, referred to under G.O. No. 1445-I.R./IR/10L-50/59, dated the 13th April 1959. (Case No. VIII-69/59.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri G. KUMAR, Judge, Fifth Industrial Tribunal.

The dispute between the aforesaid Company and its workmen represented by the Orient Fan Mazdoor Union, 139 Narkeldanga Main Road, Calcutta-11, was referred to this Tribunal for adjudication by Government Order No. 1445-I.R./IR/10L-50/59, dated the 13th April 1959.

The parties have jointly filed a petition for passing a no-dispute award as they have amicably settled the dispute in terms embodied in a memorandum of settlement, dated 30th August 1959, which has been annexed with the aforesaid joint petition and which cannot be made part of the award as it contains some contingent terms.

As a result it is awarded that there is no dispute between the parties. The joint petition filed by the parties today be made annexure "A" to the award.

This is the award.

Here it is to be observed that the sanity and spirit of conciliation displayed by the Management of the Company and the office bearers of the Union in settling the dispute deserve emulation by others of their class. They have done a very good and grand thing. The dispute involved a very important industry and a large number of workmen. It assumed severe proportions and if it had continued it might have caused a serious dislocation of the industry itself and the most pernicious idleness on the part of the workmen which might have had a very sad and baleful repercussion not only on the people immediately concerned but many more. So the conduct of the Management and the office bearers of the Union in settling the dispute in the instant case is held to be highly praiseworthy.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri M C. BANERJI, District Judge (Retd.), Judge, First Industrial Tribunal.

1. The Government of West Bengal, in the Department of Labour, by order No. 4100-Dis./D/8L-14/56, dated 12th September 1956, referred

This Order of Reference was amended by the Government of West Bengal by way of Corrigenda No. 4473-Dis./D/8L-14/56, dated 8th October 1956, No. 5233-I.R./D/8L-14/56, dated 7th December 1956, No. 915-I.R./IR/8L-4/57, dated 22nd March 1957 and No. 3434-I.R./IR/8L-4/57, dated 4th September 1957. The award arising out of this Order of Reference was made by the Tribunal on 22nd May 1958, and it was published in the "Calcutta Gazette, Extraordinary", dated 10th June 1958.

(2) Whether maintenance workers like Fitters, Carpenters, etc., attached to different departments of the Cotton Mills and not to the Engineering Sections are entitled to the general wage increase under the Award?

(3)(i) Whether the mills covered by the First Major Cotton Textile Tribunal Award of 1948 and the present award of 1958, which had previously discontinued granting of casual leave with pay to Clerks and other workmen as awarded under the Cotton Textile Award of 1948 after this award automatically lapsed are under obligation to pay a lump sum amount by way of compensation under the 1958 Award for being deprived of paid casual leave benefits?

(ii) Whether the mills covered by the First Major Cotton Textile Tribunal Award of 1948 and the present award of 1958, which had discontinued graded increment as awarded under the 1948 award after it lapsed, are under obligation to grant the increments to the Clerks under the present award after adding the increments under the first award which had been discontinued as stated above.

(iii) Whether the mills covered by the First Major Cotton Textile Tribunal Award of 1948 and the present award of 1958 which discontinued granting of sick leave with pay as awarded under the award of 1948 after it lapsed, shall continue to pay sick leave with full pay for 15 days in a year as directed under the present award of 1958.

(4) Whether operatives other than those employed in Engineering Sections are to be paid a general increase of Rs. 8.02 nP. in view of the increase in the basic wage from Rs. 20.15 nP. to Rs. 28.17 nP. granted under the present award of 1958 irrespective of their total basic wages existing prior to the 1958 award?

(5) Whether the lump payment with regard to casual leave under the 1958 award has to be made by the Management before the Pujas every year and not only in 1958.

4. The statements of the parties made in respect of each question will be considered and discussed in the decision of the respective question.

Decisions.

Question No. 1: Whether the Durwans and Watch and Ward personnel are covered by the Cotton Textile Award of 1958 and whether they are entitled to the benefits under the award?

5. The question has been asked whether the Durwans and Watch and Ward personnel are covered by the Cotton Textile Tribunal Award of 1958, and whether they are entitled to the benefits under the award. All the parties, being the Unions and the Bengal Millowners' Association, state in their written statements that the Durwans and the Watch and Ward personnel are covered by the Cotton Textile Tribunal Award as made on 22nd May 1958. It does not, therefore, appear that there is any doubt or difficulty regarding this question in the minds of the parties who have appeared before the Tribunal. Durwans and Watch and Ward personnel are workmen employed in the Units of the Cotton Textile Industry and they are covered by this award as all other workmen in the Industry. Issue No. 1 of the award regarding revision of wages are in respect of all categories of workmen in the Industry. These issues, therefore, cover the Durwans and the Watch and Ward personnel. Issue No. 2 as to revision of dearness allowance is also in respect of all categories of workmen in the Industry. As stated by the Bengal Millowners' Association, in its written statement, the directions as to wage and D.A. in the last paragraph of paragraph 7(13) at page 2077 of the award will be applicable to the category of workmen mentioned in this question. The other benefits allowed by the award to the workmen as are appropriate to the Durwans and the Watch and Ward personnel will be available to them. This question is, therefore, answered in the affirmative.

Question No. 2: Whether maintenance workers like Fitters, Carpenters, etc., attached to different departments of the Cotton Mills and not to the Engineering Sections are entitled to the general wage increase under the award?

6. The question is whether maintenance workers like Fitters, Carpenters, etc., attached to different departments of the Cotton Mills and not to the Engineering Sections are entitled to the general increase under the award. The Unions claim that as the maintenance workers are in fact Engineering workers, there can be no dispute as to their being entitled to the general wage increase as embodied in the award [illegible] the employees of the Engineering Sections.

7. The Bengal Millowners' Association, in their written statement, state that except for those in the Engineering Section and Bleaching and Finishing Section in the Cotton Textile Industry, nobody has been allowed any special rate of wages under the award by the Tribunal. Other categories of workmen, not referred to therein, viz., under the Engineering Section and Bleaching and Finishing Section, shall be guided by the basic rate of wages awarded by the Tribunal. It is stated that higher rates therein would be determined by the employer concerned on consideration of the factors referred to by the Tribunal in the award, and no other question of general wage increase can arise. It is further stated that even if similar occupations, as referred to above, are in existence in the Industry other than in Engineering Department, such maintenance workers, viz., Fitters, Carpenters and the like, are not entitled to any other increase in the rates of wages. The nature of wage and duties of these workmen not being identical with those of the Engineering Section, these categories of workmen are not entitled to the same rates of wages as of the Engineering Section.

8. The question is by no means difficult. The statement of the Bengal Millowners' Association on this question is unworthy of support for the following reasons. Page 2077 of the award show the following paragraph on Engineering Section:—

> Engineering Section: The wage of the employees of the Engineering Section was not specifically fixed by the First Award. This Section includes such occupation as the Mechanical or Electrical Fitters, Tin-smiths, Turners, Carpenters, Lorry Drivers, Firemen, Tindals, Departmental Machinemen, Tapemen-cum-Machine Carrier, etc. No data on the wage of the employees of this section were also available to the Tribunal at the time of the hearing of this case. The workers of this Section shall also receive the same increase in wages as is made available to the other manual workers in the Industry. It is, therefore, awarded that all workers in the Engineering Section shall receive an increase in the basic wage to the extent of Rs. 8.02 per month. They shall also get Dearness Allowance at Rs. 32.50 per month in place of Rs. 30. Any worker who is getting a higher Dearness Allowance shall continue to get such higher Dearness Allowance.

It will be obvious that the Engineering Section in the above paragraph is stated to include such occupation as the Mechanical or Electrical Fitters, Tin-smiths, Turners, Carpenters, Lorry Drivers, Firemen, Tindals, Departmental Machinemen, Tapemen-cum-Machine Carrier, etc. The learned Advocate for the Bengal Millowners' Association tried to impress upon me that the maintenance workers of the same occupation as mentioned above were not in the Engineering Section. This claim is unworthy of acceptance on a plain reading of the award in the paragraph mentioned above. This paragraph clearly means that maintenance workers like Fitters, Carpenters, etc., attached to different departments of the Cotton Mills are covered by the Engineering Section as mentioned in the above paragraph of the award. The plain meaning of the award is that all workmen having the occupation of Mechanical or Electrical Fitters, Tin-smiths, Turners, Carpenters, Lorry Drivers, Firemen, Tindals, Departmental Machinemen, Tapemen-cum-Machine Carrier, etc., wherever they are employed, shall get the benefit of the increase of the basic wage to the extent of Rs. 8.02.

9. In question No. 2, it has been asked whether maintenance workers like Fitters, Carpenters, etc., attached to different departments of the Cotton Mills and not to the Engineering Section are entitled to the general increased under the award. The answer is that under the award, the maintenance workers like Fitters and Carpenters, etc., attached to different departments of the Cottton Mills have been considered to be attached to the Engineering Section and there is no worker of the category of maintenance workers like Fitters, Carpenters, etc., attached to the different departments of the mills who are not attached to the Engineering Section and that, maintenance workers like Fitters, Carpenters, etc., attached to different departments of the Cotton Mills are entitled to the general wage increase as mentioned for the Engineering Section in paragraph 7(13) at page 2077 of the award.

Question No. 3: (i) Whether the mills covered by the First Major Cotton Textile Tribunal Award of 1948 and the present award of 1958, which had previously discontinued granting of casual leave with pay to clerks and other workmen as awarded under the Cotton Textile Award of 1948 after this award automatically lapsed are under obligation to pay a lump sum amount by way of compensation under the 1958 award for being deprived of paid casual leave benefits?

(ii) Whether the mills covered by the First Major Cotton Textile Tribunal Award of 1948 and the present award of 1958, which had discontinued graded increment as awarded under the 1948 award after it lapsed, are under obligation to grant the increments to the clerks under the present award after adding the increments under the first award which had been discontinued as stated above.

(iii) Whether the mills covered by the First Major Cotton Textile Tribunal Award of 1948, and the present award of 1958 which discontinued granting of sick leave with pay as awarded under the award of 1948 after it lapsed, shall continue to pay sick leave with full pay for 15 days in a year as directed under the present award of 1958.

10. The question is framed in three parts. The present award allowed some benefits linked with similar benefits granted by the First Omnibus Cotton Textile Tribunal Award on the Industry in 1948. This award was notified to be in operation for a period of one year with effect from the 1st August 1948. The award was, therefore, in operation under section 19 of the Act till 31st July 1949. The benefits in question related to casual leave and sick leave for workmen and annual increments for clerical staff. The award of 1948 granted 5 days' casual leave with pay for manual workers and 10 days' casual leave with pay for the clerical staff as under the Bengal Shops and Establishments Act. This award granted incremental grades of basic pay to the clerical staff as follows:—

For non-Matriculates: Rs. 60—2—80 (E.B.)—3—110 (E.B.)—4—130.

For Matriculates: Rs. 70—4—100 (E.B.)—6—170 (E.B.)—8—210.

The award also allowed sick leave for 15 days with full pay to all categories of workmen.

11. The award of 1958 withdrew the benefit of casual leave with pay in respect of some categories of workmen and allowed a lump sum payment in lieu thereof. This award continued the incremental scales as introduced by the First Award of 1948. In respect of sick leave, it confirmed the provision for 15 days' sick leave with pay, but provided for payment of wages for the unavailed portion of the sick leave.

12. Under section 19 of the Industrial Disputes Act, as it stood in 1947 to 1950, the award was operative only for one year. There was an amendment of the Act in May 1950, by which section 19 was amended and it was provided that an award may remain in operation for a period of one year but that notwithstanding the expiry of the period of operation under sub-section (3) of the section, the award shall continue to be binding on the parties until a period of two months elapsed from the date from which notice is given by any party bound by the award to the other party or parties, intimating its intention to terminate the award. It is the case of the Bengal Millowners' Association that some of the mills represented by them discontinued the grant of casual leave and sick leave to all workmen and annual increments to the clerical staff after the award of 1948 ceased to be operative on 31st July 1949, i.e., after the expiry of one year from the date of the commencement of the operation of the award as notified by the Government, and it is claimed that in such circumstances, the provision for lump payments to workmen in lieu of casual leave or sick leave, or the claim of increments for the periods between 31st July 1949 and the commencement of the operation of the award in 1958, were not operative as against such employees of such mills. The question asked is if such mills which discontinued the grant of casual leave and sick leave to workmen or annual increments to the clerical staff will be required to implement the award in 1958, in the manner as indicated above. These questions are answered separately below:

(i) Whether the mills covered by the First Major Cotton Textile Tribunal Award of 1948 and the present award of 1958, which had previously continued granting of casual leave with pay to clerks and other workmen as awarded under the Cotton Textile Award of 1948 after this award automatically lapsed are under obligation to pay a lump sum amount by way of compensation under the 1958 award for being deprived of paid casual leave benefits?

13. This question is in respect of lump payment to some workmen who have been deprived of the casual leave by the 1958 award. The question is as given above.

14. All the Unions claim that the answer should be in the affirmative. The Bengal Millowners' Association states in its written statement that it should be in the negative. The Bengal Millowners' Association pleads that the case of the mills who had discontinued grant of casual leave after 31st July 1949, was not raised before the Tribunal and it was not a point for adjudication whether these mills were bound to grant casual leave after the date on which the 1948 award automatically lapsed under section 19 of the Act. It is further pressed that the 1958 award provides in paragraph 11(5) at page 2088 for lump payment to those employees who are deprived of the benefit of casual leave by it and as such this provision does not cover the employees who were deprived of the casual leave benefit in 1949 by the mills and not by the award of 1958. It is claimed that the question should, therefore, be answered in the negative. As will be discussed below, the question is by no means difficult and should be answered in the affirmative. The present proceeding under section 36A of the Act is for decision of a question regarding any difficulty or doubt as to the interpretation of a provision of an award. The decision should, therefore, be made on the provisions of the award as made therein. The question of casual leave has been discussed and decided in paragraph 11(5) at page 2088 of the award. It states that the First Award allowed casual leave for 5 days on full pay for all categories of manual workers and a part of the clerical staff used to enjoy casual leave for 10 days with full pay under the Bengal Shops and Establishments Act. The Association objected to the existence of casual leave for the manual workers on the ground that these led to absenteeism, causing dislocation of work in the factory. On a consideration of the matter, the Tribunal decided as follows:—

"(1) Manual and clerical workers within the meaning of the Factories Act shall not be allowed any casual leave with pay as before. They shall, however, be entitled to casual leave without pay as in the case of the jute workers for 10 days in a year.

(2) The clerical employees employed in the office shall get casual leave with pay for 10 days in the year.

(3) The other manual and clerical employees, that is to say, those employees who are not workers within the meaning of the Factories Act and are not clerical employees in the office, shall not get any casual leave with pay as before, but shall get casual leave without pay for 10 days in the year."

15. Those employees who are deprived of the existing benefit of casual leave with pay by this award shall get a lump payment of 10 days' wages who used to get 10 days' casual leave and 6 days' wages for those who used to get 5 days' casual leave by way of compensation for withdrawal of the benefit of casual leave with pay, with effect from the date of the operation of this award. This lump payment shall be made to the workers concerned 15 days before the Pujas. The award clearly shows that the Bengal Millowners' Association, which was described as the Association, in this paragraph objected to the existence of casual leave for the manual workers on the ground that this led to absenteeism, causing dislocation of the work in the factory. This objection related to all the workers in the Industry. It was not disclosed that in the case of some of the mills within their representation, this objectionable system of casual leave with pay did not exist, owing to their taking some advantage with effect from the date when the 1948 award lapsed. The Tribunal, therefore, proceeded on the footing that all the workmen in the Industry enjoyed the casual leave with pay for 5 days and the 3 paragraphs mentioned above, show that two of the groups have been deprived of their casual leave with pay and have been given casual leave without pay for a certain period and one group of employees, being the clerical employees employed in the office, have been allowed casual leave with pay. The Tribunal grants the lump sum payment by way of compensation to the extent of 10 days' wages in the case of some workers and 6 days' wages in the case of others for withdrawal of the benefit of casual leave to those employees who are deprived of the benefit of casual leave with pay by this award. The Tribunal clearly means that these employees are those mentioned in categories (1) and (3) in the paragraph 11(5) of the award. It should be clearly understood that by the expression "those employees who are deprived of the existing benefit of casual leave with pay by this award" means the employees mentioned immediately above the sentence in sub-paragraphs (1) and (3) of paragraph 11(5). The award does not contemplate any employee or group of employees who are not covered by the 3 groups (1), (2) and (3) mentioned in paragraph 11(5). The award, therefore, covers all employees in the Industry in this paragraph and all employees in the categories (1) and (3) in this paragraph shall be paid the lump sum payment in lieu of casual leave as mentioned in this paragraph according to its provisions. This question is accordingly answered.

(ii) Whether the Mills covered by the First Major Cotton Textile Tribunal Award of 1948 and the present award of 1958, which had discontinued graded increment as awarded under the 1948 award after it lapsed, are under obligation to grant the increments to the clerks under the present award after adding the increments under the first award which had been discontinued as stated above.

16. As stated above, the First Award laid down incremental scales of pay for non-Matriculates and Matriculates. The learned Standing Counsel for the Bengal Millowners' Association argued that the scale of wages fixed for the clerical staff in the Cotton Textile Industry was very satisfactory and that the provisions of the First Award in regard to basic wages of the clerical staff should continue undisturbed. It was awarded that the grade scales of all the Clerks in the Cotton Mills did not require revision and that grade scales of basic wages of the clerical staff of the Cotton Mills will continue as awarded by the First Award. It, therefore, appears that the Bengal Millowners' Association

did not disclose to the Tribunal that there was any Mill within their representation which had discontinued graded increments as awarded under the 1948 award after it lapsed on 31st July 1949. The learned Standing Counsel for the Association stated that the incremental scales fixed by the First Award were quite satisfactory and should continue undisturbed. These incremental scales as fixed by the First Award were directed to be continued in respect of the clerical staff in all the Mills in the Industry by the 1958 award. This award, therefore, proceeded on the basis that the incremental scales with annual increments and efficiency bar were in operation undisturbed till the date of the commencement of the operation of the 1958 award and these incremental scales were to continue under the award. The answer to the question is that the incremental scales, as allowed by the 1948 award, are to continue undisturbed and that the mills which had discontinued graded increments as awarded under the 1948 award after it lapsed are to grant basic wages to the Clerks as if the incremental scales continued undisturbed. These mills which had discontinued the graded increments are under an obligation to grant increments to the Clerks under the present award on consideration of previous increments in the scale as also the efficiency bar. This question is accordingly answered.

(iii) Whether the mills covered by the First Major Cotton Textile Tribunal Award of 1948 and the present award of 1958 which discontinued granting of sick leave with pay as awarded under the award of 1948 after it lapsed, shall continue to pay sick leave with full pay for 15 days in a year as directed under the present award of 1958.

17. The question of sick leave has been discussed and decided in paragraphs 11(6) and 11(7) at page 2089 of the 1958 award. The award states that all employees are entitled under the First Award to sick leave with full pay for 15 days in the year. The Calcutta and Howrah areas are governed by the Employees State Insurance Act. Other places in West Bengal (e.g., 24-Parganas and Hooghly), where a large number of mills are situated, are not at the moment covered by the Employees' State Insurance Scheme. The award directs that in those areas, the existing practice of sick leave with pay shall continue. The learned Standing Counsel for the Association pointed out that it has been the experience of the Industry that the provision of sick leave on full pay is abused by the workers and this results in improper absenteeism and unnecessary dislocation of work and the learned Standing Counsel stated that there should be proper safeguards against such contingencies. To guard against abuse of sick leave, the award provides that in respect of workmen in areas where the Employees' State Insurance Act is not in operation and the provision of sick leave on full pay for 15 days in the year is applicable, manual workers who do not avail of any portion of the period of sick leave during the year shall get the wages for such portion of the sick leave as was not availed of.

18. The question is whether the mills which discontinued granting of sick leave with pay as awarded under the First Award of 1948 after it lapsed, shall continue the grant of sick leave with full pay for 15 days in the year, as directed under the present award of 1958. The Unions claim that all the mills should, under the directions of the 1958 award, allow sick leave with full pay for 15 days in the year. The Bengal Millowners' Association states that there are some mills in their representation which discontinued grant of such leave with full pay after the First Award of 1948 lapsed on 31st July 1959. It is claimed by the Bengal Millowners' Association that the provisions of the award for grant of sick leave on full pay under paragraphs 11(6) and 11(7) of the award should not apply to the case of these mills. As mentioned in the case of the previous two items of this question, it was not disclosed during the proceedings of the Tribunal, that there are such mills which had discontinued the grant of sick leave with full pay after the First Award lapsed in 1949. The award proceeded on the basis that all the Mills in the industry continued to grant sick leave as awarded by the 1948 award. The learned Standing Counsel for the Bengal Millowners' Association only argued that there should be some provision to safeguard against the abuse of the benefit of sick leave of 15 days in the year. It is, therefore, clear that the award proceeds on the basis that all the Mills situated in areas where the Employees' State Insurance Act is not in operation, shall grant sick leave on full pay for 15 days in the year, and pay wages for the unavailed portion of the sick leave to the workers. This question is, therefore, answered in the affirmative.

19. I shall now consider the argument of the learned Advocate for the Bengal Millowners' Association contending that on the discontinuance of the provision of casual leave, sick leave and annual increments after the lapsing of the First Award in 1948, a Mill was not bound to grant this benefit to the workmen. I would consider the claim to be wholly unworthy of support. It has been decided by the Hon'ble Supreme Court in the case of Burn & Co. Ltd., reported in 1956 L.A.C., 799, that an adjudication does not lose its force when it is repudiated under section 19(6) of the Industrial Disputes Act, and that every award is to be considered to have a long-term operation and they are liable to be modified only by change of circumstances upon which they were based. The same is the opinion of the Hon'ble High Court at Bombay, as enunciated in the case of Mangaldas Narandas, reported in 1957 (II) L.L.J., 256, where it is stated that the termination of the award has not the effect of extinguishing the rights flowing therefrom. It is also observed in the case that the effect of termination of the award is only to prevent enforcement of the obligation under the award in the manner prescribed, but the rights and obligations which flow from the award are not wiped out. Termination of the award or lapsing of the award has not the effect of wiping out the liabilities flowing under the award. The same is the opinion of the Hon'ble Kerala High Court as [illegible] in the case of Kumarswami, reported in 1958 (II) L.L.J., 72. The learned Advocate for the Company pointed out that the provision for termination of an award under section 19(6) was made by an amendment of the Act in 1950, and that there was no

provision for termination of an award at the date when the award of the Omnibus Cotton Textile Tribunal was published in 1948 and that, therefore, the decision of the Hon'ble Supreme Court in the case of Burn & Co., and the other decisions did not apply to the present case. It is true that amendments were made in section 19 of the Act in 1950, by which a provision was made for continuance of the award until it was repudiated under section 19(6) and that, before this amendment was made, there was no provision for continuance of an award beyond the period of operation as prescribed by the appropriate Government in accordance with the provisions of the Act. This fact, however, has no effect on the question at issue. It will be observed that the Hon'ble Supreme Court in the case of Burn & Co., approved and accepted the view taken by the Hon'ble Appellate Tribunal in the cases of the Army & Navy Stores, Ltd., Bombay, reported in 1951 (II) L.L.J., 31, and Ford Motor Car Co., of India Ltd., reported in 1951 (II) L.L.J., 231. In these cases reported in 1951 (II) L.L.J., 31 and 231, it was decided by the Hon'ble Labour Appellate Tribunal that awards made in January 1948 and May 1948, were to continue to be effective even beyond the period of their operation unless there was a change of circumstances on which they were based. It may also be mentioned that the decision of the Hon'ble Bombay High Court mentioned above followed and is based upon a decision of the Hon'ble Calcutta High Court in the case of Judhisthir Chandra versus Mukherji, reported in A.I.R., 1950, Cal. 577, which also ruled that although the previous award had become ineffective in May 1949, by the passage of time, the rights flowing therefrom had not been wiped out. It is, therefore, clear that the decision of the Hon'ble Supreme Court as well as of the Hon'ble Bombay High Court do not make any difference as to the existence of section 19(6) of the Act or otherwise in the decision of the question at issue. That being so, it is clear that although the award of the First Cotton Textile Tribunal was ineffective by passage of time beyond July 1949, the rights flowing therefrom were not wiped out. It is, therefore, clear from what has been discussed above that the rights flowing from the First Award of 1948 were not wiped out till it was substituted by another award or a settlement, and the employers were under the law bound to grant the benefits of casual leave and sick leave to all workmen and incremental grade scales of basic pay to the clerical staff even after July 1949. The present award of 1958, while being based upon the existence of these benefits, at the date of the proceedings before the Tribunal, according to the pleadings of the parties, could also under the law presume the benefits to be in existence. No claim can, therefore, be made on an unauthorised discontinuance of the benefits of the First Award.

Question No. 4: Whether operatives other than those employed in Engineering Sections are to be paid a general increase of Rs. 8.02 nP. in view of the increase in the basic wage from Rs. 20.15 nP. to Rs. 28.17 nP. granted under the present award of 1958 irrespective of their total basic wages existing prior to the 1958 award?

20. The question is if the operatives other than those employed in the Engineering Section are to be paid a general increase of Rs. 8.02, in view of the increase in the basic wage from Rs. 20.15 to Rs. 28.17 granted under the present award of 1958, irrespective of the total basic wages existing prior to the 1958 award. The Unions claim that the necessary intendment of the award is that the operatives other than those employed in the Engineering Section are to be paid a general increase of Rs. 8.02, irrespective of their total basic wages as existing prior to the date of the award. The Association, in its written statement, states that the Tribunal made it clear that except those of the Engineering and Bleaching and the Finishing Departments, all other operatives in other Departments of the Textile Industry in West Bengal shall be entitled to a rise in the basic wages from Rs. 20.15 to Rs. 28.17, differentials remaining the same as in 1948 award, with effect from the coming of operation of the present award The Tribunal is perfectly clear in stating that the increase in the Engineering Section only would be to the extent of Rs. 8.02 and rates of wages of other operatives shall be raised to the level "indicated by the Tribunal in Appendices VII and VII(a)", and in doing so, appropriate increase is to be made to raise the standard of the basic wage of such operatives to the level already fixed by the Tribunal, irrespective of the basic rate existing prior to the award of 1948. The Association states that the operatives other than those employed in the Engineering Section are not entitled to a rise higher than Rs. 28.17 with or without the added differential and the wage rates of such operatives will have to be pulled up to the awarded basic wage if it was below the figure prior to the award of 1958, and higher basic rate thereafter shall be decided by the employers on consideration of various factors, a pointer to which had been laid down by the Tribunal itself. The Tribunal has also made it clear that the omission to mention any particular type of workman in the award would automatically bring the basic rate of wages of the workmen, irrespective of the inclusion of the figure intended by the Tribunal. There is no vagueness or ambiguity in the award itself. The Tribunal would not be justified at all if new incorporations are made now. The Unions contend that according to paragraph 7(9) of page 2074 of the award, consequent on the fixation of the lowest basic wage of Rs. 28.17 per month in place of Rs. 20.15 per month as existing previously, there would be an increase of Rs. 8.02 in the wage of all categories of workmen. The scales of wages as obtaining in the Industry prior to the 1958 award, appear in Appendices B and B(1) to the First Award. In these charts, N means the lowest basic wage of Rs. 20.15 and the number mentioned beside it means the sum to be added to it to arrive at the resulting basic wage for a particular category of worker. The present award states at paragraph 7(9) as follows: "It is awarded that with a view to maintain the existing differentials there shall be an increase of the scales of basic wages of all categories of manual workers as awarded by the First Award to the extent of Rs. 8.02". In the result, N in Appendices B and B(1), shall represent Rs. 28.17 in place of Rs. 20.15. The new standardised basic wages appear in Appendices VII and VII(a) to

this award. It is awarded that subject to what is stated below in respect of smaller and uneconomic mills, the claim of basic wages mentioned in Appendices VII and VII(a) shall be applicable to all workers concerned in all other Cotton Mills in West Bengal that are involved in this proceedings except the Clerks. Basic wages of a worker of a particular category shall be raised to the level mentioned in Appendices VII and VII(a) by payment of an appropriate increase. The award shall not, however, affect any basic wage that is already in excess of the sum awarded for the same category of worker and the worker concerned shall continue to enjoy such a wage. The award is clear that an increase of Rs. 8.02 is given to the scales of basic wages as awarded by the First Award. For this reason, N in Appendices B and B(1) of the First Award has been made to represent Rs. 28.17 in Appendices VII and VII(a) of the 1958 award. The new standardised basic wages on such an increased level appears in Appendices VII and VII(a) of the 1958 award. It is also stated clearly that the basic wages of a worker of a particular category shall be raised to the level mentioned in Appendices VII and VII(a) by the payment of an appropriate increase. It is, therefore, clear that this paragraph VII(a) deals with the wages of the workers of the categories mentioned in Appendices B and B(1), to the First Award, being the same as Appendices VII and VII(a) of the 1958 award. The operatives are to get the wages up to the level as mentioned in Appendices VII and VII(a). They are not necessarily to get a flat increase of Rs. 8.02 in the month. This increase of Rs. 8.02 is available only in the case of a worker who was getting the wages at the scales mentioned in Appendices B and B(1). For those who were getting a slightly higher wage than that mentioned in Appendices B and B(1), his wage shall be pulled up to the level mentioned in Appendices VII and VII(a) of the 1958 award by an appropriate increase, which may be less than Rs. 8.02. It is also mentioned in paragraph 7(9) of the award that the wage levels mentioned in Appendices VII and VII(a) shall not affect any basic wage that is already in excess of the sum awarded for the same category of workers, and the worker concerned shall continue to enjoy such a wage. A flat increase of Rs. 8.02 has been allowed only in the case of the workers in the Engineering Section in all the mills and those in the Bleaching and the Finishing Sections in some of the mills where they exist. Paragraph 7(13) at page 2077 states that for the rest of the workers who do not find place in the scheme set forth in Appendices VII and VII(a) and have not been specified separately, basic wages of such workers shall be determined by the employers concerned, subject to the condition that the basic wage shall not be less than Rs. 28.17 per month and that higher basic wage, consistent with skill, attention, strain or dexterity required for the job shall be fixed by the employer concerned. These provisions exhaust the entire body of operatives working in the Mills in the Industry.

21. It is, therefore, clear that operatives other than those employed in the Engineering Section are not to be paid a general increase of Rs. 8.02, in view of the increase in the lowest basic wage from Rs. 20.15 to Rs. 28.17 granted under the award of 1958, irrespective of their total basic wages existing prior to that award. This question is answered accordingly.

Question No. 5: Whether the lump payment with regard to casual leave under the 1958 award has to be made by the Management before the Pujas every year and not only in 1958.

22. The question is whether the lump sum payment with regard to casual leave under the 1958 award has to be made by the Management before the Pujas every year and not in 1958. All the Unions suggested that the answer shall be in the affirmative and the Bengal Millowners' Association also suggests that the award clearly indicates that the compensation for withdrawal of the benefit of casual leave with pay existing on the date of reference in lump sum payment shall have to be made each year before the Pujas in each calendar year for which the payment is made and that shall continue from year to year. The Association also states that the award as it is does not call for any clarification on this issue at all and this question does not arise.

23. In paragraph 11(5) at page 2088, it is stated that the lump payment in lieu of casual leave shall be made to the workers concerned 15 days before the Pujas and shall be calculated at the rate at which the worker was being paid in the month of August of the calendar year to which the payment relates. This question is, therefore, answered in the affirmative.

The State is developing fast. There are various schemes relating to roads, buildings, industries, agriculture, irrigation, etc., with which the members of the State Legislature should be familiar. With this object in view, it is proposed that all members of the State Legislature should be provided with free travel facilities over railways up to a limit of 3,000 miles a year over and above the travelling allowance that is admissible to a member under the existing rules for attending a session of the Legislature or of a Committee of the same. This will enable them to see things for themselves.

2. The Railway Board was approached with the request to issue railway mileage coupons for this purpose and they have agreed to the same, subject to certain conditions which will be specified in the rules to be made under the Act.

(22) Kanan Bala & ors., Petitioners vs. Kamala Rice Mill Ltd., Employers (Case No. 344/58).

All the aforesaid applications under section 33A of the Industrial Disputes Act, 1947, were tried up analogously at the desire of the parties and for the sake of convenience. The original reference out of which these applications have arisen was awarded on 30th December 1958.

In all the cases the common allegation is that the petitioners were discharged by their employers without following the provisions of the Industrial Disputes Act, and also thereby altered to their prejudice the conditions of service immediately before the commencement of the main proceedings. The case of the employers is that there was no violation of the provisions of section 33 of the Act and, as such, the applications are not maintainable. It was also stated that as it was not possible for the employers to procure paddy at a reasonable price, the milling remained stopped and, as such, work could not be given to the petitioners.

Point for decision

Are the applications maintainable? To what relief, if any, are the petitioners entitled?

DECISION

Point No. 1: At the outset, I would mention that in the case Nos. 353/58, 363/58, 355/58, 348/58, 354/58, 361/58, 351/58, 358/58, 364/58, 346/58, 340/58, 341/58, 343/58, 345/58, 357/58, 347/58, 352/58, 362/58 and 350/58 the petitioners stated that they were reinstated by the employers and, as such, their prayer for reinstatement will stand withdrawn (vide petition, dated 22nd August 1959). So in all the cases we are to consider the other prayer regarding wages from the date of discharge to the date of reinstatement. In the other three cases, viz., 359/58, 354/58 and 344/58, we are to consider the prayer of reinstatement and wages as claimed.

P.W. 1, Sm. Basanta Bewa, has said in her evidence that she was retrenched in the month of Chaitra, 1364 B.S., and was re-employed in Chaitra 1365 B.S. She has further stated that she was retrenched on account of Union activities. In the cross-examination she has added that the Mill did not run during the period of their unemployment. P.W. 2, Shri Maity, has said in his evidence that he was retrenched and for the same he got the letters, Ext. A and Ext. B. In the letter, Ext. B, it was stated by the Rice Mill concerned that Shri Maity was to be laid off as the milling could not be commenced, there being no improvement in the situation. On the side of the Mill the allegation is that as paddy could not be procured at a reasonable price so the milling had to be closed. O.P.W. 1, Shri Ganguly, the President of the Calcutta Rice Mills Association, has said in his evidence that they could not give work to the petitioners as the Mills were kept closed for want of paddy. In the cross-examination he has added that the petitioners were casual workers and they employed them when there was paddy in the mills, and they did not get any work if there was no paddy in the mills. Further he has admitted that they did not file any petition under section 33 of the Act for discharging the petitioners as they were casual workers. If the evidence of this witness is believed, then the position comes out clear that the petitioners were laid off and could not be given any work for want of paddy. In this connection I would refer to the evidence of P.W. 1, Sm. Bewa, who has clearly said in the cross-examination that the mills did not run during the period of their unemployment.

The allegation of the Mills that paddy could not be procured at reasonable price and, as such, the workers including the petitioners had to be laid off is not found to be quite incorrect.
